Mr. Franklin D. Roosevelt
President of the United States
White House
Washington, D. C.

Dear President Roosevelt:

We just received a letter last evening that caused us to be so happy to know you are in sympathy with these poor people. We hope you and Mrs. Roosevelt will enjoy the birthday presents from these poor people. The little presents were a token of their love. Many prayers were prayed over that quilt for you.

We hope to have in Washington very soon the letters that have been sent to our office from these poor women and children, that have been put out doors, many have lost their homes, mothers and children put outdoors, husbands out of work, gas and lights cut off with no work in sight.

We are praying that God will enable you to help us. This group of nine hundred women with over four thousand dependents are praying for you. We are trying to work out some program that we might submit to you that you might help us along the line of housing these poor people that are now out of doors, because they are not able to pay their rent and have no jobs.

We have taken this matter up with Mr. John B. Elliott and received a very encouraging letter from him stating that he had submitted our pleas to the investigating committee.

Honorable President, we have in our station dressmaking dept., cafteria, rug making, mattress making, bakery dept., laundry, shoe-making, barber etc. Now we are asking that some plan be worked out so that these poor people might earn their living by the sweat of their own brows. Now this building we have now, to operate this station was donated to us two years ago to help care for the unemployed by the American Bank and the whole building can be taken over by a lease that these poor people might make their own jobs. Now we would ask of you to send an investigator from Washington that he might report to you what we are trying to do, and I believe by your help a great good can be done in this city for the poor and needy. I await an early reply.

Respectfully,
Emma Cotton

SEARSPORT, MAINE

Jan. 25-34-

Dear Mr President:-

The weather man has played Havoc in Maine this winter. 42° below on my porch - with quick changes to let the Plumber work every where.

We have been celebrating birthdays here - One Captain eighty three - he has been written up in a magazine, by a man who was once one of his sailors, now famous as a writer. Not Lincoln Colord.

Please forgive me, if what I say, might read to you, as it ought not - but my interest is so deep, for the success of this administration, that oft times the straws of a small community show how the wind blows. We need Gov. Brann another term, even tho he might be given a better job. If he is not elected, I shall never vote again except for you.

Which ever way I vote, am no better off personally. Your birthday gifts - notes etc. - will be many, may each one bring you added courage - and joy - if the time ever comes right - I want you to have, if you

do not use - two canes, "like you carry) that belonged to two of the older generation of famous Sea Captains in the Curtis family, and since I have been in the family, loaned to Captains, or their wives, in their need. They each came from another Country.

May God Bless you continuously.

TIGER BRAVES HAIL FARLEY AT FINN PARTY

Flynn Also Acclaimed as Political Workers Discuss Successor to Curry.

GET ROOSEVELT PICTURE

Guests at Dinner Surprised by "Favor"—Victory for Roosevelt Faction Seen.

By GEORGE MORRIS,
World-Telegram Staff Writer.

James A. Farley and Edward J. Flynn, whose break with Tammany was completed last fall by their support of the Recovery Party, were back in high favor with Tammany adherents today, if the display of enthusiasm for them at Sheriff *Daniel E. Finn's second jury panel dinner at the Biltmore last night is a criterion.*

Mr. Farley, attending his first Tammany function since last summer, and Mr. Flynn, present at a Tammany gathering for the first time since the Democratic National Convention in June, 1932, were the heroes of the evening. Their hands were pressed and their backs were slapped by hundreds of the Tammany faithful.

Two Big Surprises.

The enthusiasm shown by Dan Finn's guests for Mr. Farley and Mr. Flynn was one of the evening's two major surprises. The other was the nature of the favor given to each of the diners.

The favor was contained in a neat square box. It might have been a book, it might have been a calendar, or it might have been a picture of Tammany Hall. It was none of those. It was a picture of President Roosevelt in elaborate and expensive leather binding.

Some of the guests gasped on opening their neatly wrapped packages. They decided it meant that there were members of Tammany who felt very kindly toward the President.

Mr. Curry Goes South.

