Hongguang Jean Zhou
1539 Highland Avenue #10
Knoxville, TN 37916

Dear Ms. Zhou:

Thank-you for your kind offer to volunteer as an interpreter for the American Delegation at the United Nations Conference on Women.

The State Department handles all arrangements related to translation. I have forwarded your letter to them for future consideration.

Sincerely,

Margaret A. Williams
Chief of Staff
to the First Lady

Hillary Rodham Clinton
The White House
Washington, D.C. 20500

Dear Ms. Williams:

The National Association of School Nurses' Annual Conference will be held in Washington, D.C., June 27 - June 30, 1996. The theme of our Conference is, "The Leader in You: Advocating for a Healthy School Community." We would be honored to have Ms. Rodham Clinton address our Conference.

The National Association of School Nurses (NASN) is a voluntary, non-profit, specialty nursing practice organization whose mission is to advance the practice of school nursing and provide leadership in the delivery of quality health programs to the school community.

Nursing services delivered to children and adolescence in the school setting focus on the prevention of injury, illness, and disease, the early detection and referral for correction of health problems. Our services are essential for students with special health care needs that must be met in order for them to benefit from their educational programming. School nurses are challenged by today's societal concerns of violence in the home and community, homelessness, and lack of health care to non-insured or under-insured children. These factors result in a lack of routine checkups and preventive care such as immunizations. School nurses are sometimes the child's primary and only health care provider.

As indicated by the theme, the Conference sessions will focus on developing and applying leadership skills that will strengthen the nurses ability to advocate for the health care needs in the community. We are eager to partner with elected officials and government agencies to improve the quality of life for our children and their families.

School Nurses Caring for America's Children

We recognize that Ms. Rodham Clinton has long been an advocate for children. A keynote address, allowing her the opportunity to share her insights and vision, will be inspirational and encouraging to the school nurses who are in the "front line," caring for America's children.

Please contact us at your earliest convenience so that we may continue planning for our Conference. We will be happy to adjust our schedule as needed.

Sincerely,

A handwritten signature in cursive script that reads "Donna Zaiger". The signature is fluid and elegant, with the first name "Donna" and last name "Zaiger" clearly distinguishable.
