Dear Mr. Thompson:

Thank you for your articulate reply of March 17, 2026.

However, our inquiry dealt with a single question.

Will the Chief Firearms Office revoke the firearms licences of those who do not turn in their newly-prohibited firearms by the deadline date?

This is an important question to our community. Across Canada, many police services - including the OPP - have chosen to support recreational firearms owners by declaring they would not participate in the confiscation of the newly prohibited firearms owned by otherwise law-abiding Canadians.

This is, by no means, a symbolic gesture. Lawful Canadians are the very backbone of support for Canadian law enforcement.

We need a clear answer to this question, To reiterate, will the Ontario Chief Firearms office revoke the firearms licences of those who do not participate in this nonsensical confiscation?

Yes, or No. Please choose one.

Thank you for your time and attention to this matter.

Sincerely,

Tony Bernardo
Executive Director