John F. Curry, though invited to the affair, was absent. He took an afternoon train back to the Florida vacation he abandoned when John H. McCooey's death brought him hurrying North to attend the funeral. But Mr. Curry's opponents in the Hall were present in great number. They no longer found it interesting to discuss the subject of when and if Mr. Curry would be ousted, but concentrated on the identity of his successor.

When they reviewed the evening's developments many party leaders today spoke of it as one of the most significant political developments since the November election. It meant, they said, that the Roosevelt administration has won a complete victory over the last faction of the Democratic party to stand out against it.

Honorable Sir:

The making of the "Rope People" which come to you under separate cover as our birthday gift to you and yours delighted me intensely for many hours.

Delighted me because I trusted the pleasure they might give you, would, in a small degree express our deep gratitude for the way you have augmented my happiness and that of my family.

For more than three years I had to support the little ones whose pictures I take the liberty of enclosing, by making and selling these little "Rope People" in the open streets when and where police regulations would permit.

Now, thanks to you and your splendid program of social justice, we can count on twelve dollars each week which I enjoy producing for my brood with a pick and shovel on a local C W A project.

Which means that we can get along nicely and that I still have leisure enough to make these "Rope People" to send as tokens of my deep appreciation, to the many

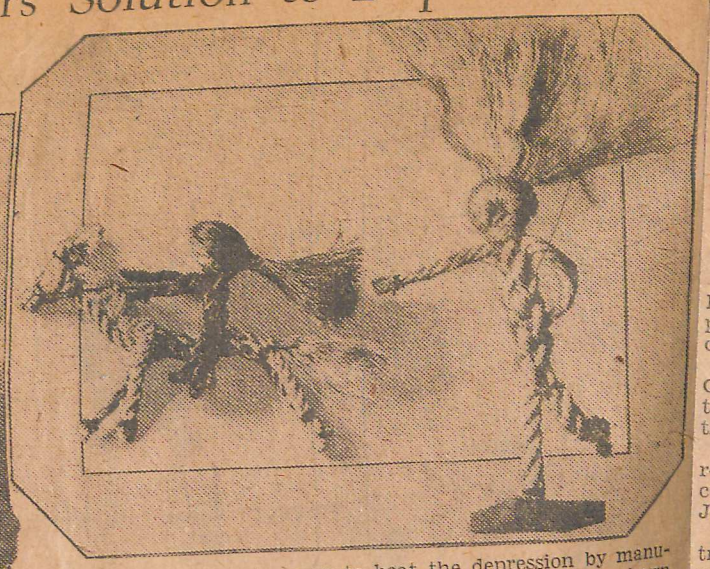
Here's Writers Solution to Depression



Dave Conrad has found a way to beat the depression by manufacturing weird objects out of rope. His latest creations are shown at the top.

Jobless Reporter Turns Rope Into Dolls and Toys

Having been an inquiring reporter in other days, David Conrad gave close attention when he reached the end of his rope.

He saw the rope had possibilities.

Twisting it and turning it, he found he could fashion the hemp into bizarre dolls and toys.

Today, he is introducing his modernistic hemp creations to Pittsburgh and for the first time in many months, is making a living.

Jean Valjean Paralleled

His story dates back to Philadelphia when he lost his position on a newspaper and found it impossible to get another job. About his only stock in trade was a piece of clothesline. Like Victor Hugo's Jean Valjean, Conrad made a few knots and a couple of bow ties with the rope and discovered he had a likeable figure.

In a few hours, he worked out several designs and figures suitable for creation in rope. He sold the dolls on the street until stopped by police.

Hitch hiking to Pittsburgh, with but 35 cents between him and hunger, Conrad set up trade here.

Cheap, But Appeal to Rich

"Manila rope dolls are proving popular," he said. "Although I sell them cheaply, I find it's the artistic and wealthy people who buy them in preference to the poor. They are a fad, but if they stay popular a while longer, I'll be able to support myself and my family."

Among his models are a horse and rider, a dancing doll, a hula hula queen, a long-legged girl jumping rope and a doll climbing a ladder.

