# IMPORTANT INFORMATION & POLICIES

## Presenter Responsibilities and Registration Requirements

### Expenses

All expenses related to submitting and presenting an abstract, including travel, hotel, and conference registration, are the responsibility of the presenter.

### Pre-Registration Required

All accepted poster presenters must pre-register. Registration can be completed via the conference website.

### Intent to Present Required

After registering, the **primary contact** must log into the abstract submission portal and complete the **Intent to Present task by deadline provided in the acceptance of e-mail**. This includes providing:

- The name of the registered presenter.
- The presenter's **8-digit Registration ID**, found in the registration confirmation e-mail.

### Important Notes

- **Intent to Present is required even if you are already registered** for the conference.
- If Intent to Present is **not completed by the deadline** provided in the acceptance e-mail, your abstract will be **withdrawn** from the program.
- The **first author is not required** to attend. A co-author or representative may present the poster.
- **No notification** is needed if a different individual presents the poster, if that person is registered to attend the conference.

### No-Show Policy

SAWC monitors all posters onsite for non-attendance. Presenters who **fail to appear** without notification negatively impact the programming, create additional costs and result in empty poster boards for attendees. **Presenters who no-show without notice will not be eligible to submit abstracts to future SAWC meetings.**

### Withdrawals

Once an abstract is accepted, the submitter is obligated to ensure it is presented by an author or appropriate representative. Kindly include the abstract title and first author's name in your correspondence. Formal withdrawals are accepted via e-mail to [abstractsubmissions@hmpglobal.com](mailto:abstractsubmissions@hmpglobal.com).

**Failure to withdraw in writing and failure to present (no-show) will result in ineligibility for future SAWC abstract submissions as first author.**
