Dear Mr. Press:

Thank you for your letter of August 16 to the First Lady and for your invitation to her to serve as honorary chair of the Women's Vote! Project for 1996. Unfortunately, given the nature of the fundraising letter, the Office of the White House Counsel believes it would be inappropriate for the First Lady to serve as the project's honorary chair. I regret that Mrs. Clinton will be unable to serve as honorary chair.

Thank you for your assistance in this matter.

Dear Ms. Ross:

We have received copies of your letters soliciting contributions to a book of letters by American women to the First Lady. We appreciate the concerns underlying the book and understand the worthiness of your motives.

However, we are puzzled by the reference to the First Lady since our records do not indicate that you were given permission to use her name in soliciting materials for your book. We therefore ask that you please clarify to your contributors (or potential contributors) that the First Lady has not authorized you to request letters in her name.

Enclosed please find long-standing White House guidelines on this subject. Thank you for your cooperation in this matter.

Sincerely,

MEMORANDUM FOR WHITE HOUSE AND EXECUTIVE BRANCH STAFF

FROM: Francis Thomas Sobol
Special Counsel to the President

SUBJECT: Policy Guidance on Non-White House Uses of the President's and First Lady's Likeness, Word, or Activities as well as Images of the White House and the President Seal

Background

The President receives many requests from individuals, businesses, educational institutions, and others to use his name, likeness (pictures or video tapes), activities, or words to promote a variety of endeavors. Businesses, individuals, and communities often propose to use pictures or references to the President's visits or words to promote their products, services, or potential. Various companies desire to use a likeness of the President, the First Family, the White House or the Presidential Seal to capture the attention of the public for their advertising and in the process create a linkage (intentionally or otherwise) between their products or services and the President.

White House Policy Against Commercial Entanglements for the President

The White House's long-standing policy is to refuse permission to use the name, likeness, words, or activities of the President, his family, or the White House itself, in advertising or commercial promotions in any way that suggests a connection between the President, his family, or the White House, and the advertising or promotion, notwithstanding the merits or reasons that accompany the request. The Vice President also subscribes to this policy and its implementing procedures.

Exceptions to the Policy

The reproduction of the likeness, words or activities of the President, his family, the White House, or the Presidential Seal in educational materials or presentations may be allowed by the White House on a case by case basis. The test for approval is whether the use avoids creating an impression of a Presidential endorsement or approval of a commercial product, service, or enterprise. In addition, permission may be granted to use the President's likeness or that of the White House in fund raising activities conducted under Government auspices or involving a worthwhile charitable or philanthropic endeavor after a case by case review of the merits of the request.

Procedures for Policy Enforcement

Prior written approval must be obtained from the Counsel to the President for all non-White House uses of the likeness, name, words, or activities of the President, his family, or the White House itself. The same policy applies to proposed uses of the Presidential Seal; however, uses of the Seal are also governed by Federal law as codified in 18 U.S.C. § 713.

Violations of these policies will lead to appropriate legal action by the Office of the Counsel to the President.

All requests should be in writing and sent to the Office of the Counsel to the President, the White House, Washington, D.C. 20500.

Public areas of GSA-controlled property may be used for other activities permitted in accordance with Subpart 101-20.7.

§ 101-20.310 Photographs for news, advertising, or commercial purposes

Photographs may be taken in space occupied by a tenant agency only with the consent of the occupying agency concerned. Except where security regulations apply or a Federal court order or rule prohibits it, photographs for news purposes may be taken in entrances, lobbies, foyers, corridors or auditoriums when used for public meetings. Subject to the foregoing prohibitions, photographs for advertising and commercial purposes may be taken only with written permission of an authorized official of the agency occupying the space where the photographs are to be taken. USE OF THE NAME OR LIKENESS OF THE PRESIDENT OF THE UNITED STATES

236 Use of the President's Name or Likeness

President Clinton is adhering to a long-standing policy of refusing permission to use the name or likeness of the President of the United States, or of the First Lady, in advertising or commercial promotion in any way that suggests a connection between the President or First Lady and such advertising or promotion, notwithstanding the merits or reasons that accompany the request. The reproduction of the President's or First Lady's name or likeness for sale as such, or inclusion in an educational game, book, collection of portraits and/or biographies shall not be considered advertising or promotion if there is no indication or suggestion of endorsement or approval by the President or First Lady of a commercial product, service or enterprise.

The Counsel to the President has advised the Council of Better Business Bureaus, Inc. (CBBB) that exceptions to this rule, which has been adhered to by all Presidents, can be granted only after a request in writing has been submitted to and approved by the Counsel to the President.

