

2025 American Royal Collegiate

October 2025 Wether Dam Does

These are show does in the prime of their show career and there is a lot of anticipation going into the last fall major. It goes without saying they will eventually become donors that this program sells high-dollar wethers, does, and stud bucks out of.

Pick of these elite females will be offered at a bright-lights, high-energy live sale event down in Texas. How are you arranging this lineup of donors in your sale notes?
