Dear Mr. Segal:

I was extremely pleased to hear of President Clinton's proposed program for a national volunteer service. This is a much needed program for our United States.

I am personally interested in this proposal because I am presently serving on the Board of Directors of **Ursuline Companions in Mission**, a non-profit volunteer organization that recruits and places women and men as volunteers with agencies that serve the poor of our nation. Our Board hopes that in the current planning, organizing and funding of the White House National Program that the planners will consider including an organization such as ours. We believe that **UCM** could become a vital part of this national effort.

As a member of the Board of Directors of **Ursuline Companions in Mission**, I urge you to consider our organization as a part of your planning for this important national program.

Please direct your response to this request to Gayle Sims, OSU, President/Director of our organization at our national office.
