KERR, Admiral Mark
London, England
November 10, 1941

Wrote to the President commenting on the increased religious feelings in Russia, since the President's appeal to Stalin to open the Churches of all denominations. Says he received a letter from Marian Johnson, and heard that Aymar was well again and had gone back to his work in Bermuda. Says she also sent him a copy of a letter she received about the Oxford Group. Admiral Kerr sent her a copy of the full Official Debates in the House of Lords and the House of Commons on this subject. Says these pamphlets show the strong feeling of the Heads of all the Churches, and the Peers in the House of Lords, in favor of allowing the Oxford Group to go on with their work. Mentions King George II of Greece, and encloses a copy of an address given by the Greek Prime Minister which shows how splendidly the troops, peasants, and their King behaved throughtout the perilous time after Germany attacked them. Also encloses a Christmas Card of his picture of Nelson, which is said by experts to be the finest picture of him that was ever made. In a post-script Admiral Kerr says he has just seen his cousin Lady Bettie Abingdon, who lately arrived from the U.S. and who said the President and Mrs. Roosevelt were wonderfully kind to her on many occasions. Encloses a photograph of himself. Asks for a photograph of the President. -- On Dec. 15, 1941, Mr. McIntyre sent a memo to the President asking if he wants to send a signed picture to Admiral Kerr. -- On Dec. 15, 1941, the President wrote to Admiral Kerr thanking him for his letter, and for the enclosures. Says he is happy to comply with the request for a photograph. Extends holiday greetings on behalf of the President and Mrs. Roosevelt.

My dear Mr. President:

Everyone of us are trying in these troublesome days to do his or her part. Therefore in my humble capacity I have created a Christmas wreath which expresses our ultimate goal - Victory "so help us God."

The Christmas wreath, which I have forwarded, is in the shape of a V, and has a patriotic theme in that the V is outlined by Christmas electric lights, bubbles in colors - red, white and blue. These multi colored lights are deeply imbedded in the wonderful Yuletide foliage which appears at this time of the year.

It is my great wish that the Christmas Victory wreath will gain a place for itself in the White House this 1941 Christmas. I know its presence there will help in its small way to keep our spirits and hopes so reassuring during the long days and nights ahead.

But there's a shower of gold in our
oak to see!
Oh it's lovliness is beyond all words!
'Tis sweet to me as the song of the birds!

In yellow clusters, these golden flowers
Grow running up, then spread out
in showers
And your dry thoughts, refreshed,
spring up anew
Grateful to God for gifts you never knew!

In a world of wonders that ever grow—
Oh look about you! and Oh learn to know!
Nothing more interesting than you can see,
Held out to you in the arms of a tree!

Dear President;

Writing you these few lines letting you know that I am mailing you a little curio made out of a coconut and used as a bank. It is made to put only pennies and dimes.

This is a gift from me to your youngest grandson. It was made by me and beleive it or not I am stone blind. I make all kinds of coconut curios by feeling with my fingers.

As soon as you receive the gift I would be very glad to hear from you.

I am truly your a loyal American,

Bank Instructions:

When the bank is filled please do not break it. On the front end of the bank you will see a round spot of a different color, press it in with your thumb and the washer will give in and you can pour the money out. The hole can be covered again by taking a little hook and pull out the washer that was pressed in, clean out the plastic wood from the washer. On the leather washer you will see a tiny hole, put a string through, knot the end of the string and be sure that the knot is bigger than the hole,bent the washer a little towards you put it in the hole then pull on the string till the washer flushes to the hole. Use a little plastic wood to cover the hole a little above the level and let it stand for 24 hrs., after 24 hrs., smooth it a little with sandpaper.

Chapelle St. Louis

Set in a picturesque park in the town of La Flèche in the northwestern part of France is the famous military school, Prytanée. The beautiful old buildings that house this school for officers' sons were originally built as a college for the Jesuits by Henry IV in the middle of the seventeenth century. The Chapelle St. Louis is one of the finest buildings in the group.

As the bells in the steeples
Ring out the glad story
Of Christmas--with all
Of its peace and its glory
May all of the blessings
That He brought to earth
Lend joy to your heart
On the day of His birth!
