

U.S. DEPARTMENT OF LABOR
Office of the Assistant Secretary for Employment and Training
WASHINGTON, D.C. 20210

OCT 05 1979

MEMORANDUM FOR: ETA EXECUTIVE COUNCIL

FROM: ERNEST G. GREEN
Assistant Secretary for
Employment and Training

E.A.

SUBJECT: Approved FY 1980 Funding Plan for
Special National Programs and
Activities under CETA Title III

The Secretary has given his approval to the attached FY 1980 funding plan for Special National Programs and Activities under CETA Title III. This funding plan reflects only those items for which a firm decision has been made. It does not, in this regard, encumber all of the funds we estimate will be available in FY 1980, nor does it necessarily reflect final levels for programs that are still under active discussion (e.g., Supported Work).

With respect to the FY 1979 funding plan, it has come to my attention that there are a number of line items where commitments (as signified by duly signed PAR's) and obligations fell short of the amount set aside. Our policy regarding uncommitted and unobligated funds remaining from the FY 1979 plan will be as follows:

1. Funds committed by PAR in FY 1979 but not obligated. In those instances where a PAR was approved on or before September 30, 1979, but the funds were not obligated via contract or grant before the close of the fiscal year, the PAR will be honored. That is, the grant, contract, or reallocation

of funds approved by the PAR may be executed. For accounting purposes, however, the amounts obligated will be reflected as FY 1980 transactions and will be added to the appropriate line in the FY 1980 funding plan.

2. Funds not committed by PAR in FY 1979. With respect to funds not committed by PAR in FY 1979, it will be our policy to assume that they are not needed for the purposes for which they were originally budgeted. We do, however, recognize that there are cases where plans and arrangements to use these funds have reached an advanced stage, but where unforeseen delays prevented the funds from being committed or obligated on or before September 30, 1979. In this regard, ETA Administrators may request that all or part of their unutilized funds from a specific line item in the FY 1979 plan be carried over and added to an appropriate line in the FY 1980 plan. These requests should be submitted to Chuck Knapp in memo form and must indicate or include: (i) the amount of funds involved; (ii) a description of the activity to be funded; (iii) an account of the progress that has thus far been made to implement the activity and the date by when the necessary contracts and grants could be executed; (iv) the nature of any assurances that have been made to outside interests that the activity will be funded; (v) the nature of any disruptions that would be caused if the activity were to be supported out of the approved funding plan attached to this memo without any additional funds being devoted to the appropriate line item in the plan. Mr. Knapp should receive your requests by October 26, 1979.
3. FY 1979 funds allotted to Regional Offices but which were unobligated as of September 30, 1979. In many instances, funds drawn against the FY 1979 plan were allotted to Regional

Offices. Examples here include funds for the Trade Act Program, the Offender Program, and so forth. A full accounting of the obligations registered against these allotments before the close of FY 1979 will not be available for several weeks. Depending on the amount of unobligated funds remaining on hand in the regions as of September 30, 1979, the ETA Administrators having oversight over the programs in question may be called upon by Mr. Knapp to explain whether (and why) these funds should remain available for obligation by the regions or be retrieved by the national office for reallocation to other programs and activities.

Finally, I would like to remind you that the procedures that will be used to manage the FY 1980 funding plan are set forth in my memo of October 2 to the Executive Council, subject: New Procedures for Developing and Executing the Funding Plan for Special National Programs and Activities under CETA Title III.

MEMORANDUM FOR: THE ETA EXECUTIVE COUNCIL
FROM: Charles B. Knapp *CBK*
SUBJECT: Modification Number 1--FY 1980
Funding Plan for Special National
Programs and Activities

Attached find modification number 1 to the FY 1980
Funding Plan for Special National Programs and
Activities. The changes to the plan reflect funding
decisions made at last week's meeting of the Title III
Committee created by the attached Secretary's memo
of September 25, 1979. You should additionally be
aware that the Committee will also handle requests
for expenditures of youth discretionary funds.

WASHINGTON, D.C. 20213

NOV 28 1979

MEMORANDUM FOR: ETA EXECUTIVE COUNCIL

FROM: Charles B. Knapp **CBK**
Deputy Assistant Secretary for
Employment and Training

SUBJECT: Modification Number 2--FY 1980 Funding
Plan for Special National Programs and
Activities

Attached find modification number 2 to the FY 1980 Funding Plan for Special National Programs and Activities. The changes to the plan reflect funding decisions made at last week's meeting of the special Title III steering committee established by the Secretary.

Explanations of the changes are found in footnotes appended to the new plan. It should be noted that most of the changes are associated with PAR's and regional office allotments that were issued in FY 1979 but which were not converted into obligations by the close of the fiscal year. In this regard, these particular upward adjustments do not involve a real increase in available resources, but merely reflect the fact that FY 1979 "commitments" will be honored without harm being done to the program budgets already approved for FY 1980.

