BUILDING DEMOCRACY IN SERBIA: USING THE MEDIA

Summary:

The international community must seize the narrow window of opportunity at hand to support the opposition movement in the Federal Republic of Yugoslavia. Taking immediate steps to ensure an "independent" media is heard in Serbia will do much to keep the window of opportunity open.

Priorities: Next 30 days

- Regeneration of ANEM
- Pro-active approach in addressing needs from local stations wanting to avoid the ANEM umbrella
- Complete and enhance the Ring Around Serbia project
- Take steps to increase indigenous publications
- Begin training of journalists from Serbia on key issues, such as economics, war crimes, etc.
- Take steps to push the reversal of the Serbian Parliament's legislation restricting the media
- Coordinated effort to ensure "unity of message" among our European Allies
- Explore ways to use the Internet
- Help RTV Montenegro become a Public Broadcasting System

Details:

Regeneration of ANEM: The Association of Independent Electronic Media (ANEM) has submitted a proposal to the international community for assistance. We should support this proposal in an expedited fashion with agreed upon benchmarks and conditions that will ensure the organization follows through with its proposed aims and objectives. This will be a priority issue at the Quint meeting of media experts scheduled for Wednesday 7/21. The next step, which needs to happen immediately after the 7/21 meeting, is to assemble the prime media donors (including several non-Quint countries and organizations) and establish who will contribute what to the ANEM project. (EUR/EEA, USAID/ENI)

Pro-active approach to local media requests: In an effort to avoid creating a monopoly of the media by ANEM the international community should resolve to address in a timely fashion requests for assistance from local stations that do not want to be under the ANEM umbrella. The Open Society Institute is hosting a meeting of the Serbian media in Budapest sometime in the next month, there should be appropriate USG participation in this event.

Complete the Ring Around Serbia: Until the independent media is operational throughout the region a priority must be placed on completing the Ring Around Serbia project and enhancing the programming to enhance credibility and message. Establishing a transmitter in Kosovo will complete the Ring. This project is underway with OTI in the lead and should be completed by the 8th of August.

VOA and RFE should review programming and determine more specifically, which are being seen as credible versus propaganda and adjust accordingly. There are preliminary reports from experts in the region that note VOA is seen primarily as propaganda while RFE is being taken as more credible. Explore the possibility of using the RAS as a means to add credibility (listenership) and help get opposition stations heard more broadly.

Increase local publications: Contact should be made with those trying to re-establish their publications, such as *The Daily Telegraph* and *The European*. A coordinated effort with the Europeans should be established to ensure they can publish, either electronically or from an outside location. Montenegro has played an important role on this front and should be encouraged to continue to do so. The challenge on this front is finding effective means for distribution in Serbia.

Training for journalists: USIA and interested NGO's should quickly sponsor correspondents to attend training conferences and seminars where they can gain some expertise in the areas of economics, democracy building, human rights, etc. The objective is for the local correspondents to be able to effectively analyze government propaganda and ask the right question.

Take action to help suspend Serbian Media Restrictions: Perhaps the most important factor in developing the independent media is the suspension of the Serbian Parliament's media laws. To this end we should take advantage of Montenegro's democratic approach and measures to protect them if a crackdown were to happen; Establish a framework for media development in Kosovo that could serve as a model for Serbia. If possible this issue should be incorporated to any initial suspension of restrictions place by the international community on the FRY. ANEM can help on this front and has included in their proposal establishing a legal defense fund in anticipation of further government crackdowns.

Unity of message: To the greatest extent possible we should take steps to ensure we and our NATO allies and other influential states maintain unity of message and at the same level of rhetoric. In this regard the Stability Pact Summit in Sarajevo and the Donor's Conference for Kosovo are two opportunities which should be exploited to their fullest potential.

Internet: The Internet played a larger role in the Kosovo conflict than anticipated and measures were taken to counter Belgrade's propaganda. A "listserve" was developed that should be expanded upon and efforts must be made to: overcome instinctive Serb resistance to ideas or instruction from the West; provide as much material that promotes democracy and civil society as possible in the Serbian language; and, improve connectivity throughout the country.

RTV Montenegro: The EU has approached RTV Montenegro asking if they were interested in assistance to become a public broadcasting organization. RTVCG has responded yes and is in the process of submitting a proposal. The United States should support this effort to the greatest extent possible and work with the EU to ensure it is addressed as a priority matter.

