Nº 1198 /95

Dear Hillary:

I have the pleasure of writing you to remit some material regarding the pre-Columbian expeditions which came to Paraguay and whose runic writings are found in numerous hills of the Amambay range. This chain is located on the north east part of the Oriental Region and the runes mentioned have been attributed to the viking-germanic civilisation of Scandinavia.

I am pleased to remit these papers to you based on the conversation we held at lunch at the Presidential Residence, during the 5th Conference of Wives of Heads of State and of Government of the Americas.

I hope you find this documentation interesting.

Sincerely yours,

Maria Teresa Carrasco de Wasmosy
