Performance Hereford Heifers

Provided by LT Cattle Company, Mr. Jimmy McCauley

You are the manager of a purebred Hereford operation in northern NM. With cattle prices at record highs, you have the opportunity to expand your herd. You have access to a group of Hereford heifers and limited capital. In recent years, past your spring bull sale has attracted commercial cattlemen who have come to appreciate the practicality, longevity, and structural integrity of the bull offering – you expect the heifer sale to uphold the same reputation.

#	BW	WW	YW	Milk	Teat	Udder	BMI\$	CEZ\$