FOOTNOTES

- 1/ Reduction made possible by deferring the renewal date of certain projects until FY 1981.
- 2/ Increase reflects adjustment for unliquidated FY 1979 PAR's (\$72,000) and committee approval of a special program to benefit low-income women (\$150,000).
- 3/ Reduction made possible by deferring the renewal date of certain projects until FY 1981.
- 4/ Increase reflects the unobligated balance in FY 1979 regional office allotments for METS.
- 5/ Increase reflects the unobligated balance in FY 1979 regional office allotments for the Job Service Improvement Program.
- 6/ Increase reflects adjustment for unliquidated FY 1979 PAR's.
- 7/ Increase reflects committee approval of expanded activity in service occupations.
- 8/ Change reflects an upward adjustment for the unobligated balance in FY 1979 regional office allotments for Trade Act activity (+\$184,000) and decision by the committee to reduce the FY 1980 NOA for Trade Act activities by \$3 million. The decision to reduce the NOA was reached in consideration of unspent FY 1979 resources that are still available to SESA's.
- 9/ Increase reflects the unobligated balance in FY 1979 regional office allotments for offender programs.
- 10/ Change reflects an upward adjustment for unliquidated FY 1979 PAR's (\$1,300,000) and a downward adjustment (of \$2,850,000) made as a result of reduced funding needs.
- 11/ Increase reflects upward adjustment for unliquidated FY 1979 PAR's (\$200,000), amounts remaining unobligated from FY 1979 regional office allotments for DVOP (\$219,000), prior commitment by DASET to increase funds (\$1,900,000), and committee approval of additional efforts for minority veterans (\$220,000).
- 12/ Reduction reflects executive level decision to cancel program.
- 13/ Increase reflects upward adjustment for unliquidated FY 1979 PAR.
- 14/ Increase reflects approval by committee for expansion of activities.
- 15/ Increase reflects upward adjustment for unliquidated FY 1979 PAR's (\$336,000) and approval by committee for expansion of activities (\$620,000).
- 16/ Increase reflects upward adjustment for unliquidated FY 1979 PAR's.
- 17/ Increase reflects upward adjustment for unliquidated FY 1979 PAR's (\$620,000) and approval by committee to proceed with interagency Targeted Jobs Demonstration Program (\$1,000,000).
- 18/ Increase reflects upward adjustment for unliquidated FY 1979 PAR.
- 19/ Increase reflects approval by committee for a series of policy seminars that will be conducted by ASPER.
- 20/ Increase reflects adjustment for unliquidated FY 1979 PAR's.

- 21/ Increase reflects adjustment for unliquidated FY 1979 PAR's (\$550,000) and decision by committee to ensure that a full \$5 million will be obligated for Displaced Homemaker Programs over the two-year period of FY 1979 and FY 1980 (which resulted in a further increase of \$4,465,000).
- 22/ Increase reflects adjustment for unliquidated FY 1979 PAR's.
- 23/ Increase reflects committee decision to accommodate a minor cost overrun (\$13,000) and approval of special demonstration program aimed at placing women in non-traditional jobs found in the transportation industry (\$423,000).
- 24/ Change reflects elimination of need to fund these activities.
- 25/ Change reflects elimination of need to fund this activity.
- 26/ Increase reflects adjustment for unliquidated FY 1979 PAR.
- 27/ Increase reflects adjustment for unliquidated FY 1979 PAR.
- 28/ Increase reflects adjustment for unliquidated FY 1979 PAR.
- 29/ Increase reflects adjustment for unliquidated FY 1979 PAR.
- 30/ Increase reflects balance remaining in FY 1979 regional office allotment for this activity.
- 31/ Increase reflects balance remaining in FY 1979 regional office allotment for this activity.
- 32/ Increase reflects adjustment for unliquidated FY 1979 PAR.

FOOTNOTES

- 1/ This reflects two actions. First, the line was reduced by \$246 K to correct a mistake made on modification number 6. Second, the committee approved an additional \$73 K for training in the trades of plastering and cement masonry.
- 2/ Additional funding for program designed to help women escape dead-end jobs.
- 3/ Additional funding for project aimed at achieving sharper targeting on hard-core unemployed by CETA prime sponsors in certain urban areas.
- 4/ Funding for interagency program in the Commonwealth of Virginia.
- 5/ Additional funds for program aimed at incarcerated veterans.
- 6/ Additional funds for training in staff jobs found at rehabilitation facilities.
- 7/ Funding in support of graduate fellowships at historically black colleges.
- 8/ Funding for PSIP demonstration project.
- 9/ Funding for interagency effort in New England
- 10/ Funding for program aimed at increasing minority subcontracting in connection with large Federal construction projects and for program to train USDA extension agents to be active players in rural CETA programs.

- 11/ Funding for project designed to compile and disseminate information concerning worker productivity and quality of work life.
- 12/ Funding for study of salaries paid to CETA staff and for demonstration program providing training in solar energy jobs.