POLL TAX RULES TO BE CLARIFIED

Informal Opinion Validates Any Receipt Dated in Last 2 Years

County Solicitor Lesher today promised to make public a written opinion advising Allegheny County taxpayers of their voting requirements.

In an informal ruling given to Commissioners yesterday, Lesher said any state or county tax receipt, dated within the last two years, will meet suffrage requirements.

Commissioners Armstrong and McGovern both said they had been besieged by voters who were confused by the new uniform poll tax law.

INTERSECTION TO GET LIGHT

Resident Points Out Many Accidents Were Narrowly Averted

A "Stop and Go" traffic light will be installed at Fifth and South Negley Avenues, Traffic Engineer Lewis M. McIntyre said today, after Mr. Fixit of The Press brought a complaint to his attention.

"The light for this intersection is under contract and will be installed soon," he said.

The complaint was received from A. F., 5400 block Hobart Street, who pointed out that many accidents at Fifth and South Negley Avenues are averted by "narrow margins."

Makes Rope Dolls to Amuse Child Patients

—Post-Gazette Photo.

Tedious hours have been brightened for child patients in Mercy Hospital of late by the ingenuity of David Conrad, himself a patient, who makes dolls out of rope for the youngsters. Grateful for the care he received from hospital attaches, Conrad offered to make the dolls as gifts for the children. He is shown above illustrating his art to Yolando Petisio, 10, who, in spite of her illness, finds the little "men and women" a keen source of enjoyment. Boys, girls, acrobats and animals are made from the hemp strands by Conrad.

Mr. Ernest F. Coe

Miami, Fla.

Dear Sir:

Every intelligent American should be interested in preserving our rapidly disappearing areas of natural beauty where wild life, great and small, of feather and fur, may find sanctuary and thus be retained for the education and pleasure of the many generations to come.

Certainly the Nation needs to round out its all too few national park areas on the eastern seaboard by establishing for all times and for all generations this splendid semi-tropical treasure house of nature on the toe of Florida, the Everglades National Park.

There is nothing like it in Europe, Latin America or the United States --- indeed, the only approach to it in interest and rare beauty of untouched jungle, of exotic plant, flower and tree life, of birds and animals in their pristine habitat, is the Kruger National Park in South Africa.

Tens of thousands of our citizens, old and young, annually travel to see and enjoy our great parks in the north and west, with their snow capped peaks and amazing geological formations -- then return to their homes better Americans, proud of their country.

Great numbers likewise will come to Everglades Park to see for themselves the tropical contrasts our country owns, within our national borders.

Those men and women who have so unselfishly and generously given of their time and unswerving effort to establish Everglades Park should have their names in letters of golden sunshine when park history is written.

Sincerely yours

Dear Mr. Coe:

Gliding across the many colored waters of Florida Bay this warm summer-like afternoon in late November I seem to have been transported to Fairyland where there is no such thing as worry and depression. A complete mental and physical relaxation and the feeling that I could float, in a fairy boat, forever and a day.

In the heart of nature with nothing but beauty on every hand. The smooth water studded with green islands and the graceful plumes of coconut palms and other tropical trees standing out against the blue and white of sky and cloud.

Returning from a week's cruise through tropic islands, up and down beautiful inland rivers between canyon-like walls of solid green, bathing and shell hunting on sandy beaches and watching the Herons, Pelicans, Cormorants, Ibis and other water birds returning to their roosting places just before sundown, something new and wonderful every hour of the day.

Impossible to think of unpleasant things under these conditions and we return with smiling faces and the feeling that this isn't such a bad old world after all.

Among all the parks and pleasure resorts there is probably no other region where there is so much that is different and fascinating, where the climate is ideal and where one can find pleasure through every month in the year.

January 24, 1934.

His Excellency,
Franklin Delano Roosevelt,
President United States of America,
The White House, Washington, D. C.

