Dear Mr. President:

I will like to congratulate you for your courage and excellent job that you are doing as our president. I am not sorry that all the members of my family voted for you at the last election.

I heard that the government of Israel intend to ask a new \$10 Billion in loan guarantees from us so that more money could be diverted from their economy to build more illegal settlements on land that they do not own. They take our money and ignore your wishes and the one of congress and the majority of the americans . The likelihood of default on the loans guaranteed by us is increasing due to their precarious and artificially sustained (mainly by us) economy and we will have to pay for it with increased taxes when we have so many homeless in our country who need help. They will be counting on an election year to push their "demands", like if they were running this country .

Please continue your effort in behave of justice and protection of the american taxpayers interest. I wish more of our Georgia congressmen had your courage and voted their conscience rather the dictation of the jewish lobby.

Sincerely yours

Zuher Naib MD

Dear Dr. Naib:

Thank you for your letter of July 19 to the President expressing your opposition to providing loan guarantees for \$10 billion to Israel for immigrant absorption.

The U.S. has long supported freedom of emigration from the Soviet Union. The U.S. has provided significant assistance to Israel for immigrant resettlement in recognition of the demands the recent influx has placed on the economy. At the same time, we are aware of concerns about the use of U.S. aid to finance Israeli settlement activity. With regard to the \$10 billion loan guarantees, the U.S. and Israeli governments have agreed to defer discussion of the issue of absorption guarantees until after Labor Day. We are aware of concerns about their potential impact on the U.S. budget.

We appreciate your sharing your views on the possibility of additional loan guarantees for Israel.

Sincerely,
