Dear Mr. President:

rcvd 11/13/36

receive my sincere congratulations on your victory. I am very happy that you were re-elected for a second term as our President of the United States. You certainly deserved it and our men and women could not turn you down for all the splendid work that you have done to put our America on her feet again, as she was very much down and out. Our country did prosper abundantly under your guidance, you brought such marvelous changes about.

I prayed, in fact everybody prayed for your re-election. May God bless you, your work, and your family. May He bless

you with good health for many more years to come, that you might carry on the work in your care with a thoroughness as you have done up until to-day. Once more, God bless you and watch over you daily.

Sincerely,

(Miss) Agnes A. Lagoanes.

Dear Mr. President:

May I congratulate you on a triumph so final and overwhelming. America cannot forget your redeeming work and unfailing words of hope and promise. The eyes of the world turn expectantly to our destiny in which your ideals are so lovingly woven. And rightly so because the only real progress and happiness is in the triumph of principles; it lies in this and in this alone.

Please accept this little magazine as a token of my deepest regard. It contains an article of mine entitled "The Spirit of Philosophy." Plato said there would be hope for the state when philosophers were kings. That time has come for us. For is not the New Deal a new philosophy?

DÉC 1 1936

Monsieur le Président,

Je pense que, dans notre histoire contemporaine, de tous les Chefs d'Etat, vous resterez célèbre par le souci que vous montrez d'avoir recours à l'intelligence et à la compréhension, de préférence aux traditions, aux dogmes et aux lois.

L'intelligence et l'esprit de recherche vous ont conduit à des découvertes appréciables dont profite le peuple américain. Mais permettez-moi de vous en signaler une grande qui reste encore à faire dans ce monde: la découverte du bonheur. Car si, instinctivement, le bonheur est la chose que les hommes désirent le plus, elle est aussi celle qu'ils connaissent le moins.

C'est pourquoi je pense que si vous daigniez poser le problème à vos collaborateurs, ils sauraient découvrir les règles et les formules encore mystérieuses et vous construire une religion du bonheur dont vous vous apercevriez vite qu'elle serait un formidable levier social capable de provoquer la réconciliation des hommes et de rallumer l'étincelle de l'idéal, indispensable aux grandes entreprises humaines.

Je me permets de vous adresser un essai romancé que je viens de publier sur ce sujet:
" ELOI ou la TECHNIQUE du BONHEUR "
Si vous voulez bien faire analyser les chapitres V VII IX XI XIV et XVI, je pense que vous serez intéressé par les propositions qu'ils contiennent.

Peut-être apercevrez-vous ensuite qu'il n'y a pas d'homme ni de peuple qui ne soit prêt à écouter une promesse de bonheur. Seulement, ce n'est pas de bonheur qu'on leur parle, c'est de lutte. Et qui lutte, recherche la puissance qui, elle, déchaine la haine et la cruauté.

Celui qui débarrassera le monde de cette féroce "volonté de puissance " et la remplacera par une " volonté de bonheur " aura trouvé la clé miraculeuse qui sera capable de transformer nos civilisations dangereusement inclinées vers la barbarie, en une civilisation vraiment humaine et fraternelle.

Et je pense que le premier article d'un code du bonheur pourrait être celui-ci: " Il n'est de plus grand bonheur que celui qui nous vient du bonheur d'autrui; l'amour du prochain sera donc la source des joies infinies et véritables."

Si vous vouliez bien mettre votre haute autorité au service de cette cause du bonheur, je pense que de grandes choses pourraient être réalisées. Car je sais bien que ma propre voix restera imperceptible tant qu'elle ne sera pas amplifiée par de plus autorisées que la mienne. C'est pourquoi je me permets de vous demander de faire examiner mon oeuvre, bien incertaine il est vrai, mais issue de cette anxiété qui domine notre époque, et que seule semble devoir apaiser une mystique du bonheur.

Veuillez agréer, Monsieur le Président, l'expression de mes sentiments les plus respectueux.

Dearest President,

Writing a few lines to congratulate you on your sudden election I decided to write to you.

My little heart is so full of joy that I can't even explain.

We didn't have school because the Slovak Catholic Nuns went to vote for you Dear President Roosevelt.

