My only call of its kind in the great U.S.A. My own secret of handling silver in tone of duck calls.

Following are the directions you must use

Fredric D. Roosevelt. President of USA
White House
Washington D.C.

Cherokee Okla
Feb 1 - 1934

Thank you

Dear President:

Under a separate cover I am sending you. a Manuker Big Loose duck Caller with the Silver Reed.

Not as you are the most honored President a man of my own trade. I freely give you this noted duck call. as Sportsman to Sportsman. Inasmuch as your physical condetions may keep you from the enthusiastic sport I know that you will enjoy. the tone and the art of calling it.

It has the true tone of the mallard Hen its range is 1/4 mile. due to the weather and the Surroundings. it's range is too long distance calling bringing out of flock in close flight. two or more accompany the whole flock you can not choke it by blowing. you can tone it down and talk duck to the duck within 50 feet and not be detected (if you keep Still,) this call is made of aged Reed cedar wood. stays put if Not tampred with. for life the only call of its Kind in the great USA by one famous of handling silver in tone of duck calls.

following are the directions you must use

2/ Should you be a Tobacco Chewer you should reserve the call exsonly to use it a partial a Spittoon which will soon undo the Red in using it.

Instructions

Do not tamper with call. it is tuned proper and will stay put for you life providing you treate it reasonably.
the Caving before you wish to use it pour a bit of water through, shake opening then slightly blow through some. this frees the partical of trash that may have accumlated thru. Then hold you finger over small opening and fill the call with water, this causes the parts to swell and brings the call to the true tones. (it becomes dry from non usage) Slap the call a few time on your hand. (to displace the bead of water that still remain on top of the Solar Red. Now it is ready and Arearing to go. Blow as hard as you wish you Can not choke. but hard & hard blowing should not be practiced only when necessary

Warranted for life by the Maker

Thin Call can not be bought in Sporting goods Stores Should you have a friend that would like to have one I would be pleased to furnish one.

Engraved call. as in your. —— $10.00 — Solar Red
plain " $7.00. Brass Red $6.00 Copper or Brass Red $5.00
Composition Red $4.00 all call perfect. Made of aged Red cedar
2- ee & Mellowing woods. all calls guaranteed weeping

My Dear President:-

The donuts in the accompanying package are meant to be a continuation of your birthday celebration.

Knowing full well that they would stand small chance of reaching you at a time so crowded with remembrances and festivity as your birthday was to be, I thot it better for them to arrive at a later date. I hope they will reach you in prime condition.

Dear Mr. President:

I was at the Crillon Hotel last night from six to twelve o'clock and witnessed that most terrible tragedy that France has experienced in similar form since 1871.

There were about one hundred thousand people taking part in the Place de la Concorde and adjacent streets being milled about chiefly by the Mounted Republican guard until they

were over powered by the populace and in their effort to reach the Chambre they broke through the Republican Guards; at which moment they started to using their machine guns and killed from fifty to seventy people and wounded more than a thousand.
One private maid was killed on the balcony of Crillon and two wounded.
I decided Mr. President that perhaps you would like to see the papers from Paris both in English and French and I am taking this privalage and pleasure of sending them to you.
I have heard many favorable addresses in the Clubs here in Paris from Americans who have just returned from the United States and all of whom are for President Roosevelt and his policies.

Dear Sir.

Under seperate cover you will receive a package of new potatos, dug today, from the garden of C. P. McClellan, a resident of El Granada.

The papers have published the notice of your expected trip to the Pacific coast this coming Summer.

The people of the coast side have been trying for eight years, to have the Ocean Road built down the Coast from San Francisco to Santa Cruz, with out Success.

While you are on the coast, if you drive down the present road, just once, you will be convinced that we need the road.

It is one link of the Roosevelt Highway.

Can you use your influence in ~~toying~~ helping us to get this road built.

