11. Please list the total number of **volunteers** who took part in activities which were sponsored or organized by all the Members in the state during this period.

1st Qtr.	2nd Qtr.	3rd Qtr.	4th Qtr.	Total
12				

12. Please list the total number of **hours of community service** completed by the volunteers cited above during this period. (In question 18, briefly explain what these volunteers accomplished)

1st Qtr.	2nd Qtr.	3rd Qtr.	4th Qtr.	Total
33				

SECTION IV - PROGRESS TOWARDS ACCOMPLISHING SERVICE OBJECTIVES:

13. Original Community Service Objectives: Attached are sheets summarizing the community service objectives that were originally approved for each operating site. In cases where a single objective may take an entire year to complete, that objective may have a sub-objective listed. **You need to fill in the column marked "1st QTR Quantity" and the column marked "1st QTR Success" --- as well as any column that is blank, has a zero, or has a question mark --- for EVERY operating site.** Each chart should have the following columns:

"State" - The standard two-letter code for your state

"Obj No" - Each community service objective for each site is assigned an individual number

"Op Site" - Each site's unique operating site identification

"PGM Code" - Each type of service has been assigned a unique code to describe that type of service. See the appendix to this report entitled "Community Service PGM Code List"

"Obj/Impact Statement" - A few words verbally summarizing the community service objective

"Year's QTY Target" - The year's numerical goal for the people or things to be aided

"Target Unit of Measurement" - The unit of measure used in the previous column

"1st QTR Quantity" - Provide a hard number indicating progress towards the "Year's QTY Target"

"Year's Success Target" - Number for a way of measuring *quality* of service provided --- if this column is blank, has a question mark, or has a zero, please replace it with the accurate information

"Success Unit of Measure" - Explanation of the number in the previous column --- if this column is blank, has a question mark, or has a zero, please replace it with the accurate information

"1st QTR Success" - Provide a hard number indicating progress towards the "Year's Success Target"

2/06/96

QUESTION 13. PROGRESS TOWARDS ACCOMPLISHING ORIGINAL COMMUNITY SERVICE OBJECTIVES

(Fill in All Blank Columns or Those with Question Marks. Use the Attached Blank Form to Enter New Objectives.)

State	OP Site	Obj No.	PGM Code	Obj/Impact Statement	Year's		Year's		Success Unit of Measure	1 st QTR Success
					QTY Target	Unit of Measure	1 st QTR Quantity	Success Target		
SD	Y46B	5	E114	Improve water quality	10	number of measures installed	0	30	% decrease in ^{Sedimentation} water pollution	0
SD	Y46B	5	E021	Construct fences 44	10	miles	0	95	% of sites meeting standards	25%
SD	Y46B	5	E061	Plant riparian areas	25	areas ★	6	80	% of plants surviving	0

★ Plan development during winter; Spring to plant.

★★ planning/measuring fence

2/06/96

QUESTION 13. PROGRESS TOWARDS ACCOMPLISHING ORIGINAL COMMUNITY SERVICE OBJECTIVES

(Fill in All Blank Columns or Those with Question Marks. Use the Attached Blank Form to Enter New Objectives.)

State	OP Site	Obj No.	PGM Code	Obj/Impact Statement	Year's		1 st QTR Quantity	Year's		1 st QTR Success
					QTY Target	Unit of Measure		Success Target	Unit of Measure	
SD	X46A	1	E094	Water quality monitoring	15	number of groups started	0	70	Number of conservation measures adopted	0
SD	X46A	1	E050	Improve 3 recreational facilities	3	facilities	0	90	% of work meeting professional standards	0
SD	X46A	1	E115	Test wells for water levels	68	wells	0	95	% of people rate service as valuable	0
SD	X46A	2	E017	Conduct workshops	500	students	0	95	% of ^{Students} adults demonstrating increased knowledge	0
SD	X46A	3	E017	Initiate abatement training for lead & radon conditions in homes	50	homes	0	90	% of adults demonstrating increased knowledge	0
SD	X46A	3	E072	Plant tree seedlings	30000	trees	0	75	% of trees that survive after set time	0

14. PROGRESS TOWARDS ACCOMPLISHING ADDITIONAL COMMUNITY SERVICE OBJECTIVES

Use this section to report progress towards completing additional new objectives --- those objectives in addition to the main objectives of each project listed on the proceeding page. Please fill in all columns for all objectives. It is important to make sure that each objective is listed with its own "OP site" (Operating site) code; this ensures that we know precisely what service is performed at each site. Please fill in all columns for each objective. Under "Obj No.," please give each new objective a number different from the number used for any of the objectives on the proceeding page. Under "PGM Code", please use a one-letter and three-digit code to describe the service from the code list provided at the end of this report. Under "Obj/Impact statement," provide a several-word summary of the nature of the service project -- this verbal summary should roughly match the "PGM Code" listed in the previous column. Under "Year's QTY Target," provide a hard number for the people or things aided. Under "Target Unit of Measurement," specify what unit of measure was used in the previous column -- such as miles, number of people served, acres, etc. Under "1st QTR Quantity," provide a hard number indicating progress towards the "Year's QTY Target" that was accomplished during this reporting period. Under "Year's Success Target," provide a hard number for a way of measuring how well the service was provided. Under "Successes Unit of Measure," specify exactly what the number in the previous column meant. Under "1st QTR Success," provide a hard number indicating progress towards the "Year's Success Target" that was accomplished during this reporting period.

