re: Radio Marti
and Talk Radio

For the President INFORMATION

Phil -
We need to
find his last
memo which Doug
& Harold I believe
wanted to hold --
& then we'll need
to figure out how to
send this in in Doug's
consultation with Harold.

Upping the power of Radio Marti will likely produce an unintended consequence, the jamming of U.S. AM radio stations by Castro. That's what he did in the 80's and stations hundred of miles from Florida suffered serious interference problems when Castro retaliated against Radio Marti. Lots of station GM's are increasing their headache remedies as we speak.

Any thoughts on the program I suggested with Talk Radio a few weeks back, in which you talk with a small panel of appropriate talk radio show hosts and take calls from other hosts around the country ? I still believe that's an absolute winner, but I have had no response.

Sorry I couldn't make the White House dinner on February 8th, but I was only in the 90th day of the 100 day flu.

You can thank me later for releasing Buchanan from his radio show in order to run for President.

I hope all continues to go well.