Dear Mr. President:

1. Hurrah for your revamping that National Democratic Organization at the head of which was Mr. Jim Farley. I am not on any payroll, but I am sanguine for the success of your Administration. You were born January 30, and I was born January 24, so I know that you are GENUINE interiorly. Please find time to read this letter. I am sending you a copy of THE NEW-X*RAY OF LIFE for your birthday. Page 171.

2. Before the World War, there were only 4,500 millionaires in America. In March 1932, there were 40,000 millionaires in America, of whom nearly 38,000 were Republicans. How can you account for so many more Republicans being millionaires? Twelve consecutive years of Republican Administration, from Harding to Hoover, during which period, high-handed and high-powered whole-sale grafting, unparalelled in the history of the world, was practised among the high officials of the Government, is the TRUE REPLY. Contemplate on the FACTS which have been revealed to the PUBLIC how Hoover's Post-master General, Walter E. Brown, like a high plumage hawk, plundered the Government by secret contracts for AIR COMPANIES, so that his secret profits will or can never be known; but if Sacks with only $40. could make more than $5,624,000; Rentschler with $207 cleared $7,800,000, etc, what gigantic PROFITS would Brown himself must have made! Then Senator David Reed of Pennsylvania, filibustered in the Senate LONG ENOUGH to help their Post-master General Walter F. Brown complete his last neferious AIR-SUBSIDY-CONTRACT before retiring from office. Those high-handed, high-powered plunderers of the Government today are your silent but rancorous enemies. They are at work among your key-men through brazen lobbyism, both to teach the ART of GRAFTING and rob the public as well as to undermine your ADMINISTRATION, then clap, shout and cry hurrah!! The Morgans, Melons, Rockefellers, Fords, Mills, Hoovers, Browns, etc, are NOT your friends. They will NOT attack YOU, but they are working through secret agents to undermine and frustrate your efforts to bring back prosperity.

3. Mr. President, I was born, reared and educated under the British flag. I arrived in New York at 22 years of age. I have whipped nearly all intellectual competitors in college and the last set of those whipped had been the Johns Hopkins physicians before the Maryland State Medical Examination Board. That is to say, I made a higher average than any and all of them, except ONE applicant. Hence, I am no novice in educational matters, and cannot take off my hat in English to any of those pretentious cut-throat chaps, who have the approval of the public. If I could get a PRESS, to write my articles and publish them, it would require about 25 years more before any Republican President would mount the White House steps again. Most of the Republican newspapers will NOT publish my articles. Mr. President, those 38,000 Republican millionaires and numerous subsidiaries and corporations could be well disjointed. For instance, I wrote to members of Congress, regarding the Railroads, and suggested that NO RAILROAD, whose Presidents were drawing a higher or equal annual salary to the President of the United States should not be allowed any Reconstruction Corporation LOAN. And I have many IDEAS for telephone, Radio, grocery-chain-stores etc, which would help your men in Congress, as it seems they are too pressed to think out appropriate IDEAS by which those many rich Republicans will let lose the money they have grabbed from the public. This sweater is a spontaneous expression of gratitude from the women of the C. W. S. Knitting Project now being carried on at the Calvin Cooledge School in Melrose Mass. These women persuaded their superintendent to allow them to make this gift, expressing a desire to pay, out of their meager earnings, for the wool from which the sweater was to be made, and for the postage on the package, so that each might have a share in the gift.

The senior member of the group was chosen to knit the sweater, and the garment was completed after working hours.

As Director of the C. W. S. of Melrose I feel that you will appreciate this voluntary tribute to you for the splendid work you are accomplishing

To Honorable Franklin D. Roosevelt,
President of the United States
White House
Washington, D. C.

Honorable Sir:

The quilt herewith sent to you was quilted by Social Service Workers of the City of Woodward, on their own time and from materials purchased by their own funds.

It is sent to you with grateful hearts by these women who appreciate deeply your efforts to furnish them work by which they were enabled to feed and clothe their children, keep them in school and have other comforts of life.

Without this opportunity for work, many of these children would have gone hungry, cold and naked in a drouth stricken area in a time when they could not help themselves.