The policy applies with equal force to the use of the name or likeness of the President, or of the First Lady, for any promotion or similar publicity purposes. The only instances where permission has been granted have been in connection with fund-raising campaigns sponsored by the federal government, or conducted under government auspices, such as those of the American National Red Cross. Even to such organizations, no overall permission is granted. Each individual case must be brought to the attention of the White House for approval and such exceptional cases could be considered only on their individual merits.

Exception may also be made with respect to advertisements promoting books or articles about the President authored by him or radio-TV programs featuring him, but only if such advertisements are submitted to the Counsel to the President for approval in advance. This procedure must also be followed in connection with similar advertisements

proposing to make use of the name or likeness of the First Lady. (See also 2-394.)

For additional guidance, contact the Office of the Counsel to the President, the White House, Washington, D.C. 20500; telephone (202) 456-7900.

Use of the Presidential Seal

It is not permissible to use the Seal of the President of the United States in advertising copy. The Presidential Seal may be used only as authorized by Federal statute or by the Counsel to the President. (18 U.S.C. Sect. 713 and Executive Order No. 11649 (1972))

Use of the Vice President's Name or Likeness

Counsel to Vice President Gore has informed the Council of Better Business Bureaus that the Vice President and his family would ask that their names and likenesses not be used for advertising commercial enterprises. The Vice President has adopted exactly the same policy on use of his or his family's name or likeness as maintained by the President.

Council of Better Business Bureaus' Recommendations

The Council of Better Business Bureaus recommends to advertisers and advertising agencies that if any use of the President's or Vice President's name or likeness, or those of their families, office or staff, or of the Presidential Seal, is contemplated for advertising or commercial purposes, it be submitted in advance to the Counsel to the President or Vice President for approval.

CBBB recommends to media that they require all advertisers offering advertising which uses the name or likenesses of the President, Vice President, their offices, seals or staff, or members of their families, to submit evidence of authorization of such use.

§ 713. Use of likenesses of the great seal of the United States, the seals of the President and Vice President, and the seal of the United States Senate

(a) Whoever knowingly displays any printed or other likeness of the great seal of the United States, or of the seals of the President or the Vice President of the United States, or the seal of the United States Senate, or any facsimile thereof, in, or in connection with, any advertisement, poster, circular, book, pamphlet, or other publication, public meeting, play, motion picture, telecast, or other production, or on any building, monument, or stationery, for the purpose of conveying, or in a manner reasonably calculated to convey, a false impression of sponsorship or approval by the Government of the United States or by any department, agency, or instrumentality thereof, shall be fined not more than \$250 or imprisoned not more than six months, or both.

(b) Whoever, except as authorized under regulations promulgated by the President and published in the Federal Register, knowingly manufactures, reproduces, sells, or purchases for resale, either separately or appended to any article manufactured or sold, any likeness of the seals of the President or Vice President, or any substantial part thereof, except for manufacture or sale of the article for the official use of the Government of the United States, shall be fined not more than \$250 or imprisoned not more than six months, or both.

(c) Whoever, except as directed by the United States Senate, or the Secretary of the Senate on its behalf, knowingly uses, manufactures, reproduces, sells or purchases for resale, either separately or appended to any article manufactured or sold, any likeness of the seal of the United States Senate, or any substantial part thereof, except for manufacture or sale of the article for the official use of the Government of the United States, shall be fined not more than \$250 or imprisoned not more than six months, or both.

(d) A violation of the provisions of this section may be enjoined at the suit of the Attorney General,

(1) in the case of the great seal of the United States and the seals of the President and Vice President, upon complaint by any authorized representative of any department or agency of the United States; and

(2) in the case of the seal of the United States Senate, upon complaint by the Secretary of the Senate.

Dear Hillary,**LETTERS FROM THE WOMEN OF AMERICA**

New York, New York 10019

Dear Ms. Maraldo,

I'm currently working on a book and wonder if I may ask for your participation. The book is a compilation of letters written by American women to the first lady, Hillary Rodham Clinton. I have been inviting women from across the nation to contribute letters expressing their concerns, observations and wisdom. To contact the contributors I have been working with national women's organizations concentrating on issues of importance in today's America. Some of the subject headings are, "Survivors", for which I have been working with SHARE and the Cancer Recovery Program to reach women who have survived cancer and other life threatening diseases, Victims for Victims for survivors of violent crime and abuse, and Survivors of the Shoah for Holocaust survivors. Some other chapter headings are, "Our Protectors" for which I have contacted women in the military services, firewomen, law enforcers, and legal counselors, "Outsiders and Insiders" which includes women in prison, "Artists and Visionaries", "Our Educators", and "New Arrivals".

