Dear Nicole:

It was a pleasure to speak to you a few weeks ago. I was glad to hear that you are still at the White House and, of course, to share my good news about going to work for Ron and Beth Dozoretz at First Hospital Corp. As you may recall, Dr. Dozoretz served on the Board of Directors of the National Health Policy Council and that is how he and I became acquainted.

Since we have not been able to speak by phone, I can only imagine how busy you must be, I thought it would be appropriate to drop you a note. As I previously mentioned, the First Lady said that she would like to come visit Beth and Joshua and, in fact, offered to "baby-proof" the Dozoretz's home. Of course, Beth would be honored to spend some quiet private time with Mrs. Clinton. Please let me know, what day the First Lady would be available.

In addition, Beth would like to arrange a time to meet with either Melanne Verveer or Capricia Marshall in the next few weeks. Beth has some extensive travel plans, and I am, personally, anxious to get this meeting on her calendar. Please let me know, if I should contact someone other than you about Capricia's schedule.

I look forward to hearing from you in the very near future about these two matters. I will continue to try and reach you by telephone. Of course, if it is more convenient, please feel free to send me a fax with possible dates and times. Nicole, I really would like to resolve these two scheduling requests as quickly as possible and greatly appreciated your assistance.

Sincerely,

Jackie Eder