DOD-RFE/RL Initiative - "Ring Around Serbia"

Objective: to establish FM radio to supplement current Radio Free Europe and Radio Liberty AM programming

MEASURE OF EFFECTIVENESS:

*"As many as 500 FRY soldiers appear to have deserted their deployment locations in Kosovo yesterday to return to their homes in Serbia, Press reports indicate that police in the Serbian town of Krusevac used extreme measures in recent days in controlling demonstrations by women and children against further military conscription and deployment of their family members. The military units probably learned of the demonstrations and police response through broadcasts into the area by **Radio Free Europe** and deserted to rejoin and support their families."*

Subject: Reaching the Serb population thru TV

I met this afternoon with a USIA sponsored touring group of opposition journalists from Serbia, Kosovo and Montenegro. One clear message was that with all of their outlets shut down or shut off, our chances of reaching the population with a story that would pull them away from Milosevic were reduced from the pre-bombing minimal level to zero.

I asked about all the satellite dishes I saw popping up in the region. They said most of those we needed to reach were non-english speakers and bought the dishes to get soccer on Eurosport (Since I watch a good six hours of Euro Soccer myself each week, I get that).

I asked if we would have impact if we got a transponder on ASTRA (the dominant satellite in the region) and had CNN, BBC, Deutch Velle, and other news service broadcasts translated or done voice over in Serbo-Croatian. They all said a loud, yes.

I think Turner, BBC and the others ought to be approached to work out some cooperative arrangement where they provide the production and language adaptation. It would not be good to have Western governments using the network's visuals to deliver what would be characterized as propaganda. The networks would simply be producing news in a language the people understand. We could even invite the Russian network to produce a segment.

It would be simpler if the networks transmitted a certain portion of their daily broadcasts in the local language. They will not do that. We would just get one transponder (Channel for the Viewer) and on a regular announced schedule run the various network news or interview shows in the language. Hell, the networks ought to bear the production costs. We gave them a war when impeachment, OJ, and Jon Ramsey Benet had dried up.

Let me know if the idea makes appeals and if you want my help in exploring prospects.

NATOstrikes

In March 1998, the UN called for a diplomatic solution to the conflict in Kosovo. Since then the international community has made every effort to find a peaceful compromise. On March 18, 1999 the Kosovar Albanians agreed to a plan that would disarm the KLA, and keep an autonomous Kosovo as a legal part of the Federal Republic of Yugoslavia. However, your political leadership not only spurned this opportunity, but stepped up its military campaign of oppression and violence against the entire Kosovar Albanian population.

НАТО напади

У Марту 1998, УН (уједињене нације) су тражиле дипломатско решење за конфликт на Косову. Међународна заједница је од тада употребила све напоре за мировну сарадњу. 18. Марта 1999. Албанци са Косова су се сложили за план који би разоружао ОВК, и држао аутономно Косово као легалан део ФРЈ. Међутим ваше политичке вође су са презирењем одбиле ову могућност, и повећале су војну кампању тлачења и насиља против читавог Косовско Албанског становништва.

NATOstrikes

In the last weeks, Serb military and police, under direct orders from Slobodan Milosevic, emptied the villages and cities of Kosovo-Metohija, and burned or bulldozed thousands of homes. Heads of families have been pulled from the arms of their wives and children and shot. Thousands of innocent and unarmed people are feared dead. Hundreds of thousands of refugees are fleeing Milosevic's *pogrom*.

Do not allow misguided patriotism to bind you to his atrocities.

North Atlantic Treaty Organization

Defending the Defenseless.

NATO will intensify its strikes until the forces used in the repression of civilians in Kosovo-Metohija are withdrawn, the refugees are allowed safe return, and your leaders resume meaningful negotiation.

NATO remains resolved to Defend the Defenseless in Kosovo-Metohija.

НАТО напади

Протеклих недеља, српска војска и полиција, под директним наређењима Слободана Милошевића, су испразнили села и вароши Косова и Метохије и попалили или разорили хиљаде кућа. Главе породица су били отргнути од њихових супруга и деце и устрељани. Постоји бојазан да је хиљаде недужних људи убијено. Стотине хиљада беже да не би постали жртве Милошевићевог погрома. Не дозволите да вас погрешно усмерен патриотизам повеже са његовим злоделима.

брани незаштићене.

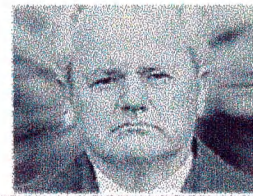

НАТО ће појачати своје нападе све док се снаге које учествују у прогону цивила на Косову и Метохији не повуку, док се избеглицама не дозволи безбедан повратак и док ваше вође не приступе плодоносним преговорима. НАТО остаје одлучан да одбрани незаштићене на Косову и Метохији.

