SUBJECT: Year-to-Date Data on Objectives and Member Forms

Attached is a "year-to-date" progress report showing accomplishments on objectives through the third quarter report. **This data, plus the fourth quarter data, will be provided to members of Congress representing your state and to your agency leaders. It is imperative that the information reflected in this report be as accurate as possible.** The report also shows the degree to which you have accomplished your objectives which were agreed to at the beginning of this program year.

I ask that you carefully review this report. Review each objective with the following items in mind:

1. **Accuracy of the data.** This information will be shared with many different groups, and it is important to be accurate in our reporting as well as getting credit for all the great work you have done during the year.

2. **Completion of community service objectives.** One way to determine the successful completion of objectives is to measure accomplishments against the target quantity measurement which you established at the beginning of the year. The table below gives you a snapshot picture of your accomplishments through the third quarter. The last five columns reflects your work measured against the target quantity.

SITE #	NUMBER OF OBJECTIVES	NUMBER OF OBJECTIVES EXCEEDED	NUMBER OF OBJECTIVES AT 100%	NUMBER OF OBJECTIVES 50-100% COMPLETE	NUMBER OF OBJECTIVES 0-50% COMPLETE	NO TARGET QUANTITY

Y26M	2				2	
Y26N	1			1		
Y26P	2		1		1	
Y26Q	2			1	1	

3. **Program codes.** Review the program code for each of your objectives. Please be sure that the data you are recording for quantity matches the quantity for that program code. If you are counting something other than the quantity measurement for the code, please indicate exactly what you are counting.

4. **Double counting.** Please do NOT double count your accomplishments.

5. **Congressional Districts.** Please indicate in which Congressional District(s) the work was actually accomplished. This will let us be very specific to Members of Congress as to what work was done in their district.

6. **Volunteers.** Please explain what the volunteers have done with your AmeriCorps members. Also ensure that the volunteer numbers you have been providing to us each quarter is for the quarter **only**, not cumulative for the year.

Your assistance in this reporting enables us to meet our legal obligations as well as providing us with the necessary information to promote our USDA AmeriCorps program to all interested parties. Providing this data in an accurate and timely manner is one of your most important duties as an AmeriCorps Project Director.

Member Forms

The Corporation shows Sergio Perez and Karry Trickery as "Pending" award. I show them as still working. Please explain. If they have finished, I need a copy of the End of Term of Service. Also include any End of Term forms for members who have now completed their term of service.

If you have any questions or problems, please contact Dee DiFiore at (202) 690-3051 or Ron DeMunbrun at (202) 690-3894.

Thank you for your cooperation on this matter.

Re: AmeriCorps Members Status

You indicated in our final report packet that you have Karry Trickey and Sergio Perez, site Y26N, on "pending" status. As of the third quarter they were both still active. Karry Trickey will complete her service on September 13, 1996 and Sergio Perez will complete his service on September 27, 1996. End of Service forms will be completed and mailed.

Also, Laurel Reimann, site Y26A, ssn (b)(6) terminated her service before completing her 1700 hours of service. An End of Service form was completed and mailed in May.

Three members were approved for location at site Y26N, however the member data form for this site reflects only one allocation. In addition, site Y26J has two members allocated for this site and only one member is serving there.

IF YOU HAVE BEEN COUNTING THESE IN THE FIRST 3 QUARTERS, PLEASE ADJUST THE 4TH QUARTERS HOURS SO THAT THE TOTAL IS AT LEAST 1700 OF SERVICE (assuming the person was full-time and successfully completed the program.) You can have more than 1700 hrs for a total just be sure all the hours were service hours. Thank You

* If the number of Members allocated is greater than the number of forms received, there are four options: 1. There are Members enrolled in programs whose forms have not been submitted to the USDA Director of National Service. If that is the case, list the names, SSN, Status and hours of the missing members on the back of this sheet and send the enrollment forms to the USDA Director of National Service. 2. The enrollment forms were sent directly to the Corporation. If that is the case, send copies to the USDA Director of National Service immediately. 3. There are vacancies in your program you intend to fill in the next reporting period. If that is the case, enter the number of vacancies on the appropriate line. 4. There are vacancies that you can not fill and you are relinquishing them.