- 1/ Increased funding received from CSA to recruit Hispanics for professional jobs in the Federal Government
- 2/ Funding for promotion and development activities relative to PSE and to displaced workers in the retail industry.
- 3/ Funding of relocation assistance to workers in Region VII.
- 4/ Funding for two programs to be conducted at historically black colleges.
- 5/ Funding of effort to improve CETA management information needed by ONP.
- 6/ Funding for demonstration projects relating to services for day laborers, to weatherization activities, and to multi-funded projects conducted at the neighborhood level.
- 7/ Funding for demonstration projects designed to aid displaced workers.
- 8/ Reduction in funding requirements for NCEUS.

OCT 18 1979

MEMORANDUM FOR: CHARLES B. KNAPP

FROM: LAMOND GODWIN

SUBJECT: Follow-up on CETA Title III Steering
Committee Meeting of October 10, 1979

We have taken the following actions as a result of the decisions reached at the October 10 meeting:

- . Appropriate ONP staff have been instructed to resume active negotiations with WETA relative to their proposed training program for minorities interested in broadcasting careers.
- . I have drafted (and will soon send) a letter to Dr. Henry Casso politely denying his proposal to conduct three symposia dealing with employment-related issues as they concern Hispanics.
- . Appropriate ONP staff have been instructed to confer with SOL representatives to ensure that we arrive at a technically sound agreement with the City of Los Angeles in the context of their proposal for a program that would involve training for supervisory employees in the city government. Once this is accomplished, staff have further instructions to enter into active negotiations with appropriate representatives of the City. We will let you know if any "legal" issues crop up.

In addition:

- . We have determined that no further action is required at ONP at this time in relation to the "survey" proposed by OPER.

BUREAU	INITIALS	DATE
SYMBOL NO.		
W	JD	10/18
TV		10/18

- . We need further instructions on the "Kirschenbaum piece", as we are not certain which ETA office should be asked to handle it.
- . I have asked staff to attempt to develop a legally sound contract with the National Governor's Association covering the employment of Messrs. Kirk and Bivens.

Finally, we have prepared "Modification #1" to the approved funding plan to reflect the committee's resource allocation decisions. We would appreciate it if you would sign off on the amended plan so we can distribute it to those concerned.

Date: 10/15/79

CETA TITLE III FUNDING PROPOSAL

1. SUBMITTED BY: White House (Kirschenbaum)
2. DOLLAR AMOUNT REQUESTED: \$208,000-\$245,000
3. DESCRIPTION OF PROJECT/ACTIVITY:

This would involve a contract with the National Governors Association under which they would provide policy development support to the White House in connection with rural development.

4. COMMENTS:

5. ACTION TAKEN:

Approved by Chuck Knapp per Lamond Godwin in the amount of \$200,000.

Date: October 10, 1979

CETA TITLE III FUNDING PROPOSAL

1. SUBMITTED BY: ETA-OPER
2. DOLLAR AMOUNT REQUESTED: \$250,000 - \$500,000
3. DESCRIPTION OF PROJECT/ACTIVITY:

This would be a nationwide survey designed to determine how workers with 3 years or less of college acquired the skills and training needed in their current jobs. The survey would update the findings of a similar study that was performed in 1963. Proposals have already been solicited from five organizations, including BLS.

4. COMMENTS:

OPER suggests that this study cannot be accommodated within their "regular" R&D budget.

5. ACTION TAKEN:

10/10 Defer action. Return paper to Chuck.

250-500 K

U.S. DEPARTMENT OF LABOR
Office of the Assistant Secretary for Employment and Training
WASHINGTON, D.C. 20210

INFORMATION

MEMORANDUM FOR: THE SECRETARY

FROM: ERNEST G. GREEN
Assistant Secretary for
Employment and Training

SUBJECT: Proposed Survey of How
Nonprofessional Workers
Acquire Training

PRIORITY: ☐ Highest
☐ Very Important
☐ Important

SUMMARY: The Research and Development Office of the Employment and Training Administration supported a nationwide survey in 1963 of Current Population Survey respondents to determine how workers, with 3 years or less of college, acquired the skill and training for their current job. Of the 60.8 million American workers surveyed between the ages of 22 and 64, 47 percent had less than 3 years of college and had no formal vocational training. Half of this group had never gone beyond elementary school; only a little more than one-fourth of them had completed school.

The Department is now interested in repeating this pioneering survey which, for the first time, provided a summary of how our labor force acquired its skills and training.

BACKGROUND/STATEMENT OF ISSUES

The cost and timing are major issues. The Bureau of Labor Statistics, the Institute for Social Research (University of Michigan), National Opinion Research Center (University of Chicago),

Mathematica Policy Research and Research Triangle Institute have been asked to submit proposals which will include estimates of cost, size of sample, delivery dates, etc.

