

THE WHITE HOUSE

December 16, 1993

Honorable Daniel K. Inouye
United States Senate
Washington, D. C. 20510

Dear Senator Inouye:

I regret that my schedule did not allow me to meet with the executive directors of the Native Hawaiian Health Care System while they were in Washington last week. I appreciate your kind acknowledgement of my prior meetings with health care leaders of the Native Hawaiian community, and hope there will be another opportunity to get together in the future.

With best wishes for a happy holiday season, I remain

Sincerely yours,

Hillary Rodham Clinton