Is it really
his to
gamble?

For years, Slobodan Milosevic has gambled with the future of the Serb people. His policies have lost Krajina, Western Slavonia, Baranja, and Sarajevo. Now he gambles again with his pogrom in Kosovo. He is wagering Serbia's sacred places, her place in the world, and the lives of his own people. Are these truly his to lose? —✦

Са чиме то
он нађе да
се коцка?

Слободан Милошевић се већ годинама коцка са будућношћу српског народа. Његовом политиком изгубљена је Крајина, источна Славонија, Барања и Сарајево. Он се сада поново коцка својим погромом на Косову. Он се клади са српском колевком, са српским местом у свету и са животима својих људи. Зар је то све његово, лично и сме да се прокоцка?

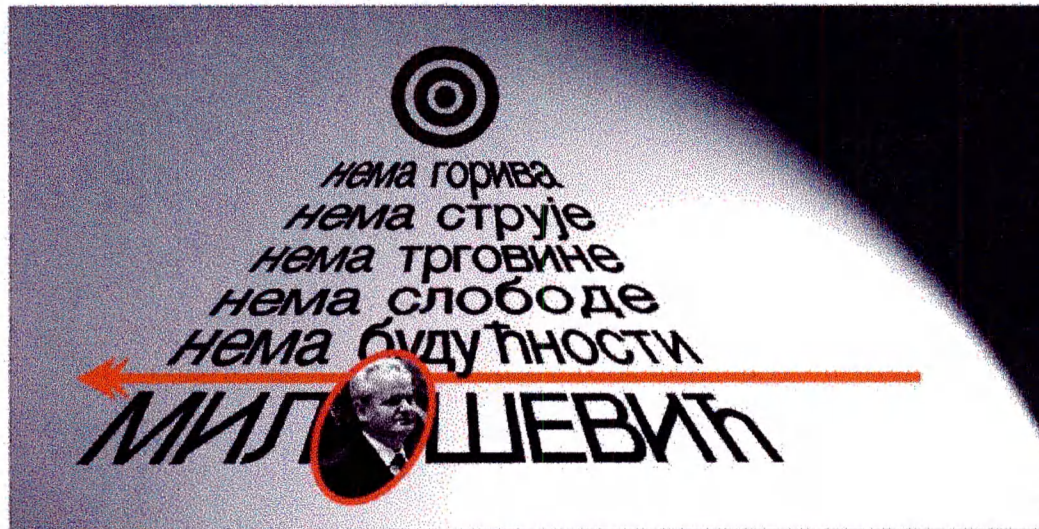

How long will you suffer for Milosevic?

As long as Milosevic continues his pogrom of destruction, rape, and murder throughout Kosovo-Metohija, Serbia will drift further into International Isolation.

Don't let Milosevic hold you hostage to his atrocities.

Докле ћете да патите због Милошевића?

Докле год Милошевић наставља са његовим погромом разарања, силовања и убијања широм Косова и Метохије, Србија ће све дубље да пада у глобалну изолацију.

Немојте да будете таоци Милошевићевих грозота.

Преко 13,000 припадника оружаних снага Југославије су већ напустили редове истих пошто одбијају да испуњавају Милошевићеве илегалне наредбе у његовом рату против цивила Космета.

Остани на Космету и остави ту своје кости или напусти своју јединицу и бојно средство и напусти Космет што пре. Ако решиш да останеш, НАТО ће те непрекидно нападати са свих страна.

You can hide, but NATO forces still see you.

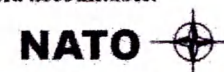

Remain in Kosovo and face certain death; or leave your unit and your equipment, and get out of Kosovo now.

If you choose to stay, NATO forces will relentlessly attack you, with many different weapon systems, from many different nations, from the land, from the sea, and from the sky.

Stop following Milosevic's orders to commit genocide and other atrocities against civilians in Kosovo.

You are responsible for your own actions, and ultimately will be held accountable.

The choice is yours.

Упозорење снагама ВЈ!

Ако решите да останете, НАТО снаге ће вас непрекидно нападати мноштвом система стрељива од много нација, са земље, мора и из ваздуха.

Престаните да испуњавате Милошевићеве наредбе и чините геноцид и друге грозоте према цивилима Космета.

Ви сте сами одговорни за своје акције и, на крају, ви ћете лично да полажете своје рачуне.

“We are fully committed...

The arsenals of democracy run deep. We can fight this campaign for months and months... if not years.”