The Census Bureau has already advised us that we cannot get access to the Current Population Survey until December 1980.

OTHER DOL AGENCIES INVOLVED

The Bureau of Labor Statistics prepared an analytical report on the data collected by the Bureau of the Census.

OTHER FEDERAL AGENCIES INVOLVED

The Bureau of the Census is one of the organizations requested to submit a proposal to conduct the survey.

CONGRESSIONAL INTEREST

Not Applicable.

OPTIONS FOR ADDRESSING ISSUE

The source of funding is a key issue. The Office of Research and Development had not included this survey in its FY'80 research and development plans. The research and development budget will be particularly tight in FY'80 because of limited access to Title III funds. Need to explore funding/sources.

RECOMMENDED COURSE OF ACTION

Recommend that funds be made available from Title III funds to conduct this survey.

LATEST DATE(S) FOR ACTION

The proposals should be received early in October. After they have been reviewed and summarized, a decision will be needed on source of funding.

CETA TITLE III FUNDING PROPOSAL

1. SUBMITTED BY: ASET
2. DOLLAR AMOUNT REQUESTED: \$245,000
3. DESCRIPTION OF PROJECT/ACTIVITY:

This proposal was submitted by the City of Los Angeles. If approved for funding, the project would provide training for supervisory personnel in the city government designed to increase their skills in the utilization of ever dwindling staff resources.

4. COMMENTS:

5. ACTION TAKEN:

10/10 Approved. Check w/Limond re lead.

Date: October 10, 1979

CETA TITLE III FUNDING PROPOSAL

1. SUBMITTED BY: The White House (Bruce Kirschenbaum)
2. DOLLAR AMOUNT REQUESTED: \$200,000
3. DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be used to help continue the Labor Surplus Area (LSA) outreach program that is designed to increase the dollar volume of Federal procurement contracts awarded to firms (especially small firms) located in economically depressed areas.

4. COMMENTS:

5. ACTION TAKEN:

10/10

Approved.

SEP 25 1979 11:25

Dear Ernie:

Attached is a New York Times article on the LSA outreach program in which your agency has a major role. Bill Hewitt has done an excellent job and been most cooperative in working with us.

Recently, however, a matter has been brought to my attention which I think has the potential of hindering our progress in getting the program operational.

I have been told that the Department of Labor does not have sufficient "flexible" funds, this year or in FY '80, and that your agency's contribution will have to go through prime sponsors.

If you refer to the RFP which describes the LSA outreach program, you will notice we have said words to the effect that federal funds will not be used to support other federal programs, "such as CETA."

} needs
input?

While perhaps you could ensure the funds are not used for CETA activities, the stipulation of them having to go through prime sponsors will add an unnecessary administrative burden in the operation of this program. Since we are only talking about \$200,000 for each of the next two years, would you please reexamine your resources and let me know the availability of funds which, along with other agencies' funds, can go to one recipient at the local level.

Thank you.

Sincerely,

Bruce Kirschenbaum
Associate Assistant to the President
for Intergovernmental Affairs

Mr. Ernest Green
Assistant Secretary for Employment
and Training

U.S. to Pay to Help Businesses Get U.S. Business

By EDWARD SCHUMACHER

The Federal Government is giving money to cities to help businesses make money from the Federal Government.

Even Federal and local advocates of the program, which will give \$1.6 million to New York and three other cities, say there is a certain lack of logic to it. But, they say, what may seem illogical on the surface makes sense on inspection. The program is designed to create jobs in areas of high unemployment by stimulating businesses.

Under the two-year demonstration project, the cities will find Federal con-

tracts for which local businesses might be eligible. The officials will then help the businesses maneuver through the Federal Government's complex bidding and contracting procedures.

"We don't object that the businesses make money," said Bruce Kirschenbaum, the White House official who has been coordinating an interagency task force that came up with the program. "Making money means jobs."

Defense Department Excluded

The program is an outgrowth of President Carter's executive order last year directing Federal civilian agencies to

purchase more of their goods from businesses in areas of high unemployment, such as New York. The Defense Department has been excluded by Congress from such restrictions.

Under the President's order, the General Services Administration negotiated goals with the 15 agencies that account for 97 percent of the Government's civilian procurement. In the fiscal year ending in October, the Government expects to have met those goals and to have bought almost \$1.3 billion from businesses in depressed areas, compared with \$250 million last year, White House officials said.

Total civilian procurement this fiscal year is expected to be \$35 billion.

The idea to help cities help businesses in high unemployment areas get still more Federal contracts originated in New York in the office of Peter J. Solomon, the Deputy Mayor for Economic Development, Mr. Kirschenbaum said. Mr. Solomon proposed the program to the administration, he said.

'Project Is Good Policy'

Under the demonstration project, New York City, Buffalo, Detroit and Lawrence, Mass., will each receive \$400,000. If successful, the program will be expanded nationwide, Mr. Kirschenbaum said.

