Just talked to Lael briefly about this. She said Harmon told her about it, and wants to announce it on Wednesday. Still no paper from Exim. Per Lael, I am trying to get hold of Clyde Robertson, VP of Exim, to follow up. If it's a good announcement, we'll try to get them to hold off until we do our G-8 infectious disease announcement on Thursday in Tokyo.

Subject: ExIm Announcement on HIV/AIDs Export Financing

Need to assess this announcement to determine whether we should hold it for the infectious diseases press line out at Tokyo. Is this good news? big news? Should we ask Harmon to hold it for a day?

Finally reached Clyde Robinson at Exim this afternoon. The person who is working for him on this is out of the office today, and he himself was not very knowledgeable about the proposal. He asked if they could have until Monday to send us something. I pushed back and asked them to send draft paper or have their person call us later today or tomorrow, which he said he try to arrange. Will loop in Laura and Ken and report to you once we receive paper or hear more.