Enclosed are some pictures of this road &
vicinity
In the box with the potatoes is a paper
published in Half Moon Bay Calif.
There are two articles outlined in pencil
that I wish you would read.
I am the Postmaster of El Granada Calif.
Yours Respectfully
Mrs Anny J McMullen

My dear Mother St. Clare:

Your letter of February nineteenth has been handed to me by Mrs. Roosevelt and I am indeed sorry to learn that your beautiful gift was not acknowledged. The President was much pleased to accept the vase and wants you to know how much he appreciates your thoughtfulness in presenting it to him.

The President is indeed grateful for your prayers.

Very sincerely yours,

My dear Mrs. Roosevelt,

Some time ago I wrote to your Royal husband, and our good President that we all love. In my letter I told him if I obtained a favor, which I did through Mr. Joseph O' Mahoney Postmaster General Washington, D.C.

To show my deep gratitude and appreciation, I bought a vase and did the hand carving and painting with my own hands. I also did the baking after putting on the gold four times. Then to complete it I did the electrict setting up.

I sent it to the President during Christmas and New Years. I wrote to Mr. Louis H. Howe Secretary, and asked him to be on the look out and explain all to you and the President.

I have been anxiously waiting to hear ever since, and thought better to write, as I want the President to know how very much I apperciate what he did for me, and to assure him of my prayers and those of my Sisters daily. I know he needs prayers. May Our Divine Lord bless and protect him and give him health and strength to continue his wonderful work, which God is certainly blessing.

I promise you when I get back to the States I shall go to see you, I must stay here one year more.

Sincerely and gratefully yours in Christ, Mother St. [illegible]

You may be interested in seeing the two interpretative volumes on the New Deal which we have just issued in our Workers' Bookshelf. The first of this is by Professor Charles A. Beard and Mr. G. H. E. Smith, entitled "The Future Comes"; the second is "Our Next Step - A National Economic Policy" by Matthew Woll and William English Walling. I am sure you will find both these books extremely intelligent and illuminating interpretations of the program of the New Deal to which you have given such statesmanlike leadership.

Dr. Stephen T. Early,
Secretary to The President,
White House,
Washington, D. C.

Dear Dr. Early:

Yesterday, I sent President Roosevelt a painted photograph of The Narrows. This was done for two reasons. First, in December a "wayside park" was constructed at this point along the State highway which will probably soon become a U. S. highway, thus preserving for the tourists for all time to come the vantage point of this beautiful view. Second, to call The President's attention to the numerous beautiful places in the Alleghany Mountains.

The scene was photographed at the "wayside park" looking up New River through The Narrows towards Angles Rest. The Narrows is the last portal or water gap in the Appalachian System and is comparable in magnitude, history, geologic interest and scenic beauty to the Deleware water gap. All interregional lines of communication pass through this portal. The interest in this particular spot is further emphasized by the fact that Giles County, Virginia purchased the property and deeded it to the State of Virginia. The work of beautifying the park was accomplished by funds from the C. W. A. This is a very worthy use of public funds. As far as I can determine, this project is the first of its type that was approved and completed by the use of C. W. A. funds for labor.

The even crested mountain ranges of southwest Virginia are worthy of national and international interest. These mountains, higher than the Blue Ridge, more magnificant in grandure, more adapted for scenic development are the epitome for what is desired in scenic highway and wayside park development. The President has expressed his interest in preserving the Nation's beauty places. This attitude should be appreciated by all citizens.

Mr. Secretary, will you be kind enough to call The President's attention to the thoughts herein expressed and present him with the picture of The Narrows?

It gives me great pleasure to be privileged to send you a simple enlarged painted picture of The Narrows. You have manifested your great interest in the development and preservation of the beauty spots of our great nation. This should be appreciated by every citizen. There are few sections of the world in which the beauty is more interesting than in southwest Virginia. It is different.

Although, I am not a native of Virginia, it has been my privilege to become very much attracted by the scenery and geologic history of this region, besides the human history and quiet hospitality of these loyal mountain people. These, I am quite sure you will enjoy whenever you visit southwest Virginia.

Mr. Franklin D. Roosevelt,
Washington, D. C.

