Copy of letter sent to

January 26th 1942

Honorable Senator Claude Pepper,
Honorable Senator Charles O. Andrews,
Washington, D. C.

My Dear Senators:-

Under seperate cover, of this date, there is being forwarded to you by the Dade County Democratic Executive Committee a statue inspired and created by Dr. Felix D. Rivanov, born in Russia and for the past nineteen years a naturalized citizen of the United States. The last two years of his life have been spent in Dade County and it was here that he conceived and executed this beautiful piece of sculpture.

Recently there was unveiled in Bay Front Park, in the presence of some 8000 people, a replica of this statue which was presented to the city of Miami and received by the Mayor.

To properly describe this piece of work is a bit difficult for me but it embodies all of the love this man has for America and the down-trodden masses everywhere and his sincere admiration for our great Leader, President Roosevelt.

He has chosen to name this piece of sculpture work " RIGHT SHALL BE MIGHT ". You will note in the creation two other great heads of Presidents, viz. Washington and Lincoln, with the torch of Liberty before them, the flags beneath them, the bomber at the top protecting us, the President at the Ship of State on the back of an eagle like an aeroplane, stream-lined wings in the form of a V for Victory and the eagle in full flight over the globe typifies the spirit of America in its great fight to preserve democracy.

The sculptor has presented this statue to the Dade County Democratic Committee asking that they forward it to you, to be presented to the President on his Birthday with the most sincere wishes from the Dade County Democartic Committee for a Happy Birthday.

I am enclosing a copy of letter addressed to me by Dr. Rivanov which I believe describes the sincerity of his work.

Cordially yours,

M. L. Todd, Chairman
Dade County
Democratic Executive Committee

My dear Mr. President:

With this letter may I respectfully hand you a specially bound edition of AMERICA GOES TO WAR.

The book was compiled from speeches made by you, Mr. Winston Churchill, Mr. Cordell Hull, Mr. Frank Knox, and contains other significant material on our entry into the war. But it was particularly inspired by the thrilling and dramatic and moving things you personally had to say.

I had the feeling that if I could create a book which could gain wide circulation and which would tell Americans not only whom they were fighting but why they were fighting and what they were fighting for, that they would have a better understanding of what this war is about.

In sending the book to you, I sincerely hope that you will consider this a worthwhile effort and that you will add it to your personal library.

As the time goes on, I would like to revise the book so that it keeps pace with developments, and in that connection, may I respectfully ask you for any suggestions and comments which you might care to make.

Believing that this is a book that you might wish to inscribe and present to members of your family and friends, may I suggest that I would consider it a great honor and a very rare privilege to supply you with as many additional copies as you would like to have, with my compliments.

Victory is all that matters.

Hon. Franklin D. Roosevelt,
Dear Sir;

It is impossible for one to send you wishes for a happy and joyous birthday as I know that it cannot be while you have the toughest job on earth on your hands. I have the greatest admiration for you and your ability to lead this Nation and the world to a sound and permenant peace. I wish you a successful birthday and strength and power to carry on throughout the trying year ahead of you.

I am enclosing a birthday gift, under seperate cover. It is a composite portrait of your wife, the most efficient and active first lady, this this great country

ver had. My purpose in painting this portrait was to have the "Birthday Ball Committee" have copies of it printed in color, and sell them to Mrs Roosevelt's admirers as a benefit for the Roosevelt Foundation. There are colored portraits of you available but those of Mrs Roosevelt are hard to obtain and a great many people would be glad of the opportunity to obtain one, and at the same time help a worthy cause.

If you consider the original worth accepting, I shall be very happy and greatful. Not being in a position to help the cause a great deal financially, it gave me great pleasure to paint this portrait and offer it to you as a birthday gift. I hope to see it hang in the White House.

With most heartfelt and best wishes to the greatest President these United States have had since Lincoln

Yours Very Truly,
Mahl Hall Daniels

My best wishes for a very happy birthday. And may you enjoy many more for the sake of all the rest of us, as well as your own.

The little rug which I am sending you herewith was made by some craftsmen in Connecticut to go with the draperies in the Hyde Park Library. I know that is gave them as much pleasure to make it as it gives me to send it to you as a birthday token.

Dear President Roosevelt,

I am sending this cake to you to wish you a very happy birthday and to indicate that I am fully in favor of your drive for the infantile paralysis fund. Honorable President:-

" The World will be happy when
Kings will be philosophers
and philosophers kings "
Plato

In dedicating to you, this trophy which I have chosen to name " RIGHT SHALL BE MIGHT ", I have used the words of our great Emanicpator.

I am sending this trophy, a miniature in metal copied from the plaster original given to the City of Miami, to you through the Dade County Democratic Executive Committee, whose chairman has sent the package to Senators Pepper and Andrews for proper presentation on your Birthday.

