MEMORANDUM TO JIM DORSKIND

FROM: DONALD DUNN *[Signature]*

SUBJECT: NEW YORK DAY

We have been notified of a problem with the New York Day letters for the people listed below. William and Judy Rapfogel were both invited to New York Day and only Judy received a letter. Unfortunately, Judy's letter was addressed to her husband's place of work, not her's. She would like a letter with the correct address, and he would like his own letter. The correct addresses are listed below.

Mr. William Rapfogel
Executive Director
Fourth Floor East
9 Murray Street
New York, New York 10007

Dear William:

I hope you enjoyed yourself at the White House New York Appreciation Day as much as I did. It was great to see so many New Yorkers who are standard bearers in our effort to keep America moving forward.

New York needs leaders like you, and so do I. We are making every effort to work with the 104th Congress in bipartisan cooperation, but we will not compromise our core convictions or allow Congress to reverse the gains we have made in reducing the deficit, fighting crime, and reinventing government. We are working hard to build upon those accomplishments.

I hope your day at the White House provided you with useful information to help you continue to make positive changes in our country. Thank you again for all of your support.

Sincerely,