In the section titled "Caregivers" we will hear from several women who provide health care services of many kinds. We will hear from women who are mothers of children with special needs and concerns including women associated with the Pediatric Aids Foundation, the Make-A-Wish Foundation, and the Federation for Educating Children with Autism, and others. We will hear from women who work in AIDS hospices, hospitals, and women who practice preventative medicine and holistic healing.

Something very evident to me has been how much we hear from women protesting outside women's health care clinics but how little we hear from the women who work in them. I would like to invite the women who work in Planned Parenthood facilities across the country, as well as those who work for your organization. As I'm sure you well know, this is a time of great concern for not only how we provide health care services for women, but also a time in which we still have a need to protect our right to do so. I think that it is vital that the women who do this most urgent and necessary work have a voice in this book.

I hope you will consider contributing a letter yourself. I know that a letter from you would make this book all the more complete. Please let me know if there are any women that you feel should be included in this book. It promises to be a very exciting and powerful project and I so appreciate any assistance you or your office can give me.

Sincerely,

May 1995

I would like to invite you to contribute to a book of letters by American women to the first lady, Hillary Rodham Clinton. Your letter should be about whatever topic you choose and in your own words.

I will be collecting letters from women all over the United States that will be compiled into a single book intended for publication.

There will be no financial compensation for your letter, only the promise that it will be considered for publication and, most important, that it and its content will be brought to the attention of Hillary Clinton herself.

For publication purposes some of the letters may be copyedited, but I assure you the meaning, content and integrity of your letter will not be tampered with.

Of course timing is essential as there will be many letters, so please respond as soon as possible. My goal is to receive all of the letters by July 15, 1995. I have enclosed a self-addressed, stamped return envelope for your convenience.

Thank you for your interest and effort and most of all, for your contribution to a project that promises to be unique, exciting and powerful.

Each of us has something important to say and all of us need to hear each others' voice. The more we know of each other—sharing our wisdom, insights and hopes—brings us closer to understanding ourselves and our country. And collectively, we can become a beacon toward a better future. I invite you, in this small way, to join your fellow countrywomen, all of us who make up the women of America.

Sincerely,

Elizabeth Ross

Dear Mrs. Clinton:

As FDA CDER Associate Director Roger L. Williams puts the "finishing touches" on the product (two years in the making) of the Commissioner's soon-to-be-released **HALCION®** Task Force investigative report, we are quite certain that you will want to have this advance copy abbreviated outline of our **HALCION®** investigative report (extracted from our **HALCION®** Fact Book and over 18,000 pages of domestic and international scientific, medical and legal evidence). Now, Hillary, in the comfort of your own office or home, the two can finally be compared when the Dr. Williams report is approved by "higher authority" and is finally made public. Our uncensored, unedited, nothing withheld full text report runs more than 600 pages. It can be used by appropriate regulatory, Health and Human Services, White House and Justice officials to: (1) fully verify and confirm the hard evidence we have been attempting to present to seemingly appropriate Federal officials since 1991; and (2) fully justify (based upon both the Williams and Soucek extremely complex documentations presented to you on **F-6** basis) our long-standing request demand for a thorough and comprehensive multi-(Federal agency) investigation of this seriously-flawed drug, its manufacturer, the government and certain public- and private-sector officials, past and present, directly or indirectly involved with or otherwise concerned with the FDA approval of this triazolobenzodiazepine hypnotic, its sales and marketing and its protection and insulation since 1982.

Based upon the product of our exhaustive investigative report, you should be able to confirm that the manufacturer knew this drug to be defective (and "unfixable") as early as 1973. An FDA research team studied and rejected this drug from 1976 to the end of 1982. It found that triazolam lacked an adequate margin of safety and that its considerable risks negated any possible benefit to be derived from its prescription (since four other prescription sleep aid medications had already been approved by FDA). The evidence clearly shows that most (if not all of) clinical trials cited by the manufacturer to "prove the safety and efficacy" of **HALCION®** was "manufactured" or otherwise fraudulent (to say the least). FDA Clinical Investigations confirms that some were never conducted at all. FDA Clinical and Criminal Investigations divisions are "ordered" to cease and desist all triazolam investigative activities. Others is Federal service are told to investigate no further and are warned not to discuss this and all related matters with anyone. A few are threatened with job loss and worse. We've got copies of the letters they received from HFC-1, et. al. How many more HF's are involved?