REMEMBER, MEMBERS WHOSE FORMS HAVE NOT BEEN RECEIVED AT USDA ARE NOT CONSIDERED ENROLLED IN THE PROGRAM AND THEIR BENEFITS (EDUCATION AWARD,ETC.) ARE JEOPARDIZED!!!

If the number of members for whom forms have been received is greater than the number of members allocated resulting in a negative number appearing in the "No. of Members for Whom Forms Have NOT Been Received" line, you have enrolled more members in your program than authorized. Please explain this over enrollment. No. of Members for Whom Forms Have NOT Been Recieved*: 0

REMEMBER THAT THE TOTAL NUMBER OF HOURS FOR EACH MEMBER SHOULD BE THE HOURS SERVED AND NOT INCLUDE THE HOURS FOR PERSONAL LEAVE (40) AND HOLIDAYS (72). IF YOU HAVE BEEN COUNTING THESE IN THE FIRST 3 QUARTERS, PLEASE ADJUST THE 4TH QUARTERS HOURS SO THAT THE TOTAL IS AT LEAST 1700 OF SERVICE (assuming the person was full-time and successfully completed the program.) You can have more than 1700 hrs for a total just be sure all the hours were service hours. Thank You

* If the number of Members allocated is greater than the number of forms received, there are four options: 1. There are Members enrolled in programs whose forms have not been submitted to the USDA Director of National Service. If that is the case, list the names, SSN, Status and hours of the missing members on the back of this sheet and send the enrollment forms to the USDA Director of National Service. 2. The enrollment forms were sent directly to the Corporation. If that is the case, send copies to the USDA Director of National Service immediately. 3. There are vacancies in your program you intend to fill in the next reporting period. If that is the case, enter the number of vacancies on the appropriate line. 4. There are vacancies that you can not fill and you are relinquishing them.

REMEMBER, MEMBERS WHOSE FORMS HAVE NOT BEEN RECEIVED AT USDA ARE NOT CONSIDERED ENROLLED IN THE PROGRAM AND THEIR BENEFITS (EDUCATION AWARD, ETC.) ARE JEOPARDIZED!!!

If the number of members for whom forms have been received is greater than the number of members allocated resulting in a negative number appearing in the "No. of Members for Whom Forms Have NOT Been Received" line, you have enrolled more members in your program than authorized. Please explain this over enrollment. It may be that some members have terminated, in which case, change their status on this form and submit the proper end of term of service form to the USDA Director of National Service.

SECTION IV - PROGRESS TOWARDS ACCOMPLISHING SERVICE OBJECTIVES:

13. Original Community Service Objectives: Attached are sheets summarizing the community service objectives that were originally approved for each operating site. In cases where a single objective may take an entire year to complete, that objective may have a sub-objectives listed. **You need to fill in the column marked "4th QTR Quantity" and the column marked "4th QTR Success" --- as well as any column that is blank, has a zero, or has a question mark --- for EVERY operating site.** Each chart should have the following columns:

"State" - The standard two-letter code for your state

"Obj No" - Each community service objective for each site is assigned an individual number

"Op Site" - Each site's unique operating site identification

"PGM Code" - Each type of service has been assigned a unique code to describe that type of service. See the appendix to this report entitled "Community Service PGM Code List"

"Obj/Impact Statement" - A few words verbally summarizing the community service objective

"Year's QTY Target" - The year's numerical goal for the people or things to be aided

"Target Unit of Measurement" - The unit of measure used in the previous column

"4th QTR Quantity" - Provide a hard number indicating progress towards the "Year's QTY Target"

"Year's Success Target" - Number for a way of measuring *quality* of service provided --- if this column is blank, has a question mark, or has a zero, please replace it with the accurate information

"Success Unit of Measure" - Explanation of the number in the previous column --- if this column is blank, has a question mark, or has a zero, please replace it with the accurate information

"4th QTR Success" - Provide a hard number indicating progress towards the "Year's Success Target"

THIS PERSON TERMINATED HER TERM OF SERVICE IN THE THIRD QUARTER WITHOUT COMPLETING HER HOURS.

