## Charolais Open Heifers

Rank these heifers as potential replacements in a purebred Charolais operation located in the Pacific Northwest. This operation sells yearling bulls to commercial producers. These producers use the bulls to breed mature cows and retain ownership of their calves until harvest.

Number	CE	BW	WW	YW	MILK	CW	REA	FAT	MARB	TSI
1	5.4	-0.6	55	97	17	21	0.93	-0.01	0.12	240.75