Kenneth S. Schuman, deputy director

55

of New York's Office of Economic Development, said, "To the extent that we meet the needs of the Federal Government and help areas that need jobs, the project is good policy."

The city hopes that the project will lead to additional Federal purchases of \$500 million from New York businesses, most of them small businesses that have not had the expertise to even know what Federal contracts were available, Mr. Schuman said. No one knows how much the Federal Government is buying from city businesses, city and Federal officials said.

The city's Office of Economic Development plans to use the Federal funds to hire workers who will scan the daily Federal register of Government purchases

going out to bid. The funds will also be used to computerize a listing of the city's businesses and their capabilities. City workers will match the two lists and contact the businesses that have the capability to fulfill those Federal contracts.

City workers will then help those businesses interested in getting the contracts to make the bid and complete the often-complicated paper work.

The city's Office of Minority Business Enterprise will participate in the project to insure that minority businesses also benefit, Mr. Schuman said.

U.S. DEPARTMENT OF LABOR
EMPLOYMENT AND TRAINING ADMINISTRATION
WASHINGTON, D.C. 20213

AUG 1 1979

MEMORANDUM FOR: LAMOND GODWIN
Administrator
Office of National Programs

FROM: HAROLD E. RIEVE *HER*
Chief
Division of National Training
Programs

SUBJECT: Frederick Douglass Program
for Aspiring Artists (WETA)

We have reviewed the above proposal. A number of problems present themselves to which I should call your attention. These are as follows:

1. The proposer seeks an initial 9 month contract of \$87,800 to provide training to 15 aspiring minority journalists enrolled in Howard University's School of Communications. The cost is thus \$5,853 per trainee.
 - a. This raises the question as to whether these students are economically disadvantaged as required by CETA and we are in fact free to use CETA funds for this purpose.
 - b. The cost per trainee is also excessively high.
2. The proposer intends to provide each student \$125 per week for 16 hours of work and 4 hours of structured laboratory sessions for a period of 5 months. In addition each student will be reimbursed for actual expenses up to \$25 per week for travel.

a. ONP's usual allowance where enrollees are in a classroom setting is \$50 per week.

3. Proposer seeks to pay the instructor \$150 per laboratory session.

a. This is beyond our usual range of fees.

4. Integrated into the laboratory sessions are visiting guest lectures at \$50 each.

a. In our view these should either be reduced in number or eliminated completely.

5. Proposer has budgeted 2 selection committee meetings at \$850 for a total of \$1,700. Nine-hundred dollars are for honoraria to be paid to 3 of the 5 members of the committee; \$400 is for printing announcements and invitations and \$400 is for miscellaneous expenses.

a. These expenses are of doubtful merit and it is questionable whether they should be allowed.

6. Telephone costs of \$2,475 for staff and \$2,900 for student telephones; \$5,375 for nine months seems abnormally high.

7. In support expenses, the line item "opening and closing ceremonies" needs a fuller explanation.

8. Evaluation expenses seem unusually high.

9. The placement function needs a fuller explanation. It is not clear whether the students are returning to school or already graduated.

Inasmuch as the program is local in scope, does not serve a specified target group, and does not show a strong and immediate focus on providing skills to the unemployed, underemployed and disadvantaged for their successful participation in the labor force, I need some further direction from you as to how to proceed.

- I agree with your analysis.
We will not be able to fund this unless the
following conditions are met:*
- 1. All participants will have to be
seasonally disinterested aged*
 - 2. Students must be reduced to
no more than \$50.00 per week*
 - 3.*

Date: October 9, 1979

CETA TITLE III FUNDING PROPOSAL

1. SUBMITTED BY: ETA-ONP
2. DOLLAR AMOUNT REQUESTED: \$82,000
3. DESCRIPTION OF PROJECT/ACTIVITY:

This project would involve a series of three symposiums conducted by the National Institute for Professional Development, Inc., (Albuquerque, N.M.). The aim of the symposiums would be to frame recommendations relating to contemporary training and development strategies in relation to the Hispanic community.

4. COMMENTS:

5. ACTION TAKEN:

10/10 Defer action until additional information is furnished.
Do initial turnaround letter and see what happens.

MEMORANDUM

TO: Mr. Lamond Godwin
Director
National Programs
Department of Labor

FR: Dr. Henry J. Casco
Project Officer
NEW DIRECTIONS Proposal

RE: Addendum to Proposal

Pursuant to our conference in Washington regarding, "A Proposal to Address the High Technology Era: New Directions for the Hispanic Community," the following information is an ADDENDUM to that proposal:

- I. FOCUS
GOAL OF THE THREE SYMPOSIUM
PROCESS
- II. STATEMENT OF WORK
- III. RECOMMENDED PARTICIPANTS LIST
- IV. BUDGET

Should there be any of these items which you wish to discuss, I would be most happy to do so.