QUESTION 13. PROGRESS TOWARDS ACOMPLISHING ORIGINAL COMMUNITY SERVICE OBJECTIVES

(Under "4th QTR Quantity" enter the amount of work done in the fourth quarter. Do the same for "4th QTR Success".)

Remember, since this is the last or final report, there should be no objectives with a zero entered in quantity or success, if a zero was entered for the first Three quarters. (See your last quarterly report) If you have objectives that you could not do anything on please explain why.

State	Site	Obj No.	PGM Code	Obj/Impact Statement	Year's		4th QTR Quantity	Year's		4th QTR Success
					QTY Target	QTY Unit of Measure		Target	Success Unit of Measure	
MI	Y26A		EN-E098A	Closing abandoned wells	30	wells - closed	0	-	% of landowners satisfied with service	-
MI	Y26A	1	EN-E092A	Conduct Farm-a-Syst assessments	75	assessments - water quality	0	-	50 Number of people who adopt measures	-

* The 4th quarter success was not determined. We set our goal at 50% of those participating in Farm-A-Syst would make changes or have made changes as a result of their participation in Farm-A-Syst. We conducted an evaluation during the program to measure this. The results of the evaluation revealed that 83% of those participating in Farm-A-Syst are planning to make changes or have made changes to protect their drinking water as a result of their Farm-A-Syst experience. A full report of this evaluation will be sent when completed (October, 1996).

*4th quarter success explanation on OP Site Y26A sheet.

Q. 15 Community Service Objectives Narrative: Although all members did not achieve their original goals for Farm*A*Systs and well closures, some members significantly surpassed their original goals. It appears the variability is related to the region the member served in. Those in the northern lower peninsula had a more difficult time gaining landowners trust. Conversely, in the southern lower peninsula, the members were received more openly. This may be attributed to the fact that the Farm*A*Syst program had been in place in the southern tier of counties in previous years, and in the northern tier of counties it had not.

In addition, the number of well closures completed was limited to the availability of funds for closing the wells.

Q. 16. Community Building Objectives Narrative: The primary mechanism used to bring together diverse groups of people in the community, to empower communities and to build long term "structures" that will last beyond the AmeriCorps members term of service were the Groundwater Stewardship teams the members were tasked with creating. The purpose of these teams is to provide a forum for grass roots planning in the area of groundwater protection. Many of these groups participated in proposal writing for a competitive grant from the Michigan Department of Agriculture for groundwater protection funds. In total, 167 people from 28 counties became members of the groundwater stewardship teams. Of these 167 individuals, 31 % are farmers. The others participating in the teams are members of government agencies involved in groundwater protection, non-profit group members and other interested citizens.

Q. 17. AmeriCorps Member Development Objective Narrative: The Michigan USDA/AmeriCorps members were required to submit a final report of their accomplishments. In this section, direct quotes from their final reports will relay how they've benefitted from their year of service and the impact they've had on the communities they've served.

Gregory Price, Grayling: "As an AmeriCorps member over this past year, I feel responsible for helping 'reinventing' government and improving the quality of life in northern Michigan. Not only did farmers and rural landowners participate in the Farm*A*Syst program, but increased awareness about potential groundwater protection and the importance of closing abandoned water wells has been well documented and elevated. The AmeriCorps movement bridged the gap for many farmers unaccustomed to working with the government. AmeriCorps alleviated their apprehensions and fears with potential problems associated with their farming practices."

