Dear Mrs. Clinton:

I wanted to thank you for taking the time to testify before the Energy and Commerce Committee on September 28, 1993.

In the course of the hearing, I questioned you regarding the number of uninsured individuals in the country. I cited seven different sources whose figures all differed from the 37 million stated in the President's Health Care Plan. You explained the reasons for this, and also stated you would provide me with the information used to arrive at this number. I would like this material, along with a breakdown of how many people are uninsured and do not want insurance, plus the number of people who are uninsured and want insurance, but cannot obtain insurance.

Again, thank you for testifying at the committee hearing and I look forward to hearing from you soon.

Sincerely,
