FROM: Harold Ickes

REQUEST: For the President to tape a series of
labor videos in one sitting, including
a generic video which could be substituted
for future labor requests.

BACKGROUND AND
PURPOSE:

The President consistently receives invitations to attend labor union conventions. Often a video-taped message or satellite is substituted, as his schedule can not accommodate all of them. Since these must be done off the complex, it would be most efficient to tape several at one sitting. These would include messages to: the American Postal Workers Union, the National Rural Letter Carriers' Association, the National Association of Letter Carriers, the Retail, Wholesale, and Department Store Union, the International Association of Bridge, Structural and Ornamental Iron Workers, the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry, the National Air Traffic Controllers Association, and the International Association of Firefighters. In addition, the taping of a generic video is proposed, one which could be used for future labor requests. Because each of these videos is needed in August or September, we request the videos be taped at the end of July.

Dear Mr. President:

1996 is the 100th Anniversary of Rural Free Delivery (RFD) in America. The first route was in West Virginia in 1896.

In honor of the anniversary, The National Rural Letter Carriers' Association is holding our 92nd annual convention in Charleston, West Virginia on August 6 - 9, 1996. Postmaster General Runyon will conduct a First Day Issue ceremony at our convention on August 7 for a stamp commemorating 100 years of RFD.

On behalf of our 92,000 members and the 3000 people who will attend the convention, we would like to request a video message from you.

Thanking you in advance for your consideration and support.

Dear Mr. President:

The 60th Biennial Convention of the National Association of Letter Carriers, AFL-CIO will be held in Orlando, Florida from August 12 through August 16, and the roughly 7,000 delegates who will be in attendance would be honored if you were to speak to them.

I appreciate the fact that August will be an extremely busy time for you, but please give serious consideration to this invitation. NALC's delegates hail from every state in the country and represent the 320,000 dedicated letter carriers and retirees who comprise the membership of our 107-year old organization.

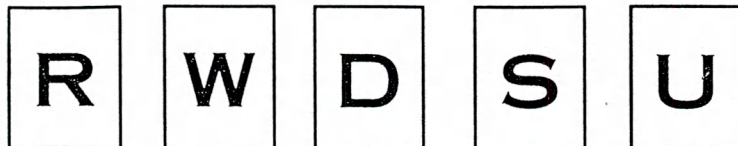

I thank you for your consideration to this request.

Dear Jennifer:

As we discussed, the Retail, Wholesale and Department Store Union, AFL-CIO, CLC is requesting your assistance in shooting a videotape of President Clinton addressing RWDSU members.

We made a similar videotape four years ago where then candidate Clinton thanked the union for its early support, discussed what was at stake in the 1992 elections and urged RWDSU members to do everything they could in the general election campaign.

As we did four years ago, the video would be shown at regional meetings throughout the United States, be sent to local unions to be used at their own meetings, and be distributed directly to members as well. If there would be any problem with either the proposed content or the method of distribution, we would of course change our plans as you advise.

Thanks for your help.

Dear Mr. President:

On behalf of over 150,000 members of the International Association of Bridge, Structural and Ornamental Iron Workers, I would like to extend to you a formal invitation to address nearly 5,000 delegates at our 39th Convention in Las Vegas the week of August 12, 1996.

We will be celebrating our International Union's 100th Anniversary at that time and we would be especially honored if you would speak to the Iron Worker delegates and their families. Considering that our gathering is only weeks before your renomination at the Democratic National Convention, it is my firm belief that this platform would indeed offer an ideal opportunity for speaking to working people nationwide.

As you know, the 104th Congress has unleashed an assault on sixty years of labor law that can only be deterred by your successful re-election and the winning back of both the U.S. House of Representatives and the U.S. Senate. The Iron Workers are committed to this end.

I realize that you will be burdened by an extremely busy schedule next summer, but I sincerely hope you will consider our Las Vegas Convention as a major campaign stop along the way to Chicago.

I am available to discuss this matter in greater detail at the convenience of you and your staff. As always, the Iron Workers appreciate your consideration.

Respectfully yours,

Dear Mr. President:

On behalf of the General Executive Board, our officers and staff, I would like to personally invite you to address the 1996 Convention of the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada.

Our convention will be held August 5 through 9 in Las Vegas and we would be honored if you could address our 3,300 delegates on our opening day Monday, August 5, live via satellite.

As you may know, the United Association represents over 290,000 union apprentices and journeymen plumbers, pipe fitters and welders throughout the United States and Canada.

This convention is an excellent opportunity for our local leaders from throughout North America to gather and hear experts in the political and labor arenas speak on legislative, economic and social developments affecting our members.

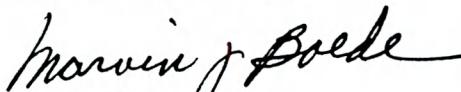

This convention falls exactly three months prior to November's general election and I'm sure our delegates and guests would benefit greatly from hearing your views on the modern-day labor movement and your vision for America's future.

Dear Mr. President:

In September, approximately 1,500 air traffic controllers will travel to Pittsburgh, Pa., for NATCA's biennial convention. It would be our honor to have you address our convention either on September 10th or the 11th at 10 a.m. if your schedule permits.

Your administration, through its efforts of reinventing government, will lead the Federal Aviation Administration into the 21st Century. We have long supported your efforts to streamline the way FAA does business. As air traffic controllers, we place safety of the flying public as our number one concern.