State	Op Site	Obj No.	PGM Code	Obj/Impact statement	Year's QTY Target	QTY	Unit of Measure	1st QTR Quantity	Year's Success Target	Success Unit of Measure	1st QTR Success
{SAMPLE:}											
CA	Y05A	18	EN96	Constructing whale nesting boxes	3	Boxes		1	90	% meeting stand.	95%
SD	X46A	4	E017	Rancher Workshop - 100 people	1			95	% w/increased knowledge	100%	
SD	X46A	5	E070	Wood for heat, Timber Stand improved	5,000	acres		3,200	100	mtg stds	65%
SD	X46A	6	R047	Seminars to Seniors	45-45	seniors		45	100	% increase	100%
SD	X46B	6	E061	Riparian tree plans	25-25	plans		6	100		
SD	X46B	7	E103	Fish eggs hatched	450,000	eggs		450,000	80%	number of eggs surviving	100%

Clinton Presidential Records Digital Records Marker

This is not a presidential record. This is used as an administrative marker by the William J. Clinton Presidential Library Staff.

This marker identifies the place of a tabbed divider. Given our digitization capabilities, we are sometimes unable to adequately scan such dividers. The title from the original document is indicated below.

Divider Title: _____

UNITED
STATES
DEPARTMENT
OF AGRICULTURE

August 27, 1996

TO: John Harris, AmeriCorps Project Director, NRCS, Tennessee

FROM: Joel Berg, USDA Director of National Service *JB*

SUBJECT: Year-to-Date Data on Objectives and Member Forms

Attached is a "year-to-date" progress report showing accomplishments on objectives through the third quarter report. **This data, plus the fourth quarter data, will be provided to members of Congress representing your state and to your agency leaders. It is imperative that the information reflected in this report be as accurate as possible.** The report also shows the degree to which you have accomplished your objectives which were agreed to at the beginning of this program year.

I ask that you carefully review this report. Review each objective with the following items in mind:

1. **Accuracy of the data.** This information will be shared with many different groups, and it is important to be accurate in our reporting as well as getting credit for all the great work you have done during the year.

2. **Completion of community service objectives.** One way to determine the successful completion of objectives is to measure accomplishments against the target quantity measurement which you established at the beginning of the year. The table below gives you a snapshot picture of your accomplishments through the third quarter. The last five columns reflects your work measured against the target quantity.

SITE #	NUMBER OF OBJECTIVES	NUMBER OF OBJECTIVES EXCEEDED	NUMBER OF OBJECTIVES AT 100%	NUMBER OF OBJECTIVES 50-100% COMPLETE	NUMBER OF OBJECTIVES 0-50% COMPLETE	NO TARGET QUANTITY
Y47A	6	2	1	2		1
Y47B	18	10	1	4	2	1
Y47C	5	3		2		
Y47D	5	1	1	1		2
Y47E	3			2	1	
Y47F	2	1			1	
Y47H	5	3	1	1		
Y47I	4	3	1			
Y47J	3				3	

51

23

5

2. **Congressional Districts.** Please indicate in which Congressional District(s) the work was actually accomplished. This will let us be very specific to Members of Congress as to what work was done in their district.

3. **Volunteers.** Please explain what the volunteers have done with your AmeriCorps members. Also ensure that the volunteer numbers you have been providing to us each quarter is for the quarter **only**, not cumulative for the year.

Your assistance in this reporting enables us to meet our legal obligations as well as providing us with the necessary information to promote our USDA AmeriCorps program to all interested parties. Providing this data in an accurate and timely manner is one of your most important duties as an AmeriCorps Project Director.

Member Forms

Your member forms reveals that they are up-to-date. Good job!

If you have any questions or problems, please contact Dee DiFiore at (202) 690-3051 or Ron DeMunbrun at (202) 690-3894.

Thank you for your cooperation on this matter.

No. of Members Allocated by USDA: 2

Member Name	SSN	SER STAT	PGM STAT	TRT STAT	HOURS				Total
					1st Rpt	2nd Rpt	3rd Rpt	4th Rpt	
HAYES, CARISSA	D. (b)(6)	F	A	I	85	346	495	<u>434</u>	1360 926
POYNER, AMANDA	B. (b)(6)	F	A	I	109	423	513	<u>450</u>	1495 1045
Total Hours:									2855 1970

No. of Members Allocated by USDA: 2

No. of Active Members Whose Enrollment Forms were recieved at USDA (not including terminations): 2

No. of Members for Whom Forms Have NOT Been Recieved*: 0

REMEMBER THAT THE TOTAL NUMBER OF HOURS FOR EACH MEMBER SHOULD BE THE HOURS SERVED AND NOT INCLUDE THE HOURS FOR PERSONAL LEAVE (40) AND HOLIDAYS (72). IF YOU HAVE BEEN COUNTING THESE IN THE FIRST 3 QUARTERS, PLEASE ADJUST THE 4TH QUARTERS HOURS SO THAT THE TOTAL IS AT LEAST 1700 OF SERVICE (assuming the person was full-time and successfully completed the program.) You can have more than 1700 hrs for a total just be sure all the hours were service hours. Thank You

* If the number of Members allocated is greater than the number of forms received, there are four options: 1. There are Members enrolled in programs whose forms have not been submitted to the USDA Director of National Service. If that is the case, list the names, SSN, Status and hours of the missing members on the back of this sheet and send the enrollment forms to the USDA Director of National Service. 2. The enrollment forms were sent directly to the Corporation. If that is the case, send copies to the USDA Director of National Service immediately. 3. There are vacancies in your program you intend to fill in the next reporting period. If that is the case, enter the number of vacancies on the appropriate line. 4. There are vacancies that you can not fill and you are relinquishing them.

