

2026 Southern Livestock Expo

March 2026

Performance Brangus Bulls

Provided by Johnston Brangus Letohatchee, AL

Rank these bulls as they should be selected by a commercial cow-calf producer in the Blackbelt region of Alabama to be mated to mature F1 Tiger Stripe cows. All male progeny will be marketed in load lots at weaning, while the top 20% of heifers will be retained as replacements. Another 10% of heifers will sell in groups at the Herdbuilder Replacement Female Sale.

Number	Tag	DOB	BW	WW	Milk	Stayability
1	44 M2	9/2/2024	-0.98	31.2	7.81	3
2	362 N	9/4/2024	-0.56	34.2	8.13	3.2