Our Honorable President;

A few items of importance and interest to us all:

I, Thos. R. Miles, an experienced frontiersman of the West, and a firm Democrat, who has had a vast amount of experience in timber, and mining for the last 50 years, and wish to do all I can to help you solve your difficult problem, and undertaking am writing you this letter which I hope will prove beneficial.

First of all gold is now $35.00 per ounce, and what more should the honest mining man want. This country is full of fraudulent corporations, and mining companys, and are now clamoring and scheming to get the greater part of that ten million dollars, that was appropriated.

Copy sent Treasury

They will do no real prospecting, nor endure the hardships of the well meaning prospector, but will sit in an office and expense it away in high salaries. They came out and stated in a California paper that "no part of that appropriated money is intended for the prospector as a grub stake."

Now, who discovered the mines in the first place! No one in an office, I am sure.

I truly hope you will reconsider that appropriation, and place it where it will help some poor helpless child in a home or hospital.

No. 2.

I wish to call your attention to the fact, there is about 800 CCC men here in Trinity County, California, who are of no value to this part of the country, as the timber is of no value, to any amount, and inaccessible, also too expensive to log and is 89 miles from a rail road. No lumber company would take it as a gift.

All of these CCC men could be trained and used to a good advantage in the Cascade Mountains in Oregon, as there is a vast amount of merchantable thimber there. I am familiar with all of mountains on this side of the Rocky Mountains, as well as a number of crooks, who are drawing good salaries, and deceiving the goovernment. I have spent several years running down train and stage robbers.

From my point of view and knowledge of this part of the country, and the Cascade Range of Mountains I would consider it wise and profitable to the Nation, and its people if you would send out here two honest and experienced men to look over this situation thoroughly.

Copy sent CCC

I will be able to show all matters of importance pretaining to the mining, and timber industry, together

with very valuable water power.

No. 3.

Sterilize two time termers, and deport foreign criminals. We want better people.

I truly hope this letter will be of interest, rather than annoy. I only wish to do my part in helping you in any way I possibly can.

I will refer you to ex Senator Addie regarding to my ability as a miner, and prospector, and frontier life. I was quite well acquainted with Mr. Tasker L. Addie at the Lucky Boy Mine in the state of Nevada.

May God bless you in this critical hour, and guide you.

Most respectfully.

My dear Miss Murphy:

Your letter of March twenty-sixth has been received and I beg to thank you in the President's behalf for writing. He was much pleased to receive the beautiful motto to which you refer and deeply appreciates your thoughtfulness in presenting it to him.

The President is indeed grateful for your prayers.

Very sincerely yours,

Mr. Franklin D. Roosevelt,
President of the United States,
Your Excellency,

As we recalled the motto of our nation, "E Pluribus Unum," it seemed fitting that our expression of support and sympathy should take the form of a spiritual bouquet; the prayers of many who are one in loyalty to their country and their President.

May these prayers, as well as those of all other loyal Americans, win for you from God

the light, the wisdom and the strength you need to guide your people from out the shadow of the Cross into the glorious brightness of the Eastertide.

Most respectfully yours,
Catherine V. Murphy.

CRITICAL OF GEORGE

To the Editor of The Herald:

The Republican guests at the Lincoln day banquet of the Middlesex Club have felt they had got their money's worth when the orator of the occasion summed up his denunciation of the President.

Every one there must have thrilled at the instant realization that here was the longed for rallying cry; or at least the basis for it.

Franklin D. Roosevelt, so charged George Moses in effect, is of no more account than that other mutton-head, Christopher Columbus.

What an effective indictment! How happily selected! Cruel, perhaps, but to be devastating one must be cruel.

At any rate, it seems improbable that any party could fail to win, when it marches forth with the slogan: "The President is as big a fool as Columbus, whose birthday we celebrate as a national holiday!"

Here's a solemn thought. Where would Mr. Moses be now if Columbus had never made that silly voyage?

My dear Miss Le Hand,

I heard of your great sense of humor, and that the President likes to laugh.

For myself I would like to say that in some way he — the President — is like that other great sailor — Lord Nelson of England — in that his great influence is like Nelson's — the President is worshipped in the hearts & minds of the
