MEMORANDUM FOR SUSAN STROUD

From: Jina Sanone

Subject: Student Literacy Corps

I spoke with Dick Scarfo who is the Acting Deputy Assistant Secretary for Higher Education Programs at the DOE. He gave me bits of information over the phone and will send more information tomorrow about the Student Literacy Corps.

\$\$\$: The literacy corps was appropriated \$4.9 million for FY '93. There is a new resolution to reduce the funding to \$1 million for '93 because of a shortage of applications. Only \$1 million is appropriated for FY '94.

Changes: 1) In '93 the education department added the mentoring corps. 2) The grants are now available for four years instead of just two, still at \$25,000 per year.

Evaluation: There is an evaluation underway which will be completed this fall.

Awards: The applications have been read for FY '93 and will be announced in 30 days. The number of awards will depend on the final decision made concerning the resolution to lower the appropriation from \$4.9 million to \$1 million.

UNITED STATES DEPARTMENT OF EDUCATION

WASHINGTON, D.C. 20202-_____

April 1993

Dear Applicant:

The Department of Education announces an extension from May 3 to May 24 of the upcoming competition for funds under the Student Literacy Corps and Student Mentoring Corps Program. The original notice published in the Federal Register dated March 16, 1993, stated that the project period could be up to 48 months. However, the instructions in the application stated that an applicant could request funds under this competition for a maximum of 24 months only. A project period of up to 48 months is correct.

This supplementary packet contains the replacement pages to be substituted for the current pages in the original application booklet. (See pages 10, 16, 17, 21, and 26.) I urge you to read carefully the pages being substituted before submitting your application.

If you have any questions or would like to receive assistance in preparing your application, please call Mrs. Darlene B. Collins or Mrs. Karen W. Johnson, Higher Education Programs, Office of Postsecondary Education, at (202) 708-6128 or (202) 708-9860, respectively.

Sincerely,

A handwritten signature in cursive script that reads "Richard D. Scarfo".

DESCRIPTION OF PROGRAMS

STUDENT LITERACY CORPS AND STUDENT MENTORING CORPS PROGRAM

GENERAL INFORMATION

The Secretary of Education will make four-year renewable grants to eligible institutions of higher education (IHE) to support Student Literacy Corps and Student Mentoring Corps projects at public community agency facilities.

No grant to any one institution of higher education may exceed \$100,000 in each fiscal year and no institution of higher education may expend more than \$35,000 in the first year in which the institution receives such a grant. The federal share of carrying out a Student Literacy Corps or Student Mentoring Corps program shall not be more than 100 percent for an initial grant to an institution of higher education and not be more than 75 percent for a renewed grant. Grants are renewable upon application in accordance with Section 1144. The non-federal share of carrying out a Student Literacy Corps or Student Mentoring Corps project may be paid from any non-federal sources.

SPECIFIC INFORMATION

STUDENT LITERACY CORPS

NOTE: Institutions of higher education currently and previously funded under the old Student Literacy Corps Program are eligible to apply for additional funding. See "Questions and Answers" section in booklet for further details.

To be eligible to receive a grant, an IHE must demonstrate that it has previously engaged in community service activities including the conduct of a cooperative education program. For the purposes of this program Cooperative Education means the provision of alternating or parallel periods of academic study and public or private employment in order to give students work experiences related to their academic or occupational objectives and an opportunity to earn the funds necessary for continuing and completing their education.

QUESTIONS AND ANSWERS

STUDENT LITERACY CORPS AND STUDENT MENTORING CORPS PROGRAM

Q: I am currently funded under the "old" Title I, Part D, Student Literacy Corps Program, am I eligible to apply for the "new" Student Literacy Corps and Student Mentoring Corps Program?

A: Yes! If you are currently or previously funded under the Title I, Part D, Student Literacy Corps (SLC) Program you are eligible to apply for a four-year renewable grant not to exceed \$100,000. The federal grant may not exceed 75 percent of the cost of carrying out the second four-year SLC grant project.

Yes! A currently or previously funded SLC grantee is eligible to apply for a Student Mentoring Corps (SMC) Program grant. All applicants to the SMC program are eligible to apply for a four-year renewable grant not to exceed \$100,000. The federal grant may not exceed 75 percent of the cost of carrying out the second four-year SMC grant project.

Q: May an applicant apply to both programs?

A: Yes! However, if an applicant submits two (2) successful proposals and both are recommended for funding, an applicant may only accept one (1) grant in a given fiscal year.

Q: May an applicant alternate between programs, that is, may an applicant conduct a SLC program for four years and then conduct a SMC program for four years?

A: Yes! Remember, the second four-year grant requires cost sharing.

Q: The first year of my ongoing two-year SLC grant project (which expires in fiscal year 1994) will end in fiscal year 1993. May I request a four-year grant in the upcoming (FY 1993) competition? If yes, what am I eligible to receive?

A: Yes! You are eligible for a four-year grant not to exceed \$100,000 (not to exceed \$35,000 in the first year). Grants for the same project activities may not overlap.

Q: What may applicants use the money for in addition to personnel, travel, and supplies?

A: Applicants may purchase equipment, i.e., computers, typewriters, video equipment, etc., provided proper justification is provided (see "Part III - Budget Instructions"). They may purchase software, books, and commercial literacy tutoring and mentoring materials.

However, they should list the names of such materials and their unit costs in their budget narrative. Three to six thousand dollars in materials requests, with no detail, will not persuade panelists that they know what is required to do the job.

Other typical budget requests: tutor/mentor travel, pay for coordinators and or project directors, student coordinators, secretarial support, supplies, travel to one national conference for one or two staff person(s), and an indirect cost limited to 8% of the total direct costs. Applicants may waive the indirect cost if they wish.

Q: Is there a required cost-share (non-federal funding)?

A: Yes! The federal share to carry out a four-year SLC or SMC project in the first grant is 100 percent. The required cost-share in the first grant is zero. The federal share for the second four-year grant is not to exceed 75 percent, which would require the grantee to provide a 25 percent cost-share. The required cost-share of a SLC or SMC grant is calculated accordingly:

First Four-year grant:

- Max. Federal amt. requested first year:	\$ 35,000
- Total Max. Federal amt. requested second-fourth years:	65,000

- Total Federal amount requested:	\$100,000

Second Four-year grant:

- Max. Federal amt. requested first year:	\$ 35,000
- Total Max. Federal amt. requested second-fourth years:	40,000

- Total Federal amount requested:	\$ 75,000
- Cost-share required during second four-year grant:	25,000

TOTAL RENEWAL GRANT PROJECT COST	\$100,000

Q: Does the tutoring and mentoring have to take place off campus?

A: Yes. Tutoring and mentoring services must take place at the community agency. There are a few exceptions, occasionally safety is one of them, but on the whole the overwhelming majority of the tutoring and mentoring should take place in the community agency.
