Dear Mrs. Clinton:

Almost two month's ago I sent the attached letter asking for answers to my questions on health care that concerned me very deeply. I spent much time writing this letter and would appreciate an answer to these questions in order to understand your proposal. I do realize your busy schedule, but there must be some way my letter could be answered after two months. Senator Bradley and Senator Lautenberg have sent replies and I will anxiously await a response from your office.

Thank you for at least putting forth a proposal, and I hope that a proposal will be set forth that will address some of the health care problems without changing the entire system to a government run operation.

Sincerely,

Constance Abodeely
