Sender: George R. Gebus, MD, MPH

YOU SHOULD RECEIVE 2 PAGES, INCLUDING THIS COVER SHEET. IF YOU DO NOT
RECEIVE ALL THE PAGES, PLEASE CALL (301) 903-7385.

MESSAGE: Hi Alla:

There are two contacts which will be of help to you. I have spoken to them both and they are anxious to hear from you.

The first is Neil Wald, MD, who is a leader, a teacher, and a pioneer in this area. He can be reached at the Graduate School of Public Health, University of Pittsburgh at (412) 624-2735 and (412) 624-3040 FAX.

The second is Robert Ricks, PhD. Dr. Ricks directs the Radiation Emergency Assistance Center/Training Site (REAC/TS), located in Oak Ridge, Tennessee. REAC/TS is prepared to respond to radiological emergencies, 24 hours a day, and is a World Health Organization Collaboration Center regarding international response to radiation emergencies. REAC/TS also trains physicians, nurses and others in the medical management of radiation accidents through regularly scheduled courses. Dr. Ricks can be reached at (615) 576-3131, and (615) 576-9522 FAX.

I enjoyed meeting you, and hope your trip to New York City was enjoyable. Please let me know if I can be of more help to you.

Sincerely,

George
