FIRST LADY HILLARY RODHAM CLINTON
PSA for CHILDREN'S HOSPITAL LOS ANGELES PORTION OF THE
1996 CHILDREN'S MIRACLE NETWORK TELETHON
February 15, 1996

Of all the wonderful experiences Bill and I have had together, nothing has been more rewarding than raising our daughter Chelsea. Having a healthy child is a blessing we are grateful for every day.

Raising healthy children is the key to a successful future for our country and our world. Children's hospitals play an important role in this effort.

Through its clinical services, research institute and education programs, Children's Hospital Los Angeles provides world-class medical care to thousands of sick and injured children every year. Your gift to Children's Hospital Los Angeles today can give hope to generations of children and their families. Please call now.

RE: Proposed PSA Script for Mrs. Clinton

OF PAGES: 2 (including cover page)

Michelle Crisci suggested I fax you the attached PSA script. As you know, we have submitted a request for Mrs. Clinton to record a PSA for Childrens Hospital Los Angeles. Originally, we had made the request in conjunction with her visit to the Beverly Hilton tomorrow, which will benefit the hospital. I have been told that the PSA can be recorded from Washington and sent to us.

Please call me to discuss or if you have any other questions.

Thank you.

Children's Hospital Los Angeles

**PROPOSED PSA SCRIPT FOR
HILLARY RODEHAM CLINTON FOR
CHILDRENS HOSPITAL LOS ANGELES PORTION
OF THE
1996 CHILDREN'S MIRACLE NETWORK TELETHON**

One of the greatest experiences Bill and I have had in our life together was the birth of our daughter, Chelsea. Having a healthy child is a blessing we are grateful for every day. For much of my professional career, I have worked to make sure that children everywhere can have access to quality healthcare because raising healthy children is key to the future of our country and our world.

As the best children's hospital west of the Mississippi, Children's Hospital Los Angeles provides world-class medical care to thousands of ill and injured children every year through its clinical services, on-site research institute, and education programs. Your gift to Children's Hospital Los Angeles now can make a difference for generations of children to come. The health of our children and our future is so crucial. Please call now.
