Comments: Judy Smith, 913/ 872-3234, Muscotah, KS Son is going to school in Missouri. They are in a Kansas disaster county and wanted to get son in the work/study assistance program associated w/ \$8+ million funding allocated to the 9-Flood States. University at which the son is attending (St Louis, MO area) indicated parents needed a FEMA application or other materials(really not sure what was needed). Additionally, school said most of the funds (98%) for the specified activity were allocated ... TIME IS OF THE ESSENCE. Referred call to Dept of Education, Bob Coates has the specifics and said he would call Judy and provide answers. -jfw- RE contacted Mrs. Smith 12-03-93. Mr. Coates had returned her call immediately. He provided contact telephone numbers and answered her questions. Paperwork is in process. Very appreciative of the response. In her follow up with school, the financial office indicated they had not actively the grant monies. concerned non-qualified students would be applying for this program.