General Henry Shelton
Chairman, US Joint Chiefs of Staff
30 April, 1999

Slobodan Milosevic has been terribly successful in using his military and paramilitary forces to commit horrendous atrocities, including mass murders, systematic rapes and forced evacuation against unarmed civilians in Kosovo-Metohija, and hiding that fact from his own citizens.

What he didn't expect was that he would be even more successful in isolating Serbia from the rest of the world and in unifying NATO and the world community of nations in its resolve to stop Serb atrocities and return the people of Kosovo-Metohija to their homes in safety. He would do well to listen to the words of his own military experts:

“Serbs have fought a war since 1991 while still not having a single ally anywhere. Not even the Russian Federation has declared itself our ally...

you just don't fight...the whole world.”

Col General Momcilo Perisic
Former VJ Chief of Staff
February 1999

GUESS what Milosevic isn't telling you.

Milosevic uses lies

to misdirect your patriotism in support of his own power. He censors your media, and silences any and all criticism. Yet more Serbian leaders and citizens are starting to realize the truth and speak out.

With every day he continues his pogrom of mass murder, systematic rape, forced evacuations, and other atrocities in Kosovo-Metohija, Milosevic gambles with the political and economic future of Serbia. His policies are ruining the country, and isolating you from the world community.

Why are our factories burning?

Why are our bridges blowing up?

Why is NATO bombing Serbian targets?

How long will this go on?

Why
not ask
Milosevic?

**War and
sacrifice**
for you;

**Good
money**
for him, his family,
and his friends.

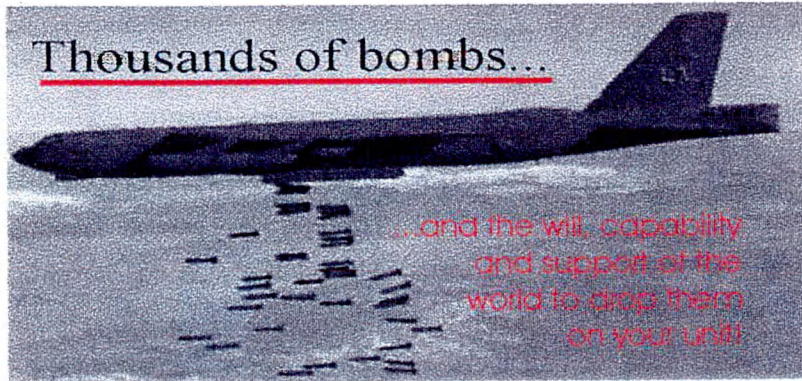

Serbia's economy is crippled; her war machine under attack. But through it all, Milosevic, his family, and his inner circle have managed to make millions. Tight control of state-run monopolies has given Milosevic an illicit financial empire at the expense of those he claims to defend.

His son Marko waits out the war in comfort. He does not serve as ordinary Serbs must. While your sons and husbands fight, Marko Milosevic parties in Belgrade or works on his sun-tan at the family villa in the Mediterranean.

Milosevic's nepotism, cronyism, and genocide in Kosovo have drained Serbia's economic resources and dragged the country into war with the world. Is he the kind of leader you really want?

on your unit

Attention VJ forces: LEAVE KOSOVO

NATO is now using the B-52 bomber to drop the MK-82 225 Kg bomb on VJ units in Kosovo-Metohija. Each aircraft can carry in excess of

50 of these bombs!

These aircraft will return as many times as required to drive your unit from Kosovo-Metohija, and stop you from committing atrocities. If you want to live to see your families again, leave your unit and equipment,

Attention VJ Forces!

Over 13,000 Yugoslavian service members have already left the armed forces because they can no longer follow illegal orders in Milosevic's war against civilians in Kosovo.

Remain in Kosovo and face certain death, or leave your unit and your equipment, and get out of Kosovo now. If you choose to stay, NATO will relentlessly attack you from every direction.

The choice is yours.

Don't wait for me!

Attention VJ Forces!

You can hide, but NATO forces still see you.

Remain in Kosovo and face certain death; or leave your unit and your equipment, and get out of Kosovo now.

If you choose to stay, NATO forces will relentlessly attack you, with many different weapon systems, from many different nations, from the land, from the sea, and from the sky.

Stop following Milosevic's orders to commit genocide and other atrocities against civilians in Kosovo.

Is it really
his to
gamble?

For years, Slobodan Milosevic has gambled with the future of the Serb people. His policies have lost Krajina, Western Slavonia, Baranja, and Sarajevo. Now he gambles again with his pogrom in Kosovo. He is wagering Serbia's sacred places, her place in the world, and the lives of his own people. Are these truly his to lose? ✦

Attention Serbian Armed Forces:

You are a NATO target.

