Marcy Whitebrook 510-654-1778 Rosemarie Vardell 919-304-4560

- Bureau of Labor Statistics - how collect data on child care workers is problematic - cc worker & pre-k teacher are 2 separate categories
- child care workers - health coverage

Grants instead of loan - some don't have enough to get a loan

TEACH - Scholarship - experience is people want addtl training. There, they get raise / bonus after training

Can do greater stds if improve training

* Most important is tying training to compensation

Army - MA Lucas - save by decreasing turnover

Hiring - if desperate hire people that don't work out

Respect, take seriously - work relations

Work stds - haven't defined what work environment shld be.

→ ISSUE - TANF workers entering workforce as child care providers.

Mentoring programs - experienced teachers and providers play role in helping new.

"Child Care Corps" - fellow in community to help cc providers in area - physicians, psychologists. Diff players have a role.

Quality Mtg 9/2

\$7 B to states for CC

40% of funds must be spent on

- training / recruiting
- ↗ some scholarships
- licensing enforcement
- resource & referral
- compensation (but very little)

No other scholarship funds

Feds \$8-10 M to do TA for quality to states

States set reimbursement rates

Now - Quality - FMAP rate. (Id do lower.

- military
- Madison, Wisconsin

* → AIB to CC Food Program -- requires training for family day care providers

Can do benchmarks - increase accreditation by x% outcome measures

e.g. licensing stds, stepping stones, network that has outreach, etc., ^{providers} licensed or registered by . . . ,

We define networks.

→ In ~~food~~ food program, ^{family care} providers must be licensed.

So, in Va, providers lobbied for licensing

Tax / Subsidy Mtg 9/3

Most subsidy goes to $\downarrow$ 100% of poverty → \$15,000 for family of 4
40% of all care is not licensed

\$4,000 per child - average cost

- Carl
- * Explore interaction between DCTL and subsidy
 - where is the gap ?
 - who do you want to reach ?
 - how do you know they are going to reach them?

Any dollar that goes to quality doesn't go to affordability

TO DO