Dana Gron, Adrian: I was the 1995-1996 USDA/AmeriCorps member housed within MSU-Extension, Lenawee County. I completed 77 Farmstead Assessments and 34 abandoned well closures. After years of disputes, I've been able to help neighbors work together to plug a well. I've also helped a worrisome retired farmer put some of his concerns aside. For four years he has been trying to get an oil driller to clean up and close an abandoned oil well and water well on his property. The farmer was able to put me in touch with the oil driller and I explained to him that both wells are of concern, but that I have cost share money to help him close the water well. To make a long story short, the driller has committed to closing the abandoned well. Success!"

Doug Fedewa, Hillsdale: "If I had to name the biggest impact I have had on Hillsdale County since taking this AmeriCorps position it would have to be building a strong base for future groundwater protection activities. By providing Farm*A*Syst, closing and sampling water wells, and speaking to many community groups, I have prompted

many landowners to start thinking more about their drinking water. More and more I am hearing landowners talking about doing things to protect their drinking water."

And what AmeriCorps has done for Doug...

"I can definitely say that I do not regret becoming an AmeriCorps member. This experience has impacted me personally and professionally. Personally, when I started my AmeriCorps duty, I was very new to the Hillsdale area. Through AmeriCorps, I got to work with a great bunch of people and met a great deal of the agricultural community. I feel more comfortable in this area and have made a great deal of contacts for future employment. Professionally, I have greatly enhanced many of my skills. I can speak in front of groups much more confidently. I now have much more experience in marketing, word processing, team building and soils identification. I have increased my knowledge about groundwater, agriculture, soil and water conservation, and the environment in general. All of these will impact my future career in a positive way. I can say my AmeriCorps experience has been a great one. I would recommend this program to anyone coming out of college."

18. Unique Successes or Great Stories: The greatest successes our members have achieved are not the kind documented on tape, in the newspaper or in any other tangible way. They are subtle, often unacknowledged but extremely significant nonetheless. One specific example of this occurred in a northern rural Michigan community. AmeriCorps member Amy Sutton went on a farm visit to conduct a Farm*A*Syst with a family expecting a baby in the near future. During the course of her visit it was revealed to her that their drinking water had tested four times above the maximum contaminant level for nitrates. It is well known scientific fact that nitrate levels in water above 10 parts per million can cause a fatal condition known as blue baby syndrome in infants under 6 months of age. Although the affect of excessive nitrates consumed by the mother on the developing fetus is not conclusively determined, it is suspected that they may cause neurological damage, among other things. This family had been told repeatedly that their water was O.K., even with the high nitrate levels and they were consuming it. When Amy learned of this, she informed them that the water is not safe, especially the pregnant mother or new infant, to consume and that they should find an alternative supply of water until the problem could be mitigated. It is very possible that because of Amy, the life of that yet to be born baby was saved.

19. Difficulties Faced by the Program: Addressed previously, and the usual.

20. National Identity Activities: Two major national identity activities were conducted during the program year, with other community service projects completed as well.

The first major project was the National Day of Service, Remembrance of the Oklahoma City bombing. Over 1000 trees were planted in parks and schools both in Detroit and Lansing. There was excellent media coverage of this event, in both print and television.

The second project was in conjunction with the Summer Gleaning AmeriCorps program. Approximately 2 acres of sweet corn was harvested and sent to a food bank in the Detroit area. Volunteers from a soup kitchen and church group from Detroit assisted with this project as well. Photos are enclosed.

21. Organizational Changes: None

22. Organizational Improvements: More national assistance with recruiting would be helpful. One comment: the national staff, especially Cathrine Gibney, Dee Defiore and Joel Berg were very accessible and responded to most inquiries in a timely manner. Thanks for your help!

