

GOOD NEWS!

Medicare covers screening
mammograms
for women over **65!**

- The risk of breast cancer increases as you get older
- ~~Treatment is easier when breast cancer is detected early~~
- A mammogram is a safe, low-dose x-ray picture of the breast
- A mammogram can find breast cancer that is too small for you or your health professional to feel during a regular physical breast exam.

Be good to yourself and schedule your mammogram today!

For information about where to get a mammogram in your area, please call 1-800-4-CANCER
For information about Medicare coverage, please call 1-800-638-6833

*early detection can save
lives.
