RE: Rutgers University - Downlink Site for Early Childhood Conference

DATE: April 24, 1997

Rutgers, the State University of New Jersey and EPA's Region 2 office in New York City hosted a downlink of the April 17, 1997 White House Conference on Early Childhood Development. The Office of Television and Radio at Rutgers' Livingston Campus in Piscataway, New Jersey was the site of the downlink. Approximately 20 people attended. There was a very engaged audience including representatives from the state's social service programs, local day care centers, and professors and researchers from Rutgers' offices of social work, child psychology and nutritional sciences. The audience generally commented that they were very pleased to have the opportunity to view the conference and to see the White House bring these vitally important issues to a national forum.

**SUBJECT: FINAL UPDATE ON THE EARLY CHILDHOOD REGIONAL
SATELLITE SITES**

Attached is a near final list and map of the eighty-two (82) regional satellite sites for the White House Conference on Early Childhood Development and Learning which will be held on Thursday, April 17, 1997. (I say "near final" because we continue to get calls from state and local officials including Members of Congress who are planning to hold similar sessions. By Thursday morning, I am sure we will reach nearly 100 sites.) In just three weeks, the Regional Administrators from HHS, Education, USDA, EPA, and GSA set up sites in 36 states (OH, FL, and WI do not appear on the map) in every federal region of the country. As you review the materials, please note the following points:

- These are not just "conference-watching" sessions. In nearly every case, the local organizers have replicated the East Room program. They will watch the morning session via satellite and create their own panel sessions of local experts to discuss early childhood issues in the afternoon. Many plan to develop their own local action plans.
- Each of the satellite sites will distribute White House materials and collect the names of their participants so that we can send each of the attendees a final report. Most of the sites are planning to send the White House a 1-2 page summary of their own proceedings for inclusion in the White House document.
- There is genuine excitement in the regions about participating in this conference. The Regional Administrators note that the local respondents immediately jumped on the opportunity to participate and help organize it. Anecdotally, we have learned that 600 people are planning to attend the Phoenix conference, 300 in Kansas City, 350 in New

York City, 200 in San Francisco, 150 in South Texas, and 250 in Philadelphia. In most cases organizers expect an average of approximately 100-150 participants. As you look through the sites, you will note that many of the satellite sessions are being held in hospitals, universities, high schools, and federal buildings.

Finally a special thanks should go to Laura Schwartz for answering a million technical questions from administrators throughout the country, Pat Lewis for answering their press inquiries, (Jay Wolf our Cabinet Affairs intern who spent countless hours inputting the information), and Eric Dodds, the White House Liaison at GSA, who is the main point of contact with the Regional Administrators. Also a thanks to HHS, DoEd, GSA, USDA, and EPA for contributing funds to put the program up on the satellite.