23. Primary Training and Technical Assistance Needs: More inclusion in National AmeriCorps activities would be helpful. Our state Community Service Commission made an effort to include us in their training, however there continues to be a sense of separateness between national direct programs and state administered programs.

* The number of Members allocated should equal the number of active members, those members whose trust status is "A" and whose Program Status is "A". If your report shows five members with "A" "A" status and yet you only have four active members, this means you have not submitted an end of term of service form for the member for the member who is no longer active. Conversely, if your report shows five members with an "A" "A" status and you actually have six members active, you have not submitted an enrollment form for the active member whose name is not shown on this report. If that is the case, list the names, SSN, Status and hours of the missing members on this sheet and send the enrollment forms to the USDA Director of National Service. If enrollment form was sent directly to the Corporation, send copies to the USDA Director of National Service immediately. If you have replaced members be certain to indicate whether the replacements are full or part-time [NOTE: The USDA Director of National Service must approve conversion of full-time slots to part-time slots IN ADVANCE.]

SECTION IV - PROGRESS TOWARDS ACCOMPLISHING SERVICE OBJECTIVES:

13. Original Community Service Objectives: Attached are sheets summarizing the community service objectives that were originally approved for each operating site. In cases where a single objective may take an entire year to complete, that objective may have a sub-objectives listed. **You need to fill in the column marked "3rd QTR Quantity" and the column marked "3rd QTR Success" --- as well as any column that is blank, has a zero, or has a question mark --- for EVERY operating site.** Each chart should have the following columns:

"State" - The standard two-letter code for your state

"Obj No" - Each community service objective for each site is assigned an individual number

"Op Site" - Each site's unique operating site identification

"PGM Code" - Each type of service has been assigned a unique code to describe that type of service. See the appendix to this report entitled "Community Service PGM Code List"

"Obj/Impact Statement" - A few words verbally summarizing the community service objective

"Year's QTY Target" - The year's numerical goal for the people or things to be aided

"Target Unit of Measurement" - The unit of measure used in the previous column

"3rd QTR Quantity" - Provide a hard number indicating progress towards the "Year's QTY Target"

"Year's Success Target" - Number for a way of measuring *quality* of service provided --- if this column is blank, has a question mark, or has a zero, please replace it with the accurate information

"Success Unit of Measure" - Explanation of the number in the previous column --- if this column is blank, has a question mark, or has a zero, please replace it with the accurate information

"3rd QTR Success" - Provide a hard number indicating progress towards the "Year's Success Target"

14. PROGRESS TOWARDS ACCOMPLISHING ADDITIONAL COMMUNITY SERVICE OBJECTIVES

Use this section to report progress towards completing additional new objectives --- those objectives in addition to the main objectives of each project listed on the proceeding page. Please fill in all columns for all objectives. It is important to make sure that each objective is listed with its own "OP site" (Operating site) code; this ensures that we know precisely what service is performed at each site. Please fill in all columns for each objective. Under "Obj No.," please give each new objective a number different from the number used for any of the objectives on the proceeding page. Under "PGM Code", please use a one-letter and three-digit code to describe the service from the code list provided at the end of this report. Under "Obj/Impact statement," provide a several-word summary of the nature of the service project -- this verbal summary should roughly match the "PGM Code" listed in the previous column. Under "Year's QTY Target," provide a hard number for the people or things aided. Under "Target Unit of Measurement," specify what unit of measure was used in the previous column -- such as miles, number of people served, acres, etc. Under "1st QTR Quantity," provide a hard number indicating progress towards the "Year's QTY Target" that was accomplished during this reporting period. Under "Year's Success Target," provide a hard number for a way of measuring how well the service was provided. Under "Successes Unit of Measure," specify exactly what the number in the previous column meant. Under "1st QTR Success," provide a hard number indicating progress towards the "Year's Success Target" that was accomplished during this reporting period.