Our membership is indeed grateful for your efforts in restoring our Chapter 71 bargaining rights when you signed HJ Res. 170 on March 29. My staff worked with your office for three months and with the Congress to secure our bargaining rights, which the transportation appropriations committee had deleted in H.R. 20002. Without your direct involvement, our union would not exist today as it once did.

Your intervention was not lost on our union that arose from the dust a mere nine years ago.

Again, it would be our honor to have you address our convention and we would asset you with any arrangements you wish to make.

Sincerely,

Barry Krasner

On behalf of the membership of the American Postal Workers Union, AFL-CIO, I cordially invite you to be honored guest speakers at our 13th Biennial National Convention. The convention, to be held in Los Angeles, California, will commence on Monday, August 19, 1996 and will close on Friday, August 23, 1996. We expect approximately 5,000 delegates and over 10,000 attendees.

The American Postal Workers Union, AFL-CIO is comprised of 355,000 members throughout the nation, and we are the largest postal union in the world. We have some 2,500 locals in all of the 50 states, Puerto Rico, the Virgin Islands, and Guam.

At our 1992 convention in Anaheim, California, the delegates unanimously endorsed the Clinton-Gore ticket. At our 1994 convention in Detroit, Michigan, we had the honor of having Vice President Al Gore serve as our guest speaker. If your schedules permit, we would welcome the opportunity to have you address our delegates this year to review the achievements of your administration and to look ahead to our joint struggle to realize progressive legislation for the working citizens of this country.

I look forward to hearing from you and hope you will do us the honor of serving as our honored guests upon this special occasion. With kindest personal regards and every best wish, I remain

It's too far off for me to know —
but this is kind of an odd group/event
for Mrs Gore. I would recommend that you
look for someone else — August is a MESS
with Olympics/Paralympics/Convention.

Dear Mr. President & First Lady Clinton:

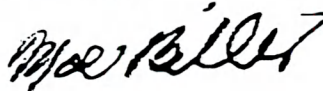

On behalf of the membership of the American Postal Workers Union, AFL-CIO, I cordially invite you to be honored guest speakers at our 13th Biennial National Convention. The convention, to be held in Los Angeles, California, will commence on Monday, August 19, 1996 and will close on Friday, August 23, 1996. We expect approximately 5,000 delegates and over 10,000 attendees.

The American Postal Workers Union, AFL-CIO is comprised of 355,000 members throughout the nation, and we are the largest postal union in the world. We have some 2,500 locals in all of the 50 states, Puerto Rico, the Virgin Islands, and Guam.

At our 1992 convention in Anaheim, California, the delegates unanimously endorsed the Clinton-Gore ticket. At our 1994 convention in Detroit, Michigan, we had the honor of having Vice President Al Gore serve as our guest speaker. If your schedules permit, we would welcome the opportunity to have you address our delegates this year to review the achievements of your administration and to look ahead to our joint struggle to realize progressive legislation for the working citizens of this country.

I look forward to hearing from you and hope you will do us the honor of serving as our honored guests upon this special occasion. With kindest personal regards and every best wish, I remain

Sincerely,

Moe Biller
President

Dear Jennifer:

As we discussed, the Retail, Wholesale and Department Store Union, AFL-CIO, CLC is requesting your assistance in shooting a videotape of President Clinton addressing RWDSU members.

We made a similar videotape four years ago where then candidate Clinton thanked the union for its early support, discussed what was at stake in the 1992 elections and urged RWDSU members to do everything they could in the general election campaign.

As we did four years ago, the video would be shown at regional meetings throughout the United States, be sent to local unions to be used at their own meetings, and be distributed directly to members as well. If there would be any problem with either the proposed content or the method of distribution, we would of course change our plans as you advise.

Thanks for your help.

Sincerely,

Stuart Appelbaum
Secretary-Treasurer

Dear Mr. President:

On behalf of the General Executive Board, our officers and staff, I would like to personally invite you to address the 1996 Convention of the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada.

Our convention will be held August 5 through 9 in Las Vegas and we would be honored if you could address our 3,300 delegates on our opening day Monday, August 5, live via satellite.

As you may know, the United Association represents over 290,000 union apprentices and journeymen plumbers, pipe fitters and welders throughout the United States and Canada.

This convention is an excellent opportunity for our local leaders from throughout North America to gather and hear experts in the political and labor arenas speak on legislative, economic and social developments affecting our members.

This convention falls exactly three months prior to November's general election and I'm sure our delegates and guests would benefit greatly from hearing your views on the modern-day labor movement and your vision for America's future.

Dear Mr. President:

On behalf of over 150,000 members of the International Association of Bridge, Structural and Ornamental Iron Workers, I would like to extend to you a formal invitation to address nearly 5,000 delegates at our 39th Convention in Las Vegas the week of August 12, 1996.

We will be celebrating our International Union's 100th Anniversary at that time and we would be especially honored if you would speak to the Iron Worker delegates and their families. Considering that our gathering is only weeks before your renomination at the Democratic National Convention, it is my firm belief that this platform would indeed offer an ideal opportunity for speaking to working people nationwide.

As you know, the 104th Congress has unleashed an assault on sixty years of labor law that can only be deterred by your successful re-election and the winning back of both the U.S. House of Representatives and the U.S. Senate. The Iron Workers are committed to this end.

I realize that you will be burdened by an extremely busy schedule next summer, but I sincerely hope you will consider our Las Vegas Convention as a major campaign stop along the way to Chicago.

I am available to discuss this matter in greater detail at the convenience of you and your staff. As always, the Iron Workers appreciate your consideration.

Respectfully yours,

Jake West
