

THE WHITE HOUSE

August 10, 1994

Mrs. Leonard H. Rose
4045 Blue River Drive
St. Clair, Michigan 48079

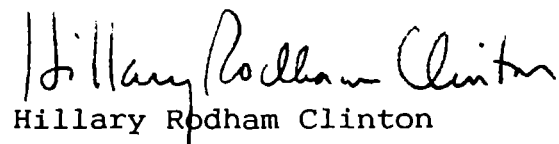

Dear Mrs. Rose:

Congressman David Bonior forwarded to me your letter regarding chemical spills into the St. Clair River and your concerns about their effect on your health.

As you pointed out, pollution has tremendously harmful effects on the health of our citizens and contributes significantly to the rising cost of health care. I was happy to learn about the steps Congressman Bonior has already taken to ensure that the St. Clair River remains free from toxic chemicals. I have also forwarded your letter and accompanying articles to Kathleen McGinty, Deputy Assistant to the President and Director of the Office on Environmental Policy, for her review. Please feel free to contact her at (202) 456-6224 with any further questions or concerns.

Thank you again for writing and expressing your concerns.

Sincerely yours,

Hillary Rodham Clinton

cc: The Honorable David Bonior