15. Community Service Objectives Narrative (optional): If you feel it is necessary and/or helpful, you may use this space to describe in more detail accomplishments towards the original community service objectives reported in question 13 and/or your additional community service objectives reported in question 14. Please make sure you include the Operating Site ID Number in each narrative description so we can be clear which accomplishment is matched to which site.

16. Community Building Objectives Narrative (optional): Briefly describe how projects have brought together diverse groups of people, empowered communities to solve their own problems, built long term structures that will last beyond each AmeriCorps Member's term of service, and generally improved the abilities of local citizens to help improve their own lives.

17. AmeriCorps Member Development Objectives Narrative (optional): Briefly describe how the AmeriCorps Members themselves have benefited from serving in the program, particularly in regard to expanding their own educational opportunity and increasing their own ethic of personal responsibility. Describe specific skills learned by Members through either their service or training. Describe any Members that earned a GED or otherwise advanced their education. Describe any Members that left public assistance to join AmeriCorps. Relate how AmeriCorps allowed Members to continue college or graduate school. Describe how Members may have changed their ethic of work, citizenship, or community volunteerism.

SECTION V - SUCCESS STORIES:

18. **Unique Successes or Great Stories :** Briefly describe one or two unique and/or exceptional success stories, a program highlight, or a 'great story' from your state. Please explain any instance in which AmeriCorps Members recruited non-AmeriCorps community volunteers for projects. Please include all media coverage, including original newspaper clips, videotapes of TV coverage, and cassette tapes of radio coverage; any letters of support or thank you letters; "before and after" photographs, brochures, posters, and newsletters created by the project; and other types of creative documentation.

One of our members, Sharlynn Cobaugh responded to a call from the League of Women Voters National Headquarters in Washington D.C. for stories involving women and/or minority landowners actively participating in groundwater protection efforts. Sharlynn organized a well closure day at a farm owned by a woman. Six AmeriCorps members, Natural Resource Conservation Service employees and the family owning the land worked together to close three high risk abandoned wells. This event was video taped and the footage will be sent to the League for use in a video they are producing for national distribution next spring.

SECTION VI - CHALLENGES

19. **Difficulties Faced by the Program:** Use this section to report on any problems your Members have encountered in the program this period. These should be significant issues which were related to achieving objectives, significant delays in implementation, administrative problems, or any other expectations, events or incidents that have caused the Members concern. State the problem concisely and how the issue has, or has not been resolved. Be sure to outline the steps taken and identify any resources needed to assist in resolving the problem.

SECTION V - GENERAL INFORMATION

20. **National Identity Activities (OPTIONAL):** Please describe any activities undertaken by Members that fostered the national identity of AmeriCorps. These could include joint service activities, meetings with other AmeriCorps projects, national telephone conference calls, use of Internet to communicate with other sites, etc.

Michigan AmeriCorps (USDA) members participated in the Oklahoma City bombing commemoration day activities by planting 1100 trees in Michigan communities. This event was covered in local newspapers and television. Documentation of this footage was sent to Washington after the event.

The USDA/AmeriCorps members also participated in Groundwater Festivals in three Michigan communities. Over 2000 students were involved in the festivals and were educated about groundwater protection and general resource conservation.

21. **Organizational Changes:** Please outline and describe any changes in your program's organization and/or structure during the quarter.

22. **Organizational Improvements (OPTIONAL):** Please write any suggestions by you, your Members, site managers, or anyone else regarding ways in which the USDA or CNS AmeriCorps program could be improved.

23. **Primary Training and Technical Assistance Needs (OPTIONAL):** Please specify precisely what kind of staff or Member training or other technical assistance can be provided by USDA, the Corporation for National Service, or other sources to improve your projects.

* If the number of Members allocated is greater than the number of forms received, there are four options: 1. There are Members enrolled in programs whose forms have not been submitted to the USDA Director of National Service. If that is the case, list the names, SSN, Status and hours of the missing members on the back of this sheet and send the enrollment forms to the USDA Director of National Service. 2. The enrollment forms were sent directly to the Corporation. If that is the case, send copies to the USDA Director of National Service immediately. 3. There are vacancies in your program you intend to fill in the next reporting period. If that is the case, enter the number of vacancies on the appropriate line. 4. There are vacancies that you can not fill and you are relinquishing them.

