

# 2023 Western National Roundup

## Performance Crossbred Breeding Gilts

### January 6<sup>th</sup>, 2023

Rank these gilts as they should be selected as replacements for use in a showpig operation in South Colorado. Primary production goals and main revenue stem from showpig sales for summer county and state fairs. All pigs not sold as show projects are fed out and sold directly to local restaurants and consumers.

All sows will be housed in complete confinement on concrete slatted floors.
