Hon. Franklin D. Roosevelt
President of the United States
Washington, D. C.

My dear President Roosevelt:

I have refrained from writing you until now because of your great pressure of business, but I feel that now is the time to write you as I have something to offer you which I believe you will enjoy.

Years ago I designed what was known as the Universal Reclining Chair. This chair was designed, built and sold by a company in Ogdensburg which I organized. We were not able to go through with the proposition because we could not get the necessary volume of business. We therefore discontinued.

This chair is one of the most confortable chairs that was ever built and the thought occurred to me that you might like one of them. I would like to send you one with my compliments. If you enjoy the chair as much as I enjoy sending it to you, we shall both be very happy.

May I hear from you regarding this? If you will advise me when and where to send the chair, I will crate it myself and send it to you with instructions as to its operation.

You will note from the two small cuts enclosed in this letter that the back is adjustable to conform with your desired position. You will also note the slight curve under the knee, which gives you absolute rest and relaxation.

You probably can find some place handy for this chair where you can enjoy a few minutes now and then and I assure you you will enjoy it.

With best personal regards to you and hoping for your continued success, I await your reply

Respectfully yours,

Dick Malone

We are pleased to present to you with our compliments a photograph, which is being forwarded under separate cover, of your daughter, Mrs. Curtis B. Dall, taken at Saks-Fifth Avenue, in New York City, on April 12th, 1933.

Mrs. Dall is shown in this picture together with little James Russell Lowell, Jr. while in performance of one of her many charitable works, in this instance, in behalf of the sick babies of the Babies' Ward of the Post Graduate Hospital. The celebration at the Saks-Fifth Avenue shop was one in which Mrs. Curtis B. Dall acted as hostess at the Children's Easter Fair.

We shall indeed be happy if this photograph lends some small pleasure to you in the course of your arduous tasks. We join your many supporters in wishing you continued success in the days to come.

"Beer"

Beer and wine are always good.
And if drink it, you'd think
it so,
It is always healthful, and
always good.
Try it, you'll feel good to.

2.

Do not drink water, because you'll
liable to kick.
And sometimes even make
you sick.
For healthful people do not
drink water.
They drink beer instead
of water.

3.

Some men although they
say to others,

"Beer and wine are never
healthful"
But if you'd hang around
the Corner,
You'll find that these
the drunkers after all

It by I drink beer, and never
refuse
To drink the beer as wholesome and good,
Kine is good! but not for
me
For I'm the one that want
beer.

Come on! you fellows drink
some beer
Don't drink too much for
you'll be jailed
Drink just right and not

Prayer to Jesus Christ, King

O Christ Jesus, I acknowledge You as Universal King. All that has been made, was created for You. Exercise over me all the rights that You have.

I renew my baptismal promises, renouncing Satan, his pomps and his works, and I promise to live as a good Christian. Especially do I pledge myself by all the means in my power to bring about the triumph of the rights of God and of Your Church.

Divine Heart of Jesus, I offer You my poor actions to obtain that all hearts may recognize Your consecrated Kingship and that thus the Kingdom of Your peace may be established in the whole world. *Amen.*

On Feb. 21, 1923, the Sacred Penitentiary granted a Plenary Indulgence to be gained daily by all the faithful who would devoutly recite the above prayer under the usual conditions (Confession, Communion and prayers for the Holy Father's intentions.)

Dear President Roosevelt:-
As I have been thinking how wonderful you have done since you have been President I thought I would send you a St Christopher Medal although I know you are not a Catholic but I am sure you will wear this medal for safety's sake President Roosevelt wear it in your vest pocket at all times where ever you go & when ever you go out
You have done more in the short time since you have taken your office than what the former President

Hoover did in the four years he was in
office. So you see they never leave a
good man in long or they dont leave a
good man live long, so I am begging you
to carry this medal with you at all times
for a guide.

I am a poor working girl + since you
have been Preident you have helped our
work along so wonderful I wont have
to be afraid of losing my job for a few
more months.

I have a mother, 2 single brothers +
a married brothers wife + family to take
care of.

So as long as you are doing so wonderful
I still have a chance of working steady
for a few months so I can keep them but
just as soon as I lose my jot then we
will all be without any assistance.

Please President Roosevelt please let me
know if you got this letter + medal just
drop a brief note so I will know if you
got it or not.

