

THE WHITE HOUSE

August 24, 1994

The Honorable Lowell Weicker
210 Capitol Avenue
Hartford, Connecticut 06106

Dear Governor Weicker:

I am writing to thank you for your encouraging and supportive comments about health care reform on "Imus in the Morning."

As you said so eloquently, this is not a time for party politics. Rather, it is a time for members of both parties to work together to pass meaningful health care reform legislation. Your efforts are invaluable in bringing health security to all American families.

With best wishes, I am

Sincerely yours,
