Dear First Lady Clinton:

Your office recently received a letter from Mr. Charles E. Love, Southern Regional Vice President on the National Urban League asking you to reconsider a visit to the Chattanooga Area Urban League to talk about Health Care Reform. Enclosed is a copy of that correspondence.

I hope you will consider this invitation carefully. The Urban League of Tennessee represents the interests of about 300,000 citizens, and your insights on the continuing dialogue of Health Care reform would be a great interest.

Thank you for your attention to this request.

Sincerely,

Harlan Mathews

Dear Mrs. Clinton:

As the Vice President of the Southern Region of the National Urban League, I greet you best wishes. As you may remember, I wrote you a letter on January 3, 1994, requesting that you pay a visit to Chattanooga, Tennessee regarding Healthcare Reform, at that time your office felt that it was not a high agenda item. Again I am requesting you to visit our area on behalf of the serious healthcare concerns for the citizens we serve through the Urban League (approximately 300,000) in Tennessee. The current local, state, and national offices that are vacant in our state is a key to the Administration's effort to move forward regarding healthcare.

We encourage you to visit our city (just 100 miles north of Atlanta, Georgia) and use this opportunity to impact this region regarding your efforts.

Your prompt response to a visit in our area would be appreciated. If your schedule permit, we would like for this visit to take place in June or July.

Respectfully,

**Charles E. Love
Southern Region Vice President
National Urban League**