REMEMBER, MEMBERS WHOSE FORMS HAVE NOT BEEN RECEIVED AT USDA ARE NOT CONSIDERED ENROLLED IN THE PROGRAM AND THEIR BENEFITS (EDUCATION AWARD, ETC.) ARE JEOPARDIZED!!!

If the number of members for whom forms have been received is greater than the number of members allocated resulting in a negative number appearing in the "No. of Members for Whom Forms Have NOT Been Received" line, you have enrolled more members in your program than authorized. Please explain this over enrollment. It may be that some members have terminated, in which case, change their status on this form and submit the proper end of term of service form to the USDA Director of National Service.

					1st Rpt	2nd Rpt	3rd Rpt	4th Rpt	
CRUMLEY, AMY	S. (b)(6)	F	A	I	144	498	541	402 ✓	1585 1183
Total Hours:									1585 1183

No. of Members Allocated by USDA: 1

No. of Active Members Whose Enrollment Forms were recieved at USDA (not including terminations): 1

No. of Members for Whom Forms Have NOT Been Recieved*: 0

REMEMBER THAT THE TOTAL NUMBER OF HOURS FOR EACH MEMBER SHOULD BE THE HOURS SERVED AND NOT INCLUDE THE HOURS FOR PERSONAL LEAVE (40) AND HOLIDAYS (72). IF YOU HAVE BEEN COUNTING THESE IN THE FIRST 3 QUARTERS, PLEASE ADJUST THE 4TH QUARTERS HOURS SO THAT THE TOTAL IS AT LEAST 1700 OF SERVICE (assuming the person was full-time and successfully completed the program.) You can have more than 1700 hrs for a total just be sure all the hours were service hours. Thank You

* If the number of Members allocated is greater than the number of forms received, there are four options: 1. There are Members enrolled in programs whose forms have not been submitted to the USDA Director of National Service. If that is the case, list the names, SSN, Status and hours of the missing members on the back of this sheet and send the enrollment forms to the USDA Director of National Service. 2. The enrollment forms were sent directly to the Corporation. If that is the case, send copies to the USDA Director of National Service immediately. 3. There are vacancies in your program you intend to fill in the next reporting period. If that is the case, enter the number of vacancies on the appropriate line. 4. There are vacancies that you can not fill and you are relinquishing them.

REMEMBER, MEMBERS WHOSE FORMS HAVE NOT BEEN RECEIVED AT USDA ARE NOT CONSIDERED ENROLLED IN THE PROGRAM AND THEIR BENEFITS (EDUCATION AWARD, ETC.) ARE JEOPARDIZED!!!

If the number of members for whom forms have been received is greater than the number of members allocated resulting in a negative number appearing in the "No. of Members for Whom Forms Have NOT Been Received" line, you have enrolled more members in your program than authorized. Please explain this over enrollment. It may be that some members have terminated, in which case, change their status on this form and submit the proper end of term of service form to the USDA Director of National Service.

Estimated Completion Date Nov 30

11. Please list the total number of **volunteers** who took part in activities which were sponsored or organized by all the Members in the state during this period.

1st Qtr.	2nd Qtr.	3rd Qtr.	4th Qtr.	Total
<u>30</u>	<u>39</u>	<u>356</u>	<u>356</u>	<u>781</u>

12. Please list the total number of **hours of community service** completed by the volunteers cited above during this period.

1st Qtr.	2nd Qtr.	3rd Qtr.	4th Qtr.	Total
<u>85</u>	<u>169</u>	<u>3045</u>	<u>3074</u>	<u>6373</u>

SECTION IV - PROGRESS TOWARDS ACCOMPLISHING SERVICE OBJECTIVES:

13. Original Community Service Objectives: Attached are sheets summarizing the community service objectives that were originally approved for each operating site. In cases where a single objective may take an entire year to complete, that objective may have a sub-objectives listed. **You need to fill in the column marked "4th QTR Quantity" and the column marked "4th QTR Success" — as well as any column that is blank, has a zero, or has a question mark — for EVERY operating site.** Each chart should have the following columns:

"State" - The standard two-letter code for your state

"Obj No" - Each community service objective for each site is assigned an individual number

"Op Site" - Each site's unique operating site identification

"PGM Code" - Each type of service has been assigned a unique code to describe that type of service. See the appendix to this report entitled "Community Service PGM Code List"

"Obj/Impact Statement" - A few words verbally summarizing the community service objective

"Year's QTY Target" - The year's numerical goal for the people or things to be aided

"Target Unit of Measurement" - The unit of measure used in the previous column

"4th QTR Quantity" - Provide a hard number indicating progress towards the "Year's QTY Target"

"Year's Success Target" - Number for a way of measuring *quality* of service provided --- if this column is blank, has a **question mark**, or has a zero, please replace it with the accurate information

"Success Unit of Measure" - Explanation of the number in the previous column --- if this column is blank, has a question mark, or has a zero, please replace it with the accurate information

"4th QTR Success" - Provide a hard number indicating progress towards the "Year's Success Target"

QUESTION 13. PROGRESS TOWARDS ACCOMPLISHING ORIGINAL COMMUNITY SERVICE OBJECTIVES

(Under "4th QTR Quantity" enter the amount of work done in the fourth quarter. Do the same for "4th QTR Success".)