The manufacturer's flawed benzodiazepines have reportedly made more than \$10 billion since 1980. The manufacturer has reportedly spent more than \$700 million to protect and defend its BZs worldwide. Many past and present key government officials have personally profited from their involvements on behalf of this manufacturer. An estimated \$200 million has gone to these individuals as legal, illegal and "third-party" payments for "services rendered". There has never been Congressional oversight on this subject. The former Committee and Subcommittee chairs and the former Chairman of the House Ways and Means

Page Two
Mrs. Hillary Clinton
October 15, 1995

Committee have received massive payments from this manufacturer. So, too, have several well-known American psychiatrists and psychopharmacologists simply to sign their names to manufacturer-prepared papers they never researched or wrote. Much of the literature used to advance triazolam throughout the World is found to be false, deceitful and not based upon verifiable scientific evidence. Fraud and misrepresentation are suppressed by FDA.

FDA advisory committee "neutral" panelists, twice recruited to "deliberate" **HALCION®**'s fate in 1989 and, again, in 1992, are found to be beholden to the manufacturer and anything but neutral. Eight out of 12 came from institutions regularly receiving six- and seven-figure annual "stipends" from the manufacturer. None recuse. No cite "possible conflicts of interest". People actually leave FDA because the Commissioner refused to tell the medical community and the public the truth. While the Commissioner denies personal involvement, the European-published obituary of the manufacturer's former Board chairman praises the Commissioner for keeping the drug on the market "just a while but longer". What Committee to Reelect the President accepted illegal campaign contributions from this manufacturer (until the Kalamazoo Gazette "blew the whistle")? What (different political party) Congressman's wife accepted a six-figure check from this manufacturer? How many FDA, PHS, and DHHS officials likewise? Our Treasury "mole" can tell. Meanwhile, FDA and manufacturer epidemiologists charged with sounding adverse reaction/serious side-effect alarms were stopped by their respective superiors from alerting the American medical community and the public for almost seven full years. How many serious injuries (including ours), maimings and deaths (even murders) could have been prevented if the epidemiologists had simply been permitted to do their jobs (as required by the Food, Drugs and Cosmetics Act, as twice amended). The individual who approved **HALCION®** over the protests of the senior medical officer and her entire research team in 1982 is the same individual who suppressed the epidemiologists (1985-1991). Collusion? Conspiracy? Cover up(s)? In mass quantities --- and we can prove it. There are many more crimes, much detailed in our report --- enough to cause Justice to charge, indict, prosecute and convict (unless stopped by "higher authority"). The safety and efficacy of the Food and Drug Administration itself (and its Executive Secretariat) is presently on trial. A full disclosure surely will not help to inspire the confidence of the American and World medical communities. Just ask the British, the Dutch and the French. They know that our Government chooses to ignore?

Mrs. Clinton, our most serious charges and allegations and our companion claims against the Government of the United States and certain officials, past and present, continue. We'll accept your "Whistle Blower" payments, too. There is absolutely no excuse for Federal inaction in these matters. The public's trust has been violated. The public's health has been endangered. Unnecessarily. Avoidably. All in the pursuit of the almighty ~~\$\$\$ \$\$\$~~ ~~\$\$\$ \$\$\$~~. When you carefully review the Roger Williams-Jane Axelrad-Janet Woodcock-Robert Temple-Paul Leber-David Kessler, et. al. investigative report and compare it to the materials we have already furnished (or are prepared to furnish, if you like), you will find our most serious charges and allegations confirmed by the Federal government itself (in print). To say that a Federal District Court judge lacks jurisdiction in this matter simply adds to the collusion, conspiracy, cover up theory. We shall be pleased to provide you with our full text investigative report. The depositions of the two manufacturer senior scientists and its two senior epidemiologists alone will cause you and the others to cause the immediate suspension of all FDA-issued triazolam product licenses coincidental with the initiation of the criminal investigation pleaded for in each and every one of our earlier submissions.

