LOS ANGELES - Pioneer and radical. Victim and schemer. Icon and opportunist.

Hillary Rodham Clinton has been described as all of these and more - just as her husband has.

But while the debate over President Clinton will soon recede into history,
...

"She's an incredibly polarizing figure," said Jennifer Duffy, who watches **Mrs. Clinton's** Senate race for The Cook Political Report, an independent newsletter.

"There are very few neutral observers."

As **Mrs. Clinton** spoke Monday night to the Democratic National Convention, some believed a Senate win in November would presage another Clinton presidential candidacy.

These include Republican opponent Rick Lazio. The Long Island congressman has repeatedly suggested that **Mrs. Clinton** has moved east from Arkansas to give herself a better shot at national office.

Mrs. Clinton has pledged to serve the full six-year term if elected to the Senate.

During three days of fund raising and campaigning in ...

... close Senate ally of Al Gore and Joe Lieberman.

"You know, I still believe it takes a village," **Mrs. Clinton** told the convention, referring to her book on children's issues.

"And it certainly takes Al Gore and Joe Lieberman. They have what it takes." The vivid opinions about **Mrs. Clinton** reflect a battle of ideas, said campaign spokesman Howard Wolfson.

"The people who love her know that she will be a ...

... know the same thing."

Peggy Noonan, former presidential speechwriter for Ronald Reagan and George Bush, said the problem is **Mrs. Clinton** acts less like Eleanor Roosevelt than she does Evita Peron.

"I think Hillary has aroused opposition as no first lady ever has because her ...

... observers to conclude that she is a trimmer, that she is a ruthless and dishonest and selfish operator," said Ms. Noonan, author of *The Case Against Hillary Clinton*.

The strikingly different portraits are being painted on the broad canvas of New York politics, where **Mrs. Clinton** and Mr. Lazio are locked in a tight race.

Despite being lesser-known, Mr. Lazio is benefiting from what pollsters call the anti-Hillary vote.

Barbara Olson, author of *Hell To Pay: The Unfolding Story of Hillary Rodham Clinton*, said one reason for people's unease is the first lady's alleged role in controversies that included Whitewater and the White House travel office.

Beyond that, Ms. Olson said, **Mrs. Clinton** is seen as a hard-driving ideologue, someone who tried to nationalize the health care system.

"She is a purist, so ...

... Few people can talk about her without talking about him.

New York pollsters said some women resented **Mrs. Clinton** for not walking out on her husband after learning about Monica Lewinsky. Others believe **Mrs. Clinton** has been too protective of her husband. Lisa Caputo, a former spokeswoman for **Mrs. Clinton**, said the first lady symbolizes the modern emotional debates over the roles of working mothers and professional women everywhere.

"I think that in so many ways **Hillary Clinton** is a transitional figure in history," Ms. Caputo said. "She's not somebody that you can put into a box and affix ...