HJC/hlv

9/25-11
lml

ADDENDUM

I. FOCUS

The project will focus on contemporary training and development strategies and activities in relation to the Hispanic community with particular emphasis on those provided by the U.S. Department of Labor, state governments, and the private sector as anticipated by the requirements of the high technology era.

PARTICIPANTS

The participants of each of these symposium will be selected based on their capacity to individually and collectively analyze the data, information, and projections of the high technology era manpower requisites in relation to current career/employment data of the Hispanic community.

GOAL

The goal of these three symposium is:

- o To develop a series of concrete recommendations surrounding career and professional manpower development policy, strategies, programs of the U.S. Department of Labor, state government, and the private sector, as may be required to meet the new demands of the high technology era.
- o To recommend strategies concerning how these recommendations can systematically be utilized by the Department of Labor, state governments, and the private sector, as they relate to career, professional manpower programs of Hispanics.
- o To recommend strategies concerning how these recommendations can be communicated to the Hispanic community, institutions, organizations, localities, and families.

PROCESS

Symposium I is a key to the success of the Project since the carefully

selected participants will:

- o Be updated on the new demands of the high technology era.
- o Analyze these new demands in terms of current career development training policy, strategies, and programs.
- o Review the items identified for probing (p. 2 of original document) and add others which might be needed.
- o Recommend the topics for the 10 major papers to be commissioned for Symposium II.
- o Recommend the expanded participants list for Symposium II.
- o Recommend the process and content of Symposium II.

In summary, the participants of Symposium I will assist in the shaping of the process and content of Symposium II and III so that PROJECT NEW DIRECTIONS can be a collective activity providing some of the best thinking to provide "New Directions for the 80's," in manpower career and professional training as they relate to Hispanics in the U.S.

TIME LINE

This project will be commenced and completed within six (6) months after the contract is awarded. The seventh month will be used for the necessary follow-up, writing, and submission of final reports to the Department of Labor.

A Proposal to Address the High Technology Era:
New Directions for the Hispanic Community

II. STATEMENT OF WORK

The National Institute for Professional Development, Inc., will be responsible for the following:

- o Hiring of project staff.
- o Search of literature for materials available on high technology for symposium planning and participants.
- o Selection of participants for each of the three symposium.
- o Make all arrangements for the three symposium: Identification and selection of location, facility, travel, agenda, program, and any other symposium needs.
- o Develop the process and be responsible for the selection of the three symposium topics of commissioned papers for the second symposium. Be responsible for the selection of commissioned papers authors.
- o Assure the commissioned papers are prepared and completed for the second symposium; presented, revised, and made ready for the third symposium participants.
- o Develop the invitation list for the large final (third) symposium. Be responsible for the final symposium invitations, mailings, and arrangements.
- o Assure the development of policy and programmatic recommendations as outcomes of the three symposium. These recommendations will be centered around present and projected training of the Department of Labor in light of high technology changes and needs.
- o Be responsible for the development of a final report of three (3) copies to be submitted to the Department of Labor - Office of National Programs.

NIPD, Inc.

A Proposal to Address the High Technology Era:
New Directions for the Hispanic Community

III. SYMPOSIUM I: Recommended participants - Role and function.

The first symposium is an invitational gathering of 15-20 key participants who are Hispanics or who have effectively collaborated with that community in such a way as to provide the necessary inputs to achieve the goals and objectives of "Project New Directions."

These invited persons will come from federal and state government, higher education, public education, industry, and the community itself.

The charge of this first symposium is:

- o To analyze and evaluate the implications of the anticipated shifts caused by the high technology era.
- o Recommend the topics for commissioned papers for Symposium II.
- o Suggest names for invited participants for Symposium II.
- o Recommend participants and presenters for Symposium III, the final symposium.

Twenty names are recommended for Symposium I, 15 of which will have their expenses paid by the project.

Symposium III.	10,150.00
Total	\$81,394.00

revised estimate - NIPD, Inc.

NOV 26 1979

MEMORANDUM FOR: MIKE VELA

FROM: STEVE POTERBAUGH

SUBJECT: Follow-Up on CETA Title III Steering Committee
Meeting of November 21, 1979

This provides a summary of the notes I took at last week's meeting, along with some suggestions for following up on the committee's decisions.

Proposal No. 1 — Women in SEEA's: The committee will not ~~approve~~ ^{approve} this proposal unless OI&C can produce a stronger justification — a justification which, at the very least, overcomes their present view that this is something that SEEA's should be doing without special Federal funding. I suggest you contact Bill Harris and let him decide whether to withdraw the request or take another shot. If you're tied up, I would be happy to do the honors.

Proposal No. 2 — P/S Notification: The committee approved this in concept but wanted to see a cost estimate before giving final approval. I will ensure that ONP moves ahead quickly to generate such an estimate by negotiating with a reasonable number of 8(a) firms.