Remember, since this is the last or final report, there should be no objectives with a zero entered in quantity or success, if a zero was entered for the first Three quarters. (See your last quarterly report) If you have objectives that you could not do anything on please explain why.

Objective 5 postponed due to project partners change in priority - Member was able to complete objectives in Forest Service AmeriCorps Program that was not funded. See question 14 for additional objectives that were completed.

14. PROGRESS TOWARDS ACCOMPLISHING ADDITIONAL COMMUNITY SERVICE OBJECTIVES

Use this section to report progress towards completing additional new objectives -- those objectives in addition to the main objectives of each project listed on the proceeding page. Please fill in all columns for all objectives. It is important to make sure that each objective is listed with its own "OP site" (Operating site) code; this ensures that we know precisely what service is performed at each site. Please fill in all columns for each objective. Under "Obj No.," please give each new objective a number different from the number used for any of the objectives on the proceeding page. Under "PGM Code", please use a one-letter and three-digit code to describe the service from the code list provided at the end of this report. Under "Obj/Impact statement," provide a several-word summary of the nature of the service project -- this verbal summary should roughly match the "PGM Code" listed in the previous column. Under "Year's QTY Target," provide a hard number for the people or things aided. Under "Target Unit of Measurement," specify what unit of measure was used in the previous column -- such as miles, number of people served, acres, etc. Under "1st QTR Quantity," provide a hard number indicating progress towards the "Year's QTY Target" that was accomplished during this reporting period. Under "Year's Success Target," provide a hard number for a way of measuring how well the service was provided. Under "Successes Unit of Measure," specify exactly what the number in the previous column meant. Under "1st QTR Success," provide a hard number indicating progress towards the "Year's Success Target" that was accomplished during this reporting period.

meeting stand. 95%

TN	Y47J	E058	Household Hazardous Waste Collections				6		
----	------	------	---------------------------------------	--	--	--	---	--	--

Organized, publicized, and recruited volunteers for county household hazardous collections which resulted in 19,261 lbs of material collected from 1407 households.

16. Community Building Objectives Narrative (optional): *Briefly describe how projects have brought together diverse groups of people, empowered communities to solve their own problems, built long term structures that will last beyond each AmeriCorps Member's term of service, and generally improve the abilities of local citizens to help improve their own lives.*

The Waste Reduction at Work Workshops have probably been the most diverse gathering of local people in the community in which AmeriCorps has been involved. Extensive efforts were made to invite every business, industry, office, and public official in each county. The actual "Waste Reduction at Work" workshop designed was based on local needs and targeted to local learning levels and concerns. Since participants came from diverse backgrounds, some educated some not, some from large businesses some from small offices, the creation of materials was a challenge. AmeriCorps members developed workshop resource book materials tailored to meet the specific needs and interests of the different groups and also conducted portions of the workshops.

The workshops were designed not to tell people what was wrong but to give them the tools to investigate and make changes for themselves.

See enclosed copy of introduction to workbook.

Y47I - The AmeriCorps Bent Creek Project has helped to bring conservation, environmental and farm people together to seek mutually acceptable solutions to nonpoint source problems. We have made significant progress in educating local landowners by taking a non-regulatory approach, sharing new technology, and combining a variety of state, federal, and local programs. Animal waste systems, water troughs, tree planting, and stream restoration projects will provide environmental benefits for years to come.

Y47J - The teacher inservice workshop will be an annual event. Household hazardous waste collections will be continue indefinitely. Residents call throughout the year asking for information about these collections.

17. AmeriCorps Member Development Objectives Narrative (optional): *Briefly describe how the AmeriCorps Members themselves have benefited from serving in the program, particularly in regard to expanding their own educational opportunity and increasing their own ethic of personal responsibility. Describe specific skills learned by Members through either their service or training. Describe any Members that earned a GED or otherwise advanced their education. Describe any members that left public assistance to join AmeriCorps. Relate how AmeriCorps allowed Members to continue college or graduate school. Describe how Member may have changed their ethic of work, citizenship, or community volunteerism.*

Y47H - Two AmeriCorps Members have been able to continue their education as a result of AmeriCorps. Jeremy Williams, two time AmeriCorps member, recently completed his Master degree at the University of Tennessee in Geography and Cassandra Sheaffer will be beginning graduate school this winter to seek a Master degree in Horticulture.

Members, Jeremy Williams and Sharon Smith, have also benefited in career advancement. Taking the skills they have learned both are moving on into the workforce. For all, the experience has been a lesson in patience and humility, realizing people and communities change at their own pace. But the experiences and training gained directly through AmeriCorps service has directly impacted the career placement of Members.

Y47I - AmeriCorps provided the opportunity to enhance many useful skills, while learning new techniques and situations unique to the soil conservation area. New and interesting skills included the use of infrared photography and soil map interpretation, surveying, cost estimating, and assisting with

implementation of BMP's. Working with diverse groups of people, different agencies, and community leaders as well as improving personal communications and public speaking abilities, were other skills that were practiced and improved upon. In addition to the many benefits of skills acquired, AmeriCorps also provided the financial means to return to school to work toward completion of a graduate degree.

Y47J -AmeriCorps program has allowed me to continue my education through graduate school much sooner than anticipated. I had been considering getting a master degree in education, but after working with children and school systems, I decided that this was definitely what I wanted to pursue. AmeriCorps gave me the opportunity to work with the school systems and school age children.