The original was unveiled and accepted, in your honor, by the mayor of Miami, Hon. C. H. Reeder, a few weeks ago.

I feel that I have been especially honored by having been given the inspiration to execute this trophy, in your honor. I will be happy, beyond expression, when I learn that you have received it for your birthday.

I extend to you my most sincere admiration for the part you are taking in leading the masses out of oppression into a World Peace and my wish is that you may enjoy the best of health and strength for the problems that arise from day to day.

Most sincerely yours,

Hon. Stephen T. Early,

My Dear Secretary:-

Please convey to the President this further word regarding the trophy " RIGHT SHALL BE MIGHT ", conceived and executed by Dr. Felix D. Rivanov, Russian-American sculptor, which is to be presented by senators Pepper and Andrews.

As Dr. Rivanov's close friend and director of this organization, of which he is a member, I have watched this trophy, from the very beginning of his inspiration to the completed piece of work and I can truthfully say that, in all of my years of experience in this work, I have never known a man with a more sincere desire to accomplish the best within him than has been shown by Dr. Rivanov in the execution of this trophy.

Being a chemist as well as a sculptor he has done all of the work upon it, from the original plastelene sketch to the making of the final mold, the mixing of the ingredients for the metal cast, pouring the cast, finishing and burnishing. He also carved and polished the marble base as he would not allow other hands to have any part in his work.

To him this trophy is much more than it may appear to others for he is a most ardent admirer of our president and it has truly been a labor of love to conceive and execute this appropriate piece of sculpture at this most opportune time.

It is our sincere wish that President Roosevelt may receive from it some slight additional inspiration to continue in his fine work for the uplifting of downtrodden humanity throughout the World and that he may enjoy perfect health and strength for this huge task.

Very sincerely yours,
S. Dean Lumley

" RIGHT SHALL BE MIGHT "

A significant statue, depicting the Spirit of America in this critical hour has just been unveiled in Bayfront Park, Miami, Florida, by W. L. Todd and W. E. Garrison, Chairmen of the Dade County Democratic and Republican executive committees respectively and was accepted for the City by its Maypr, Clifford H. Reeder.

The original of this symbolic piece of sculpture is to be presented to President Franklin D. Roosevelt by Senators Claude Pepper and Charles O. Andrews as a token of admiration from the sculptor creating it.

The study shows a globe representing the World as being in flames, over which is shown an American eagle, streamlined to represent an aeroplane in full flight. By the wheel, which represents the wheel of state, President Roosevelt is seated with his hands upon the helm and his determined face looks straight ahead, sure of the part he is to play in the world emergency.

At his back, from under two crossed American flags, one on each side, the sculptor symbolizes rising clouds from which appear the heads of two former presidents, George Washington and Abraham Lincoln as spiritual inspirations to our President. On top is the torch of Liberty and surmounting the whole is the form of a modern bomber of protection.

This symbolic piece of sculpture was conceived and executed by the Russian-American sculptor, Dr. Felix D. Rivanov of Miami, Florida, who is a most ardent admirer of President Roosevelt and of his spirit of devotion to the cause of uplifting down-trodden humanity throughout the world.

Dr. Rivanov is the son of a very eminent Russian family. He came to America during the dark hours of Russian turmoil and found here a haven of refuge. He has now been in American for many years and is a 100% American.

When he speaks of his father's estate on the Dnieper River in Russia, it is as if he were emerging from a most pleasant dream he had many years ago and that he was just now again recalling that dream. He is a true artist as in every piece of sculpture he executes he throws into it his whole heart andsoul. He believes that his high calling belongs to the people of the world.

He is a graduate of the Russian Imperial Academy of Art and received his higher education in America.

In speaking of his conception he stated. " I believe in the philosophy of Plato, that the world can only be happy when kings are philosophers and philosophers are kings. I believe so whole-heartedly in our President and his high ideals that I have chosen to call my statue ' RIGHT SHALL BE MIGHT ' as that statement, made many years ago by another great liberator, is today contrary to the present order of affairs over much of the world.

I have lived in Miami for almost two years and I have received great inspiration here, for Miami gives inspiration to artists. I shall do my best to serve my adopted country in every good way, that I, too, may be worthy of her LIBERTY."

Dear president. To explain to the world
what great and good you are doing
for all mankind. A Demosthenes or
a Shakespeare, or a Lord Byron would
fail to be able, and be deep enough
to explain all of your truly greatness.
and god like goodness. Sume historical
characters has done good for one nation
at the cost or downfall of another people.
But you have done. And is so
doing like a man that the great

I am sending you a book and

Great, wonderful, and very conscientious, was your address to the People this evening! You keep coming better each time you speak to us.

My dear Miss Davinson:

It was kind indeed of you to send the box of candy to the President. He thanks you ever so much and wants me to convey his very best wishes to you.

Very sincerely yours,