Proposal No. 3 — R&D Cost Overrun: This was approved with minimal discussion. The PAR will be up shortly.

Proposal No. 4 — Project Uplift: The committee will defer its decision until Lamond contacts Mr. Torres to learn how strong his support is. I will pass this along to Lamond.

Proposal No. 5 — Low-Income Women: The committee approved this proposal. I will need your advice as to when I should start the wheels of government grinding on this. I say this because there seemed to be some uncertainty about how and when Ms. Angulano would get the good news and from whom. We don't want to steal anybody's thunder.

Proposal No. 6 — Pattern Makers: The committee gave this one a tentative no, but will reconsider if evidence is produced that it has politically significant backing. I will pass this along to Lamond.

Proposal No. 7 — MTDC: The committee will defer its decision until additional information is available about MTDC. Mr. Green asked me to furnish him a copy of the MTDC appeal, which I will do

Proposal No. 8 — Rural Fellows: The committee will not approve this without additional information. I will ask Lamond whether he wants to drop it or take another shot.

Proposal No. 9 — ERAC: The committee approved, but we will not move until Jensen pulls the trigger.

Proposal No. 10 — P&D COL Increase: The committee wants to see the impact on a contractor-by-contractor basis. I will ensure that the proposal is resubmitted ASAP with the information they want.

Proposal No. 11 — E-OUT COL Increase: Same as for proposal No. 10.

Proposal No. 12 — Solar America: Chuck asked that the decision be deferred until he learns how Lamond made out in his recent discussions with Solar America. I will pass this along to Lamond.

Proposal No. 13 — Appalachian Council: The committee will defer its decision until the amount requested is justified in greater detail and until it is determined if CETA Title IV funds could be used instead. I will pass this along to Lamond.

Proposal No. 14 — EYIC: The committee indicated it wanted additional information to reach a decision and that Larry Weatherford should be invited to the next meeting to make the pitch. I suggest you make the necessary arrangements with George Dayton. I have been working on this with Joe Costello and Chuck Carter in URES.

Proposal No. 15 — PSIP T&T: The committee approved this with minimal discussion. I will tell appropriate staff of the decision.

Proposal No. 16 — PSIP R&D: Same as for proposal No. 15.

Targeted Outreach Program: The committee accepted Chuck's explanation for the \$3 million reduction.

ERRATUM -- Proposal no. 17 -- NEVO: Committee approved, but at prior year's dollar level rather than the full request. I set dollar level at \$220 K.

Community Based Organizations: The committee accepted Chuck's explanation for the \$1.4 million reduction.

Apprenticeship Initiatives: The committee ratified the \$200 K increase.

Trade Act: The committee accepted Chuck's explanation for the \$3 million reduction.

Older Workers (Sec. 301): The committee accepted my explanation for the \$2.85 million reduction.

Veterans Information and Outreach: The committee agreed to honor Larry Weatherford's earlier \$1.9 million commitment to Dennis Wyant.

Worksharing: Per Arnie Packer, the \$850 K set aside for this item become -0-. I discussed this matter with OPER staff, and they confirm Packer's understanding.

Packer's Seminars: The committee agreed to set \$500 K aside for a series of seminars that Packer will organize. I added this amount to line 36 - "Policy Analysis Support." I think that we should soon try to reach agreement with Packer's shop on whether OASAM, OPER, or ONP will do the contract services support.

I vote for OASAM.

Economic Development: The committee confirmed its earlier decision to add \$1 million for the Targeted Jobs Demonstration Program.

Displaced Homemakers: The committee confirmed its earlier decision to ensure that a full \$5 million was spent on these programs during the two-year period of Fiscal Year 1979 and Fiscal Year 1980.

FY 1979 Carry Over Commitments: The committee accepted the array of \$14.7 + million in FY 1979 carryover commitments that I managed to identify.

I have prepared the attached "Modification Number Two" to the plan in order to reflect all of the "hard" decisions reached by the committee. When you get Chuck to sign off, I will then handle the distribution.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-OI&C

DOLLAR AMOUNT REQUESTED: \$137,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be used to continue a project begun in 1976 to increase the utilization of women in professional and managerial positions found in State employment security agencies. The project operates in Louisiana, Maryland, West Virginia, and Idaho.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

OAM advises that Wagner-Peyser "grants-to-States" funds are not available for this project. In 1976, ETA identified the above States as the ones with the worst records for utilizing women in professional/managerial positions. We gave them TA and start-up money to improve their images, with the promise of conclusionary funds if they showed significant progress. They have shown significant progress, thanks to our help. Without these additional funds, the blame for any future slippage could be shifted from those States to ETA.

MORE JUSTIFICATION NEEDED.