SECTION V - SUCCESS STORIES:

18. Unique Successes or Great Stories: Briefly describe one or two unique and/or exceptional success stories, a program highlight, or a "great story" from your state. Please explain any instance in which AmeriCorps Members recruited non-AmeriCorps community volunteers for projects. Please include all media coverage, including original newspaper clips, videotapes of TV coverage, and cassette tapes of radio coverage; any letters of support or thank you letter; "before and after" photographs, brochures, posters, and newsletters created by the project; and other types of creative documentation.

Y47H

Tennessee Wilderness Road

One of our most successful AmeriCorps projects this quarter has been the distribution of the Wilderness Road Guide brochure. According to METTA reports, this brochure is currently the most frequently requested brochure in the state.

The brochure was also distributed to boating docks, state and national parks and important historical points of interest, as well as several community centers in the area.

Newspapers throughout the region announced this brochure's release. Media contacts and other technical advice and assistance were obtained from the Middle East Tennessee Tourism Association and the Northeast Tennessee Tourism Association. These organizations also assisted in getting brochures to all Welcome Centers in the state of Tennessee.

This is a project that has enjoyed tremendous success and will work to increase community pride and hopefully bring in visitors to the area who will patronize local businesses.

See enclosed press release and map

Hancock County Three-Star Grant

AmeriCorps played a role in Hancock County's recent successful campaign for 3-star community recognition. One of the Clinch-Powell RC&D AmeriCorps Members served on Sneedville/Hancock Community Partners committee which prepared the 3-Star application.

The AmeriCorps Member was responsible for collecting information from other community members to put together a marketing folder which provided information about the county's human and natural resources. This folder is being distributed at trade shows around the nation. The folder's pages, designed by an AmeriCorps Member were used as a cover for the 3-star award application. The folder was also presented to the 3-star review committee.

Hancock County is the sixth poorest county in the nation and has struggled to attract industry to its area in attempts to create jobs and boost the local economy. Receiving the 3-star community award will list Hancock County as a community that has prepared itself for industry to locate there.

SECTION VI - CHALLENGES

19. Difficulties Faced by the Program: Use this section to report on any problems your Members have encountered in the program this period. These should be significant issues which were related to achieving objectives, significant delays in implementation, administrative problems, or any other expectations, events or incidents that have caused the Members concern. State the problem concisely and how the issue has, or has not been resolved. Be sure to outline the steps taken and identify any resources needed to assist in resolving the problem.

Y47H

Many difficulties our AmeriCorps program encountered had to do with a strangling amount of regulations that refuse to consider special local problems. For instance, USDA AmeriCorps rules mandate that members shall not participate in media relations, but are instead supposed to wait until local media come to cover them. Unfortunately any newspapers in these areas are weeklies and are often made up of staffs of one or two people. Articles about several events that AmeriCorps played a large role in were printed in our local newspapers. However, because of USDA regulations, none of these articles mentioned AmeriCorps.

We feel we could do much more to promote the program and the good things Members are doing, if we were allowed to do media relations. Gaining more public recognition and coverage of the AmeriCorps program and activities would give better credence to our programs and initiatives. Better name recognition would also make it easier for Members to recruit and mobilize volunteers from the community. One of our Members this year had a bachelor's degree in journalism and would have been quite capable of performing media relations functions. We feel this lack of media attention would be quite different if our area was not so rural and that the USDA should allow more flexibility for situations like these -- especially when it is both beneficial and possible to do so.

SECTION V - GENERAL INFORMATION

20. National Identity Activities (optional): Please describe any activities undertaken by Members that fostered the national identity of AmeriCorps. These could include joint service activities, meetings with other AmeriCorps projects, national telephone conference calls, use of Internet to communicate with other sites, etc.

Y47H

Members prepared a Tennessee AmeriCorps newsletter which covered activities performed by our USDA AmeriCorps Members in the state. This effort recognized the AmeriCorps National Service Program.

21. Organizational Changes: Please outline and describe any changes in your program's organization and/or structure during the quarter.

Y47H

None

15. Community Service Objectives Narrative (optional): *If you feel it is necessary and/or helpful, you may use this space to describe in more detail accomplishments towards the original community service objectives reported in question 13 and/or your additional community service objectives reported in question 14. Please make sure you including the Operating Site Number in each narrative description so we can be clear which accomplishment is matched to which site.*

Y47H—AmeriCorps members have become directly involved in many community service projects which had a direct benefit on local communities and citizens. A few will be discussed here. The Hancock County Jail renovations were brought on by AmeriCorps efforts. AmeriCorps members gave birth to the idea and motivated the Hancock County Historical Society to become involved. Clinch-Powell AmeriCorps member were able to have the East Tennessee Community Design Center develop a design for renovations to meet historical guidelines. They were also able to secure a grant from the State Legislature for \$2500 and raised an additional \$5000 for the jail. Local historical society members and volunteers are implementing all construction work.

Another project has been the Lookout for Litter campaign. Combating apathy about litter is a challenge in rural Tennessee. The litter campaign is responsible for the development of a postcard which is being distributed to area businesses and public offices. Local citizens will be able to pick up postcards, keep them in their vehicles and write down the license numbers of people seen littering on the roads. The postcards are then mailed into the RC&D office where violators are sent a letter reminding them that littering is illegal and clutters the roads and highways. The Tennessee Highway Patrol Litter officer will then send them a stronger letter warning of the consequences of littering. The litter campaign has a direct impact on the area in both economics and tourism. People often don't realize how litter effects tourism and how new businesses would hesitate to move into the area.

