Dear Ms. Milton:

We, the students of Berea College, are enthusiastic about the possibility of participating in the Summer of Service Program. A commitment to community service and the re-birth of our nation are priorities that we all share and are eager to work for.

The Summer of Service program would be a tremendous asset to our education as human beings and as students. We are aware that the skills we learn will help us in any career we might choose in our future.

Please take into account our enthusiasm and concern for the problems facing our nation as you consider Students for Appalachia (SFA), Berea College, for one of the sites to launch President Clinton's National Service initiative.

Sincerely,

Students for Appalachia