All the poor people know you were good to us and my heart knows you will be good to us as long as you are with us. It isn't very good to be poor. We don't have a radio but my brother borrowed a little one. I just love to listen to your speeches.

Please keep this little gift of mine for remembrance. This little gift will help you from all accidents. I got it blessed by a Passionist Father the monestary. He asked me if I was to drive an auto. I just smiled and told him no. If he would only know to whom I am sending it.

It is a wild flower called The Bittersweet

It's meaning:

Bitter to the rich man, but sweet to the poor man.

We wore this flower with a picture of you or the name Roosevelt, and did some of the other party get sore. I hope.

Hoping I may have the greatest of luck in hearing what you think of this letter and flower,

It tells the story of the last election, and your great victory for the people.

Read it carefully to understand it, and I hope you will like it very much.

I did my best to help in the election. I gave my services free to the Committee and helped to entertain the crowds at the meetings.

Wishing you very great success in your helping the people of the country, I am,

EXPLANATION OF 20 M's.

In his performances, the Professor heralds himself as "20 M's" - a sort of a stage name. This is because his official title is composed of 20 words, all beginning with M. Here they are: Master, Mysterious, Marvelous, Miracle, Mental, Magic Man; Mystifies Million Men, Mind Magic Make Money Mister Man Michael M.M.Martinek. The Professor said it took him over three weeks to think all that up and give it the proper euphonic assimilation.

I think you will wish to read Chapters 7 and 8 entitled Cycles of Individual Growth and Cycles of National Growth. The contents of these two chapters are more or less in harmony with the ideas of Feline who delivered an address last Monday night.

The President of the United States,

Sir,

May I be allowed the honour and privelage of presenting your Excellency a reproduction of pages 206 + 207 from the Order Book of our beloved first President containing the Story of the Purple Heart? The words are so like our own gracious President Franklin Delano Roosevelt!

Ca Violets are Heartshaped and Purple + the ones accompaning the document are from Dr Craiks Garden where General Washington lived when in Alexandria he himself Caring Craik being a Physician and the first President, perhaps it is not inappropriate to fill an ancient wooden Tray in a design containing a heart, with violet plants from the ground where George Washington prayed & dreamed to make Our Country what it was and what it is becoming again under your Excellencys blessed reign.

As a Citizen Landscape and Garden Painter may I be allowed to suggest that the Violets and Cineraria of this tray be planted on the White House Lawn in honour of Your Excellency & Mrs Roosevelt & the remaining half be presented to Mrs Sarah Delano Roosevelt for the same purpose for her at Hyde Park, the bed to be in the shape of a heart and edged with dwarf alegerum, the whole edged wide ring with the borders of Mount Vernon?

My Great Grand Father was Robert Boyle of Wargrave Berkshire and the name of his estate was Hyde Park. I have a beautiful Letter written in 1850 on the death of my Grand Mother and at the birth of my Father.

When my Great Grand Father died every Indian within one hundred miles walked to his funeral, his ancestor was one of the MacGregors that were too loyal and were forced to change their name, Boyle was a nick name which they adopted as a sir name & the well known MacGregor crest was changed to a Ship at Full Sail. The motto chosen was "Hope Brings Better Things."

Three of my family descended from this branch say "Our God sent President" & with them and my blessing, believe me

Sir

Yours Faithfully

Dear Frank:

Here is a sample of some of the best dates we raise in the Coachella Valley (a part of the Imperial Valley), in California; and what is more interesting is the fact that they are raised by our mutual friend, Charles R. Crane. I hope you may enjoy them.

Please don't acknowledge this.

Hon. Franklin D. Roosevelt:-
President of the U. S. America:-
Dear Mr. President:-

Proud of the great victory of the Democratic party, I consider myself privileged to satisfy an Election Bet, made with friends. To fulfill my promise I will mail tomorrow Nov. 13, 1936, in token of your outstanding victory a flag of our great U.S.A., which I made myself, and which is size 5 x 9½ feet.
Although I could not cast a vote personally, because I am not yet a citizen of our U.S.A., I hope within a short time to be privileged to become a citizen, for at present my application for final papers of Citizenship are pending at our St. Louis Office for Naturalization.
With many wishes to you for great success, most sincerely,

Mrs. Johanna Mc Namara & family.