REMEMBER, MEMBERS WHOSE FORMS HAVE NOT BEEN RECEIVED AT USDA ARE NOT CONSIDERED ENROLLED IN THE PROGRAM AND THEIR BENEFITS (EDUCATION AWARD, ETC.) ARE JEOPARDIZED!!!

If the number of members for whom forms have been received is greater than the number of members allocated resulting in a negative number appearing in the "No. of Members for Whom Forms Have NOT Been Received" line, you have enrolled more members in your program than authorized. Please explain this over enrollment. It may be that some members have terminated, in which case, change their status on this form and submit the proper end of term of service form to the USDA Director of National Service.

SECTION IV - PROGRESS TOWARDS ACCOMPLISHING SERVICE OBJECTIVES:

13. Original Community Service Objectives: Attached are sheets summarizing the community service objectives that were originally approved for each operating site. In cases where a single objective may take an entire year to complete, that objective may have a sub-objectives listed. **You need to fill in the column marked "1st QTR Quantity" and the column marked "1st QTR Success" --- as well as any column that is blank, has a zero, or has a question mark --- for EVERY operating site.** Each chart should have the following columns:

"State" - The standard two-letter code for your state

"Obj No" - Each community service objective for each site is assigned an individual number

"Op Site" - Each site's unique operating site identification

"PGM Code" - Each type of service has been assigned a unique code to describe that type of service. See the appendix to this report entitled "Community Service PGM Code List"

"Obj/Impact Statement" - A few words verbally summarizing the community service objective

"Year's QTY Target" - The year's numerical goal for the people or things to be aided

"Target Unit of Measurement" - The unit of measure used in the previous column

"1st QTR Quantity" - Provide a hard number indicating progress towards the "Year's QTY Target"

"Year's Success Target" - Number for a way of measuring *quality* of service provided --- if this column is blank, has a question mark, or has a zero, please replace it with the accurate information

"Success Unit of Measure" - Explanation of the number in the previous column --- if this column is blank, has a question mark, or has a zero, please replace it with the accurate information

"1st QTR Success" - Provide a hard number indicating progress towards the "Year's Success Target"

(Fill in All Blank Columns or Those with Question Marks. Use the Attached Blank Form to Enter New Objectives.)

As you are aware, one of the key pieces of information you are to provide with this 2nd QTR progress report is whether or not you intend to renew this site for the next program year beginning approximately Sept/Oct 1996. If you intend to renew this site for the next program year, indicate whether the objectives listed below will remain the same for the next year's program. If they will remain the same write OK next to them, if one will be not be an objective to be performed at this site for next year, write the word DELETE next to it. If you are proposing one or more new objectives for this site identify them using the format attached to question 14. You may write them on this sheet (be sure to include quantity and quality measures) or you may use a separate piece of paper BUT be certain you clearly identify the operating site to which they belong.

QUESTION 13. PROGRESS TOWARDS ACCOMPLISHING ORIGINAL COMMUNITY SERVICE OBJECTIVES

(Fill in All Blank Columns or Those with Question Marks. Use the Attached Blank Form to Enter New Objectives.)

As you are aware, one of the key pieces of information you are to provide with this 2nd QTR progress report is whether or not you intend to renew this site for the next program year beginning approximately Sept/Oct 1996. If you intend to renew this site for the next program year, indicate whether the objectives listed below will remain the same for the next year's program. If they will remain the same write OK next to them, if one will be not be an objective to be performed at this site for next year, write the word DELETE next to it. If you are proposing one or more new objectives for this site identify them using the format attached to question 14. You may write them on this sheet (be sure to include quantity and quality measures) or you may use a separate piece of paper BUT be certain you clearly identify the operating site to which they belong.