Cordially,

Mike Soucek

Dear J The importance of our getting together very soon cannot be understated. MC can authenticate and validate us and our work with C . Please don't have 's press aide () attempt to run your interference (at least not with us). With your triazolam knowledge and unique FDA Secretariat perspective, to do nothing is a crime in and of itself. Be assured that the "House of Cards" is about to fall; and, regardless of which hand-picked fall guy (Jane Axelrad or Roger Williams or Janet Woodcock), the roles of Drs. Kessler, Peck, Temple and Leber will be made public with many, many more. It is not unreasonable to believe that Peck, Temple and Leber could be tried for murder (in addition to the more obvious charges we seek). Do you have any idea just who (all) is involved in this at the higher levels and along the aisles where you now work? Please take the enclosed materials home over the weekend and call us first thing Monday morning. We have everything necessary to cause the immediate suspensions of all product licenses coincidental with the initiation of the multi-Department criminal investigation. Our people inside FDA and TUC are ready, willing and able to do what must be done. After more than five years of direct communication with you, we would hope that you (at long last) will now want to join us now and that you really feel compelled to be a part of the solution here in the interest of public safety and health instead of one believed to have helped extend the problems through inaction. While the choice is clearly yours, we know what we would do given what you know we know. Your decision should not be all that difficult. Know, too, that some of your former colleagues are about to change sides. You did head the Commissioner's Office of Special Investigations for a long and relevant time, n'est ce pas? With Mr. Mitchell and Ms. Prince, the HF Executive Secretariat (1-28) three Cs program¹ seems to be continuing, much to our chagrin and, probably, yours. Jack seems to value his paycheck a lot more than he values serious public health and safety issues and crimes so abundant herein. This fraud upon the United States government and American citizens everywhere must not be permitted to continue. The public must be told! Now!!! We know you agree. H

? That does not sound like you! Warmest personal regards, J . We again invite you to join us ASAP today. You have our trust. Cordially, **Mike & Ingrid Soucek.**

Dear Carl: It is becoming increasingly difficult to see Janet Reno's Justice Department as "user friendly". The exact same four-page facsimile which you received from us this morning apparently was met with great disfavor in the Office of the Deputy Attorney General. A rather unpleasant woman who (reluctantly) later identified herself as Brenda Smith, J. S. Gorelick's Special Assistant, "ordered" us to discontinue sending faxes to the Deputy Attorney General. She refers us with the "generic" Justice number for future communications. Mind you. We are desperately trying to attract the attention of a seemingly appropriate senior Justice Department official to report serious crimes in progress. Our DAG database shows Casey Cooper, Amy Jeffress, Geoff Klineberg and Charlie Sgro as Gorelick Special Assistants. No "Brenda Smith" can be found on our Office of the Deputy Attorney General personnel listing. Today's experience, regrettably, is not unlike the Director of the Reno Federal Bureau of Investigation returning unopened eight (8) certified mailings or Federal Express packages since the 1st of this year. **WE ARE ATTEMPTING TO REPORT SOME PRETTY HEAVY CRIMES.** Instead of the acknowledgment, support and assistance which one could reasonably expect from Justice and the Bureau when such well-documented hard evidence is provided, (former) CID Division/Deputy Director Potts sends a "rogue" special agent to our home in an attempt to intimidate us, Judge Freeh orders our letters returned unopened, and the Deputy Attorney General apparently prefers that we discontinue all attempts to involve her in these matters. Combine that with your Iden Grant Martyn's recent response that he'd "like to help us but cannot", the attitude of United States Attorney Nora M. Manella in Los Angeles, et. al. and one could get the impression that the Reno Department of Justice has no interest whatsoever in investigating our most serious charges and allegations. As you know, the Attorney General, the Deputy AG, the Assistant Attorneys General for the Criminal, Civil and Civil Rights Divisions and the Director of the Executive Office for United States Attorneys have all received easily validated, confirmable qualitative hard evidence from us in great quantity on an **F-6** basis. The words collusion, conspiracy, cover up, fraud, misrepresentation, mismarketing, fraud upon the United States government, failure to uphold the public's trust, repeated violations of FD&CA, repeated violations of several other Federal laws, bribery, personal enrichment, derelictions of duty, errors of omission and commission, et. al. Can you help us, Carl. While I don't think we're wrong in trying to involve Justice, its beginning to appear more and more that the conspiracy-collusion-cover up theory may have some merit. It's not difficult to understand why the previous Administration would not want to act. Reno-Freeh failure to act is truly beyond our ability to comprehend. We ask only for the initiation of a thorough and comprehensive multi-Department (agency) criminal investigation of **HALCION®**, its manufacturer, elements within the government and those public- and private-sector officials, past and present, directly or indirectly concerned with this seriously-flawed drug's licensing request approvals, its sales and marketing and its insulation and protection since 1982. We have provided everything Justice might require to fully justify such an investigation. Freeh doesn't want our letters requesting an investigation. Now, apparently, Gorelick refuses faxes containing the same message. Did you find this morning's transmission offensive, Carl? Is the Justice Department not the appropriate Government agency to investigate our most serious charges and allegations? Please do what you can to help us break the logjam at the top of your organization chart; and refer these matters to someone in a position of authority who can help us to get the investigation initiated simultaneous with the indefinite FDA suspensions of all product licenses pending the outcome in the interest of public safety and health. Don't protect a "killer drug" any longer. How many more must die or be seriously injured before Justice acts? NBC? Warmest personal regards. Cordially, **Mike & Ingrid Soucek.**
