Dear President Clinton:

Mr. Virgil G. Pounders an outstanding employee of the Air Traffic Service, Federal Aviation Administration, retired on May 2, 1997. He contributed significantly to the Federal Aviation Administration in air traffic control since 1970. A congratulatory letter from you on his retirement would be an honor to him in recognition of his many years of dedicated and loyal service to the United States Government. The letter would be presented to him at his retirement ceremony on May 27, 1997. Enclosed is a draft letter to assist in the preparation of the letter to Mr. Pounders.

The letter should be returned to me at the following address:

Department of Transportation
Federal Aviation Administration
Birmingham Air Traffic Control Tower
Birmingham International Airport
Birmingham, Alabama 35212-1090

Thank you in advance for your assistance in honoring this employee. Please direct any questions to me at (205)731-1364.

Sincerely,

Douglas M. Whitson
Air Traffic Manager

Mr. Virgil Gene Pounders
302 Tutwiler Drive
Trussville, Alabama 35173

Dear Mr. Pounders:

Congratulations on your recent retirement from the Federal Aviation Administration (FAA). You have made significant contributions to the improvement of the nation's air traffic control system during your successful career in the FAA. Your dedication as an Air Traffic Controller and a Quality Assurance Training Specialist proved to be of value to the Birmingham Control Tower. Also, your outstanding training capabilities at a Level III Tower helped lead the way for many air traffic controllers to advance themselves in their career progression. The many personal sacrifices that you made during your 35 years of U. S. Government Service are symbolic of your high values and quest to make the National Airspace System the safest and most efficient in the world.

Thank you for your loyal service to the United States of America and I wish you well in your retirement.

Sincerely,

Bill Clinton

'97 MAY 16 PM9:45

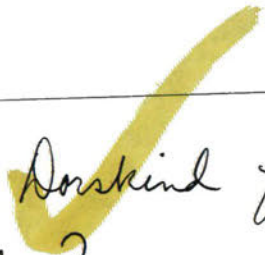

Dear President Clinton,

It is that time of year again, for us to talk about a type of execution that is not even permitted on the worst of criminals. It is called a partial birth abortion, an unhuman way to take away a constitutionally protected right, the right to life, liberty and the pursuit of happiness. You have decided even though the American Medical Association says that this procedure is in no reason needed to protect the life or health of a mother to allow this to continue. How is it that delivering a baby to the head then having to focally hold the baby in the canal and then stabbing the back of the head to end the life helping to protect the mother in any way except to eliminate a child she does not want. During this procedure if the abortionist does not hold back the baby the force of delivery pushes the baby out. Why do we need this type of abortion, give those who are in support of a ban one reason medically that supports your cause to give total control of the health decision to the abortionist, if her health is in danger she should be in a hospital not and multi-murder center.

Again, you are said to be Christian and God's word say's choose life and give no alternative to murder.

IN HIS CARE

John and Sharon Taylor

Suerre, 8 de mayo de 1997.

'97 MAY 14 PM 5:02

Estados Unidos

Presente

Estimado señor presidente

Lo saludamos a usted, a su esposa Hillary y a su hija.

En esta oportunidad en la cual visita nuestro bello país deseamos que se está la pasen muy bien.

Queremos que disfrute nuestras bellas naturalezas.

Nuestro país es muy bonito, pequeño pero su gente es amable.

Suerre es un lugar en donde su gente cuida los recursos naturales. Alex Eakright, una norteamericana del Cuerpo de Paz nos lecciones interesantes acerca de la ecología. Aprendemos con ella mucho.

Nos despedimos con cariño,

Los niños de la Escuela Suerre.
Guapiles, Pococí, provincia Limón.