Please dont be offended because I
sent you this medal, but I just thought
because I like you so well + think you

Dear Mr. President:

The accompanying little volume "Roving the Stamp World" is of an issue for private distribution to a few advanced collectors and friends of the author, who knows your interest in philately, wishes you to have Copy No. 1, and hopes you will find something of interest within its covers.

Also would you honor me by accepting the enclosed essays of an old and rejected design for a United States postal card? In life experience as a collector, I have seen only the one set and believe that few if any duplicates exist.

I had the pleasure of sitting in Architect Lodge and almost at your elbow when you raised your son in the Third Degree and I am grateful for having had the privilege of being present.

I am also of that legion which was on the other side of the political fence before March 4, but is now with and for you 100 per cent.

May you be given the strength and be with us long to continue your good efforts, which are so much needed in these trying days

April 28, 1933

My dear Mr. Roosevelt:

Under separate cover I am sending you a present for commemoration of proclamation of the Citizens of America in their honor to a real American, who promised them an understanding heart in their terrible distress during this four years of terrible depression. That you would give to them a new deal in 1933. Since you have taken office as our President you have put more active constructive legislation to help the common American people than of any president that we have ever had. Since the people have awakened to the fact that there was still an American left that had the courage to tell the International Bankers and money barons that the common people still had their rights, that I take this means of showing you my appreciation of what you have done for America.

Last year my wife and I worked in your campaign out of Judge Francis J. Hene's office in the Alexandria Hotel for a period of five weeks, assisting in Hiram W. Johnson's and Senator Norris' speaking program. Altho we did not receive any pay they gave us our dinners at the Hotel. In fact, sometimes three meals and we worked sometimes 16 hours a day and my wife and I both feel that we were well repaid.

This neck tie rack is my own invention. I have made quite a few, so I thought that I would make you one and in making this one I thought I would make it to correspond with your program and policies, first as a new deal. The letters are a new type designed by my son, Frank Louis McKeever, a shoe stock clerk in G. H. Baker's Shoe Store, 451 South Broadway, who cast his first presidential vote for you and if you like these letters I would like for you to write him a letter to that address.
Second, your plan work for everybody so there was work for me making this. Thirdly, your forest plan representing trees. You must like mountain scenery so the woods represent your reforestry plan and gives you a namesake piece in nature's own woods in their own color and, fourthly, the 1933 represents the year of your Presidency and the year you turned the Government back to the American common people and I have worked day and night to get this

made to reach you on President's Day, April 30, 1933. Hope you receive it on time and that it meets with your approval.

And may the Lord bless you with good health these next eight years that you are our President and a healthful long life after.

If you will send me your wife's first name will make name plate for her in writing as a woman likes her name written and a man likes his in print.

Hope to hear you Sunday at the Los Angeles Coliseum. When I last saw you when you were here it was a beautiful sight that night, and when I saw you leave with a happy smile and wave at the crowd I prayed for your election as I saw a real American.

Well, I know you are a busy man caring for 130,000,000 people, so will close.

Respectfully yours,

F. S. McKeever.

My dear Mr. President:

The best President this Country has had in a long time ought to have the best tooth paste on the market and so I am taking the liberty of sending you a package of Detoxol for the White House and a booklet on the scientific method of brushing the teeth.

We do not ordinarily quote physicians or dentists who use or recommend our products, but in order that you may know that Detoxol is what I say I am telling you that Dr. Sterling Mead, one of the outstanding dentists in Washington and in the Country is recommending Detoxol to his patients.

I am not sending this as any part of an advertising scheme, in fact I am telling no one about it, but I am inspired to send it just as a little expression of my great admiration of what you are doing for the Country.

It is amazing and extremely gratifying to note how you have captured the admiration and loyalty and support of all our citizens who are looking to the welfare of our Country irrespective of previous political affiliations.

Yours respectfully,

Chas. G. Merrell

I am delivering to you by my Secretary Mr. Richard Cleaves, the cane of which I spoke ~~of~~ a few days ago, for presentation to the President.

This cane was carved from Diamond Willow wood by Mr. Joe Mahaffey, of Washta, Iowa. Mr. Mahaffey is an old gentleman with no means what ever, and almost blind, but he carved this cane as the only gift he knew how to make to the President of the United States.

I am sure you will make the proper acknowledgement for the President to Mr. Mahaffey.