**HALT YOUR CURRENT OPERATIONS,
and return to your garrisons immediately.**

**If you fail to follow these instructions, NATO will
continue to attack your unit.**

Save your own life: LEAVE While you can.

NATOstrikes

In March 1998, the UN called for a diplomatic solution to the conflict in Kosovo. Since then the international community has made every effort to find a peaceful compromise. On March 18, 1999 the Kosovar Albanians agreed to a plan that would disarm the KLA, and keep an autonomous Kosovo as a legal part of the Federal Republic of Yugoslavia. However, your political leadership not only spurned this opportunity, but stepped up its military campaign of oppression and violence against the entire Kosovar Albanian population.

NATOstrikes

In the last weeks, Serb military and police, under direct orders from Slobodan Milosevic, emptied the villages and cities of Kosovo-Metohija, and burned or bulldozed thousands of homes. Heads of families have been pulled from the arms of their wives and children and shot. Thousands of innocent and unarmed people are feared dead. Hundreds of thousands of refugees are fleeing Milosevic's *pogrom*.

Do not allow misguided patriotism to bind you to his atrocities.

Defending the Defenseless.

NATO will intensify its strikes until the forces used in the repression of civilians in Kosovo-Metohija are withdrawn, the refugees are allowed safe return, and your leaders resume meaningful negotiation.

NATO remains resolved to Defend the Defenseless in Kosovo-Metohija.

How long will you suffer for Milosevic?

As long as Milosevic continues his pogrom of destruction, rape, and murder throughout Kosovo-Metohija, Serbia will drift further into International Isolation.

Don't let Milosevic hold you hostage to his atrocities.

**MUP
"Heroes"**

Attention VJ Troops!

While you endure NATO bombing, in the field, low on fuel and supplies, unpaid, and past your service obligation...

The MUP returns home, to count the profits from their "confiscated" booty.

They draw regular pay, use your equipment at your expense, and investigate you for not following their orders.

Meanwhile, you have been drafted and forced from your families to wage a war against civilians, a war which you know is dishonorable and wrong. The only thing you share is blame for the MUP's atrocities.

Don't let the MUP hold you hostage.

Genocide. Murder. Human Shields. Ethnic Cleansing. Rape. Forced Evacuations. Mass Graves. Robbery. Deportation. Destruction of protected property. Crimes against humanity.

The world is watching you. Every leader is accountable for the actions of his subordinates.

Attention VJ forces!

Right now the world is recording evidence of widespread war crimes by Serb military and paramilitary forces in Kosovo. The emerging picture of atrocities against innocent civilians is clear and compelling.

Detailed intelligence reports are going to the International Criminal Tribunal for the former Yugoslavia at The Hague.

Remember the Nuremberg Trials.

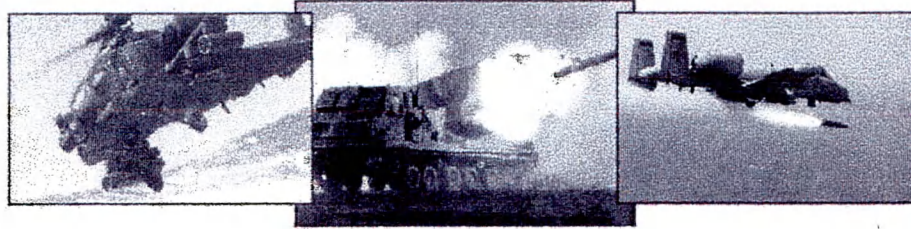

Commanders: every leader is responsible for the actions of his subordinates.

Soldiers: Illegal orders must not be obeyed.

The world is watching you! You will be held accountable.

NATO is bringing more weapons to attack and destroy VJ units deployed in Kosovo-Metohija.

DON'T be around when it happens.

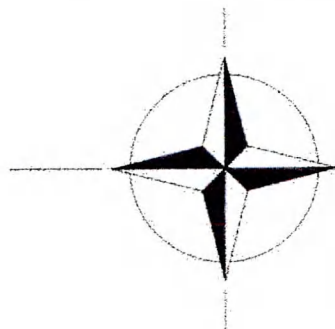

"A Terrible Way To Die"

Kinetic munitions, such as the Apache helicopter or A-10 attack jet's automatic cannon rounds, use hyper-velocity to penetrate and pulverize the living and mechanical contents of armored vehicles. The resulting concussion often causes catastrophic explosions.
