Hon. Franklin D. Roosevelt,
Washington, D. C.

Dear Mr. President:

I am sending you today an old fashioned fire-place, the kind my mother cooked by until I was ten years old. I am sending you the fireplace in appreciation of your third-term of your inaugration as president of this beloved United States. My first vote for president was cast for Horace Greely for President. I have been coming straight down the line ever since for president in the Democratic Party.

I was born May 7, 1850. I am very proud that I lived to cast my third vote for you, and may you continue to steer the ship straight in the future as you have in the past and by the help of the great divine Commander you will bring us all to the haven of rest. May God bless you as he has in the past. May your years be many and useful with a happy and useful life.

Please accept the portrait which I am sending under separate cover.

The picture I have designed and embossed in postage stamps.
I started to build this picture in 1939 with strongest believing in third term.

The three stares represent three terms: From the middle: the first three rows of stamps represent American Flag, the fourth row represent all different nationality of American citizens.

I was born in Poland, tailor by trade 57 summers, sorry to old serve the army, but I will be glad to do anything possible to halp abolish the agressors.