Look for more Y47H information in #18 "Great Success Stories"

Y47I - The application of conservation practices in this watershed have been greatly assisted by the work of AmeriCorps Member. There has been a great deal of interest from the farm community. Below is a list of the practices applied to date. There are three animal waste systems that we have received designs for. All three are currently under construction.

- pasture establishment - 167 acres
- 4 ponds on 4 farms
- 4 stream crossings on 3 farms
- 8000' of stream fencing on 4 farms
- 14 alternate livestock water facilities on 12 farms
- 4 acres critical area treatment on 2 farms
- 1 grade structure on 1 farm
- 1 acre of streambank restoration on 1 farm
- 600' of a lane (heavy use area) for rotational grazing

Due to the ease of installation and low cost of the freeze proof water troughs have become very popular and we have exceeded our expectations in this area. for this reason we have not needed as many stream crossings. Stream fencing has been met with mixed acceptance but progress is being made when it is coupled with other more popular practices.

Y47J - There were over 150 educators who attended the second annual inservice workshop. The teachers received 5 hours of inservice credit for attending the environmental workshop. This workshop emphasized the importance of teaching conservation education to our future generations.

SECTION V - SUCCESS STORIES:

18. **Unique Successes or Great Stories :** Briefly describe one or two unique and/or exceptional success stories, a program highlight, or a 'great story' from your state. Please explain any instance in which AmeriCorps Members recruited non-AmeriCorps community volunteers for projects. Please include all media coverage, including original newspaper clips, videotapes of TV coverage, and cassette tapes of radio coverage; any letters of support or thank you letters; "before and after" photographs, brochures, posters, and newsletters created by the project; and other types of creative documentation.

y 4th D → AmeriCorps was recognized in a picture
in the Monroe County Advocate.

for her contributions to the Monroe
County Beautiful. The picture shows
the MCB members around a newly
purchased trailer, which will be used
to pick litter across Monroe County.

SECTION VI - CHALLENGES

19. **Difficulties Faced by the Program:** Use this section to report on any problems your Members have encountered in the program this period. These should be significant issues which were related to achieving objectives, significant delays in implementation, administrative problems, or any other expectations, events or incidents that have caused the Members concern. State the problem concisely and how the issue has, or has not been resolved. Be sure to outline the steps taken and identify any resources needed to assist in resolving the problem.

N/A

SECTION V - GENERAL INFORMATION

20. **National Identity Activities (OPTIONAL):** Please describe any activities undertaken by Members that fostered the national identity of AmeriCorps. These could include joint service activities, meetings with other AmeriCorps projects, national telephone conference calls, use of Internet to communicate with other sites, etc.

Y47D → Took part in local "River Rescue".
This is an annual activity where people come together to clean up trash and debris from the Tennessee River around Chattanooga, TN.

21. **Organizational Changes:** Please outline and describe any changes in your program's organization and/or structure during the quarter.

N/A

22. **Organizational Improvements (OPTIONAL):** Please write any suggestions by you, your Members, site managers, or anyone else regarding ways in which the USDA or CNS AmeriCorps program could be improved.

① Quarterly reports need to be simplified and streamlined.
② Quarterly reports need to be taken from Plans of Work developed by each USDA AmeriCorps member.

23. **Primary Training and Technical Assistance Needs (OPTIONAL):** Please specify precisely what kind of staff or Member training or other technical assistance can be provided by USDA, the Corporation for National Service, or other sources to improve your projects.

The 1990 USDA AmeriCorps had the training and travel budget was eliminated. By doing so, they eliminated important ^(END OF REPORT) training that the members should have received. Some examples of training necessary to improve the USDA AmeriCorps Program and projects

(i.e.): ① Grant Writing Course
② Civil Rights Training
③ Resource Planning
④ Communication & Skills Training

15. **Community Service Objectives Narrative (optional):** If you feel it is necessary and/or helpful, you may use this space to describe in more detail accomplishments towards the original community service objectives reported in question 13 and/or your additional community service objectives reported in question 14. Please make sure you include the Operating Site ID Number in each narrative description so we can be clear which accomplishment is matched to which site.

Y 47D → Has been actively involved with the Monroe County Beautiful Organization with the recycling efforts and educational activities.

(M.C.B. is a part of the Keep America Beautiful)

16. **Community Building Objectives Narrative (optional):** Briefly describe how projects have brought together diverse groups of people, empowered communities to solve their own problems, built long term structures that will last beyond each AmeriCorps Member's term of service, and generally improved the abilities of local citizens to help improve their own lives.

Y 47D, Y 47E, Y 47F → Developed several outdoor classrooms and educational facilities, for both inner-city and rural communities.

17. **AmeriCorps Member Development Objectives Narrative (optional):** Briefly describe how the AmeriCorps Members themselves have benefited from serving in the program, particularly in regard to expanding their own educational opportunity and increasing their own ethic of personal responsibility. Describe specific skills learned by Members through either their service or training. Describe any Members that earned a GED or otherwise advanced their education. Describe any Members that left public assistance to join AmeriCorps. Relate how AmeriCorps allowed Members to continue college or graduate school. Describe how Members may have changed their ethic of work, citizenship, or community volunteerism.

