Subject: Converting 1-2-3 to Excel

I. Open Excel

2. Go to File, select open
  3. Select folder where document is stored(folder name will appear in Look In box)
  4. Make sure "All files" appears in file of type box to list each file in folder
  5. Highlight file to be converted
  6. Click open
  7. Highlight column where data is missing or truncated
  8. Go to Format on toolbar, select Column, select Auto Fit selection(this will automatically resize column width)
  9. Once desired changes are made to document; go to File, Save As, and select Microsoft Excel 97 & 5.0/ 95 Workbook
  10. Click save
  11. Now your conversion is finished
- Call me at 56565 and we can through it over the phone if necessary.