May you have many happy returns of your birthday, and may your health and spirit keep up, so that you may continue to serve the great people of this Nation.

No one person contributed more than 25c, so that you may know that no great sacrifice was made---for we know you would not be happy if you knew someone went hungry for you.

To these good women it was a labor of love for the man who understands the heart of the Nation, and who is willing to go to great lengths that our own people may be fed and clothed; that they might be prosperous and happy.

The Women's Democratic Club of Woodward, Mrs. Bessie Houston, president, contributed the materials. (Mrs Houston is a granddaughter of Gen. Sam Houston, president of the Texas republic.)

These women did the work: Mrs. J. D. Gray, supervisor; Mrs. June Bishop, Mrs. Orpha Hamilton, Mrs. R. L. Moore, Mrs. Hulda Hudson, Mrs. Bert Tilford, Mrs. Elizabeth Haines, Mrs. Mattie Qualls, Mrs, Kaye Cunningham, Mrs. S. G. Clarke, Mrs. Chas. Andrews, Mrs. R. D. Ulrey, Mrs. Lula Lucas, Mrs. Calvin Brindley, supervisor of quilting, Woodward, Okla.

There are 1840 pieces, and 648,000 stitches in the quilt, each done with a wish for your happiness and joy.

Respectfully,

G. A. Crossett

Franklin D. Roosevelt,

Dear President;

This letter is to let you know that within the next few days you will receive a package by parcel post from me. This package will contain a waste basket for you and a cookie tray for our first lady of the land "Mrs Franklin D. Roosevelt". I made these two baskets myself and I do hope you and Mrs Roosevelt will like them. I have been blind for almost twenty six years. I lost

my sight studying chemistry
but I feel it a great pleasure
to make a basket for such
a wonderful man as you are.
I think you were a God
send to our nation for the
wonderful and marvelous
work you have performed
since you have been our
president. You have done
more in the short time
that you have been in
office than Mr Hoover or
any other president ever
thought of doing. I hope
God will give you health
and strength to keep up
your marvelous work as you
are our Democrat that
lived up to his promise
and our nation will need

you for a good many more
presidential terms to come
I for one will be out to
work for you. I wish that
Illinois and especially Chicago
where I live had a few
self made men like you with
true Democratic blood in
their veins like you have
and maybe Illinois and Chicago
would clean up what I call
some of their grafters. This is
why I say this Mr Roosevelt,
you see me being blind as
I told you, my husband
has been laid up with
heart trouble for over two
years, I have four children
three girls 14, 11, and 9 years of age

and one boy who will be 13
years old on the 22nd day of
this month. For the last
eight years I have been
receiving a mothers pension
of seventy dollars per month
for these four children.
That is when the county has
the money to send out. The
last money we received two
weeks ago was for March, 1933
They gave me $35 and kept
$35 to turn over to the Governors
Relief for groceries they have
been giving us. I still owe
$160 yet for groceries and if we
receive a pay day before Christmas
they will keep half of that.
You see Mr Roosevelt when
I need groceries, milk, coal,
shoes or clothing for the

Childen the county gives
us slips for which ever
item we ask for, these
slips are called governors
relief slips and when we
present them at the stores
to purchase what we want
the clerk will say "oh you
can not have this or that
as this is charity when I
tell him I have to pay
for it out of my pension
check he says it dosn't
make any difference their
all considered charity now
Mr Roosevelt you see that
is why I mentioned Illinois

you to mention to any body
that I sent you this letter
or these baskets if the
pension department in
Chicago thought it could
make any work like this
they would take me off
the pension list and tell
me to stand on the corner
and sell these baskets
and you know how much
support I could accind out
of that kind of work as
nobody has any money to
buy them. Mr Roosevelt
I wonder if you could drop
me a card and let me know
if you receive these
baskets O.K. that is the
only way that I will know
that you received them.

I want to wish you and
Mrs Roosevelt a Merry Christmas
and a very happy and prosperous
new year and I will remember
you in all my prayers for
God to bless you and give
you health and strength to
keep up you wonderful
work. Very Sincerely