All Cluster #2 USDA AmeriCorps members have grown in their volunteer efforts and willingness to give of their time because of the (Y 47D, Y 47E, Y 47F) AmeriCorps experience.

CLINCH-POWELL RC&D COUNCIL

—Resource Conservation and Development Council—

Serving Claiborne, Grainger, Hancock, Hawkins and Union counties Spring/Summer 1996 Vol. 5, No. 2

RC&D Asks Consumers to Put the Environment on Shopping Lists.

Quick! What's the best way to handle garbage? Recycling? Landfill? How about not buying it in the first place?

That's the idea behind the RC&D's current grocery store campaign.

AmeriCorps members Sharon Smith and Cassandra Sheaffer have been working in the Clinch-Powell counties to give consumers ideas on how to help solve our solid waste problem by shopping wisely.

About 2/3 of household trash is made up of packaging. Careful shopping can help us bring home less packaging with our groceries.

Displays and signs in grocery stores, free message boards with shopping tips, radio announcements, newspaper articles and ads were all used to give shoppers reduction tips.

Probably the most effective method of reaching out to the community is meeting with local citizens groups. To date, AmeriCorps members, with help from PCC Coordinator Angie Johnston, have visited women's groups, home economics classes and the Union County senior citizens center in Maynardville.

Another part of the campaign was a contest which focused on new ways to reuse old items. Gift certificates to participating grocery stores were offered as prizes.

AmeriCorps members, Sharon Smith and Cassandra Sheaffer, pass out free materials and information in one of the grocery stores participating in the 'Put the Environment on Your Shopping List' campaign.

Reusing, Recycling and Reducing are all messages presented during this campaign. Most of all, the campaign is an attempt to get people to think about the packaging and trash they are buying with their groceries. Most of the shopping tips are also money-saving tips too.

The campaign was made possible by a grant from the USDA Forestry Service.

AmeriCorps Accomplishments

Taking Advantage of New Technology

A proposed project, awaiting final approval, will put the Tennessee Wilderness Road Guide on an interactive CD-ROM computer disk. The CD-ROM will allow potential visitors to take a preliminary tour of sites using their computers.

Several historic and scenic attractions will be featured for the viewer to select. Each selection will show a live-action video sequence and give a brief explanation of the site.

AmeriCorps member Jeremy Williams says the CD-ROM is a clearer, more organized form of communication for potential visitors.

Currently information on the Tennessee Wilderness Road and other RC&D projects is available on the Internet. You can reach our Internet website at <http://www.home.aol.com/bacarditn>. Our address for the Wilderness Road Guide is <http://funnelweb.utcc.utk.edu/~gangwrrc>.

Visit our web site!
<http://www.home.aol.com/bacarditn>

Hot Off the Press

Two new publications are hot off the press from the Clinch-Powell Specialty Recreation and Tourism Initiative.

The Tennessee Wilderness Road Guide and Map will be distributed throughout the region. It is a full-color guide to historical sites in the area.

An assessment of local heritage, historical and natural resources is also completed, and is available for a \$5 duplication fee. Contact Jeremy Williams at 423-828-5927.

Festivals and Fun

Jail Day in Hancock County

Look for more details soon on this day of fun planned for late August. Events will include live music, a fiddling contest, an auction, citizens' arrests and other events. Proceeds will be used to renovate the Hancock County Old Jail in Sneedville.

Grainger Co. Tomato Festival

To celebrate the Tennessee Bicentennial, the Grainger County Tomato Festival has been expanded to include a weeks worth of events. Events will include a street dance and pie eating contest, and auctioneer contest. Old favorites like the craft booths, Fun Run and Tomato Wars will also be back. Call the RC&D office for a full schedule of events.

AmeriCorps Takes Part in Hancock County Development Plans.

The Clinch-Powell RC&D is only a small part of the sweeping improvements planned for Hancock County by the Sneedville/Hancock Community Partners.

"A lot of small successes are what we need to make Hancock County an even better place to live, work and visit," said Jack Mullins, chairperson of the Hancock County Industrial Development Board.

The county has seen several successes already. The group's activities range from a Chamber of Commerce fix up, paint up, clean up month in May to the Jubilee Small Business Incubator. Projects have involved all types of local, regional and state organizations and have

"A lot of small successes are what we need."

-Jack Mullins

attracted national attention.

To attract even more attention from potential investors, the county has prepared a marketing folder to be distributed at trade shows. AmeriCorps member Cassandra Sheaffer created the folder and edited and prepared the eight informational inserts for printing.

Another ongoing AmeriCorps project headed by Jeremy Williams, will turn a local landmark into a Hancock County historical museum and meeting room. Plans for the Old Hancock County Jail have been approved by the Tennessee Historic Commission. Jail Days in July will celebrate the history surrounding the jail.

Summer Calendar

Tuesday, June 11

Grainger County

"Waste Reduction at Work" seminar. 8:30 - 3:30.

Tuesday, June 18

Hawkins County "Waste Reduction at Work" seminar. 8:30 - 3:30.

Saturday, June 29

MidSouth Brangus Breeders Field Day at High Fields Farm in Rutledge.

Tuesday, July 9

Union County "Waste Reduction at Work" seminar. 8:30 - 3:30.

Thursday, July 11

Hancock County Waste Reduction at Work. 8:30 - 12:30.

Tuesday, July 16

Claiborne County Waste Reduction at Work 8:30 - 3:30.