Use this section to report progress towards completing additional new objectives --- those objectives in addition to the main objectives of each project listed on the proceeding page. Please fill in all columns for all objectives. It is important to make sure that each objective is listed with its own "OP site" (Operating site) code; this ensures that we know precisely what service is performed at each site. Please fill in all columns for each objective. Under "Obj No.," please give each new objective a number different from the number used for any of the objectives on the proceeding page. Under "PGM Code", please use a one-letter and three-digit code to describe the service from the code list provided at the end of this report. Under "Obj/Impact statement," provide a several-word summary of the nature of the service project -- this verbal summary should roughly match the "PGM Code" listed in the previous column. Under "Year's QTY Target," provide a hard number for the people or things aided. 15. Community Service Objectives:

Michigan has a total of 5 community service objectives. The first two objectives, conducting Farm*A*Syst and precautionary measures adopted by those that have completed Farm*A*Syst were combined into one objective by your office. They are two discrete objectives and should not have been combined, however, to minimize confusion we will report them as one. We will not have data on how many Farm*A*Syst participants have adopted changes until the evaluation we are conducting is completed in the fourth quarter.

The other objectives we have do not all have a code listed in the list of codes. I will briefly describe what the objectives are and how we will measure success.

Objective #2: Establish Groundwater Stewardship Teams. Each AmeriCorps member will attempt to establish a Groundwater Stewardship Team comprised of community members. This team will identify and act on issues relating to groundwater protection they think are a priority in their community. We will measure success as the establishment of a team.

Objective #3: Pilot the Home *A*Syst program. Two AmeriCorps members will assist MSU Extension train community groups to pilot the Home*A*Syst program and will evaluate the results of the piloting. We will measure success as a completed piloting process. This should occur during the third quarter.

Objective #4: Close abandoned wells. Each AmeriCorps member will attempt to close dangerous abandoned well located through Farm*A*Syst. The number of wells closed will depend on the availability of funds to cost-share on the well closures. We have estimated how many wells each member will attempt to close. The measure of success will be percentage of wells closed based on their estimates.

16. N/A

17. The AmeriCorps members received considerable personal development training this quarter. They had training on the following topics:

- Making effective presentations (public speaking)
- Dealing with the media (responding to reporters questions etc...)
- Team Dynamics (working effectively in teams)
- Road Map to problem solving (solving problems in as a team)

18. This quarter Joel Berg visited our state. His visit inspired the AmeriCorps members and helped spread the word about what USDA/AmeriCorps is doing for the citizens of Michigan. Several articles were published in local papers, a live TV interview was conducted and two radio interviews took place. Several congressional staff offices were visited and informed about what is going on with USDA/AmeriCorps in their districts.

19. There has been some delay in starting the Home*A*Syst pilot. The state the materials originated in has been hesitant to release the needed information to Michigan. This has caused some frustration among the AmeriCorps members because they can not plan their time effectively. Calls have been made to the people responsible for obtaining these materials to encourage them to pick up the pace and to keep the AmeriCorps members they are working with informed of progress.

20. Two community service projects were performed by the AmeriCorps members this quarter. The members painted a community recreation facility in Grayling Michigan. The estimated population using this facility is 2000 people.

Another outreach service provided was at the Outdoorama in Novi, Michigan. The AmeriCorps members promoted conservation practices to the attendees of this event, totaling nearly 120,000 people.

Michigan participated in the satellite teleconference with Secretary Glickman on March 25.

Lastly, we have been communicating regularly with the Michigan Community Service Commission about our program and have been learning and participating in their programs as well. Two AmeriCorps members attended a leadership training program put on by the commission. Eleven members will be attending the commission sponsored AmeriCorps mid-year retreat. AmeriCorps programs throughout the state will be meeting at this retreat to share their stories.
