THE WHITE HOUSE
WASHINGTON

MEMORANDUM FOR VERONICA BIGGINS

FROM: Melanne Verveer

CC: Tom Shea

Enclosed is the resume of David Turetsky for one of the Commissioner seats (not Chair) of the Federal Trade Commission. He comes highly recommended by people in the field. Currently, he works at the Department of Justice with Anne Bingaman, who endorses him strongly. He has the support of Senators Bradley and Lautenberg. Susan Thomases is also a strong supporter. My husband knows him well and would be happy to serve as a strong recommender (his phone number is 429-4740) if anyone wants to talk to him about Turetsky or about the FTC in general.

David was very active in the campaign. He encompasses the strong combination of active Clinton supporter, strong professional with excellent credentials who is exceptionally qualified for the FTC, and a person of exceptional character. If we could also name a respected expert like Robert Pitofsky to be Chair, we could have a strong, experienced team at the FTC.