July 20-28

Grainger County Tomato Festival. Call Clinch-Powell RC&D for a full schedule.

Tuesday, August 6

Enviro 2000 teacher inservice workshop, Rutledge Middle School.

August 8 & 9

Tennessee RC&D Council Annual Meeting in Crossville.

AmeriCorps is President Clinton's national service program, passed with bi-partisan support from Congress, that engages 20,000 Americans of diverse backgrounds in performing service that meets critical community needs in return for an educational award, which may be used to pay for college, job training, or graduate school, or to pay back student loans. The majority of AmeriCorps Members are working in partnerships with states, local governments, and non-profit organizations.

The U.S. Department of Agriculture is running three types of AmeriCorps teams in 38 states, composed of approximately 1,200 members: an Anti-Hunger Team, a Public Lands and Environment Team, and a Rural Development Team. Many of the AmeriCorps projects are sponsored by community-based organizations and all projects are designed to get things done, while boosting community, opportunity, and responsibility.

The United States Department of Agriculture (USDA) prohibits discrimination in its programs on the basis of race, color, national origin, sex, religion, age, disability, political beliefs and marital or familial status. (Not all prohibited biases apply to all programs). Persons with disabilities who require alternative means for communication of program information (braille, large print, audiotape, etc.) should contact the USDA Office of Communications at (202) 720-5881 (voice) or (202) 720-7808 (TDD). To file a complaint, write the Secretary of Agriculture, U.S. Department of Agriculture, Washington, D.C. 20250, or call (202) 720-7337 (voice) or (202) 720-1127 (TDD). USDA is an equal employment opportunity employer.

AmeriCorps Accomplishments

What Is AmeriCorps?

AmeriCorps is getting things done all over the U.S. The program is a national service initiative started by President Bill Clinton in 1994.

USDA AmeriCorps is dedicated to making a lasting difference in the rural communities of America through sustainable community-based efforts.

This year RC&D hosts three new AmeriCorps members and one returning member.

Jeremy Williams is returning for a second term of service. He recently completed his master's degree in geography at the University of Tennessee.

New member Betty Wilson is a resident of Claiborne County. She lives in Cave Springs with her husband William and six-year-old daughter. Betty has a B.A. from Lincoln Memorial University in education, history and social science.

Full-time AmeriCorps members are Sharon Smith and Cassandra Sheaffer. Sharon is a UT graduate in public health education and also has a degree in English. She taught English for five years in Korea.

Cassandra Sheaffer recently moved to Tennessee from Ohio. She earned a degree in agricultural communication and crop sciences from The Ohio State University.

All AmeriCorps members are looking forward to getting things done in this area.

Hancock County Old Jail Restoration

RC&D AmeriCorps members have teamed up with the East Tennessee Community Design Center and the Hancock County Historical Society to restore the Hancock County Old Jail.

For several years the Hancock County Historical Society has wanted to redesign the historic Hancock County Jail. Plans are now in progress to renovate the historic site and turn it into a Hancock County and Melungeon Cultural Heritage Museum.

AmeriCorps VISTA members, sponsored by the Tennessee Community Design Center, are providing technical design assistance and cost estimates to help the project adhere to the strict standards of the National Historic Register.

Additional technical assistance will be provided by the Tennessee Historical Commission. The jail is one of only two buildings in Hancock County listed on the National Historic Register.

Tennessee Wilderness Road And Visitors Guides Created

Vacationers to East Tennessee may not realize the other historical and interesting sites beyond the traffic congestion of the Smoky Mountains.

Four new travel guide brochures will direct people to unique areas in the Clinch, Powell and Holston river areas.

The brochures are a project of the Clinch-Powell Specialty Recreation and Heritage Initiative of which AmeriCorps members played a part.

The first of the travel guides to be completed is the Historic Tennessee Wilderness Road

guide. This full color brochure points out sites of interest ranging from the Cumberland Gap to the Cherokee National Forest.

Along with this brochure the committee is also completing a Three Rivers Recreational Guide which lists area parks, golf courses, hiking trails, waterfalls and other natural sites of interest.

Also planned are similar guides to regional arts and crafts and photography opportunities.

ATTENTION, ATTENTION

Clinch-Powell RC&D has moved.

workshops coordinated by Ameri Corps
 section of the Waste Reduction

Waste Reduction At Work

I N T R O D U C T I O N

Workshop sponsors:

The Clinch-Powell Resource Conservation and Development Council and Partners for Clean Communities Keep America Beautiful System are sponsoring these workshops with financial assistance from the Rural Utilities Service and the Tennessee Litter Grant Programs.

The Clinch-Powell RC&D Council works with community leaders to build strong communities and caring for natural resources in Claiborne, Grainger, Hancock, Hawkins and Union Counties.

More than 300 RC&D Councils are working for their communities across the United States. The Clinch-Powell RC&D is a volunteer-based nonprofit group, organized in 1990 as an outgrowth of a two-state effort to protect the Clinch and Powell rivers.

Your local RC&D council networks with other groups and organizations for resources, technical assistance and funding. Projects encompass many areas including education, environmental conservation, community improvement, heritage protection and recreation, solid waste issues and more.

Local RC&D program areas include:

- ◆ Partners for Clean Communities Keep America Beautiful System
- ◆ Clinch River Community Project
- ◆ AmeriCorps National Service
- ◆ Environmental Education and Learning Center
- ◆ Specialty Recreation and Tourism Initiative
- ◆ Learn and Serve Youth Leadership Council