Date Prepared: November 15, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$200,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be used to retain an SBA 8(a) contractor to handle the logistical and mechanical aspects of our system to notify CETA prime sponsors of national office grants and contracts that involve activity in their respective jurisdictions. DOL is required to give prime sponsors such notification pursuant to section 301(e) of the CETA re-enactment.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Date Prepared: November 15, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-OPER

DOLLAR AMOUNT REQUESTED: \$13,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be added to an existing contract with Harvard University under which they are performing research in connection with an OJT program in the garment industry. The funds would accommodate an expansion to the scope of the research and some minor cost overruns.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

The program being researched was implemented at the behest of the White House.

Date Prepared: November 15, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$35,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be devoted to "Project Uplift", an effort by the National Institute for Professional Development to help school systems in New Mexico give their students better preparation for the high technology jobs that are emerging in that State. Special emphasis will be given to the needs of Hispanics, Indian and rural youth. From the Federal perspective, the lead will be taken by DHEW-OE, which would add the DOL contribution to its grant to the Institute.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

The Institute is under the direction of Dr. Henry J. Casso.

Date Prepared: November 15, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: Women's Bureau

DOLLAR AMOUNT REQUESTED: \$150,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be used for a promotional and developmental effort designed to foster wider use of a training program model that showed good effectiveness in meeting the employment-related needs of low-income women in San Antonio, Texas. The effort would be conducted through a contract with National Women's Employment-Education, Inc., headed by Lupe Anguiano.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Date Prepared: November 15, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$170,000

DESCRIPTION OF PROJECT/ACTIVITY:

This project would provide for the development of local apprenticeship programs for pattern makers in the metal trades that conform to newly promulgated apprenticeship standards for that occupation. The project would be conducted by the Pattern Makers League of North America (AFL-CIO). The effort would take place mainly in the industrialized areas of the Mid-west and would result in greater opportunities for minorities and women in this highly skilled and sparsely populated trade.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Date Prepared: November 15, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$700,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be used in support of a new OJT program that would be conducted by the Minority Trucking-Transportation Development Corporation (MTTDC), a national association representing minority-owned trucking and transportation firms. Trainees would receive classroom instruction followed by OJT with member firms.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Since this would be a new program, the Department could lower the costs by reducing the scale of the effort. Representatives of MTTDC indicate that major carriers and the Teamsters are generally hostile toward them.

Date Prepared: November 15, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$50,000

DESCRIPTION OF PROJECT/ACTIVITY:

This would be a DOL contribution to the costs of a National Rural Fellows Program that will be administered by USDA-FMHA.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Date Prepared: November 15, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-OPER

DOLLAR AMOUNT REQUESTED: \$423,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would support a project proposed by the Brotherhood of Railway and Airline Clerks (BRAC) that would train and place women in "nontraditional" jobs found in the transportation industry.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Date Prepared: November 16, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: 850,000

DESCRIPTION OF PROJECT/ACTIVITY:

This increase is requested for line 5—Promotion and Development. Of the amount requested, \$350,000 is needed to ensure that ONP will be able to renew all remaining contracts in this category at their FY 1979 dollar levels; and \$500,000 more would permit ONP to build 7 percent cost-of-living increases into these same contracts. The contractors involved include HRDI, the National Urban Coalition, the United Negro College Fund, and the George Meany Labor Center.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Date Prepared: November 16, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$2,300,000

DESCRIPTION OF PROJECT/ACTIVITY:

This increase is requested for line 2--National OJT. Of the total requested, \$800,000 is needed to ensure that ONP is able to renew all remaining contracts at their FY 79 dollar levels; and \$1,500,000 more would permit ONP to build 7 percent cost-of-living increases into these same contracts. The contractors involved include the United Auto Workers, the Appalachian Council, eight national construction trades unions, five national manufacturing industry unions, and three national trade management associations.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Date Prepared: November 16, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$900,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be used to fund a technical assistance project proposed by Solar America, Inc., a firm enrolled in the SBA 8(a) program. In general terms, the project would assist ETA and many of its program operators to take advantage of new job and training opportunities that are starting to emerge in the "alternative energy" field. The project would have four major components: (1) the development and operation of a information/resource clearinghouse; (2) onsite TA for ETA and grantee staff; (3) the development of a research agenda; and (4) the development of specific training curricula that could be used by program operators to prepare their clients for these emerging jobs. The Solar America proposal encompasses a three-year effort at a total cost of \$2,500,000. This request covers the first year only.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Solar America has a good reputation and is well connected politically.

Date Prepared: November 16, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$500,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be added to the National OJT contract we are scheduled to make with the AFL-CIO Appalachian Council. The Council took a sharp reduction in funding in FY 79, owing mainly to the fact that their contract came up for renewal before the dust had settled on the FY 79 funding plan. The Council operates one of our better OJT projects, and this request is intended to put them back where they were before the FY 79 cut and to reward them for good performance.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

At a recent Appalachian Council function, Secretary Marshall appeared favorably disposed to allowing such an increase.

Date Prepared: November 16, 1979

CETA TITLE III FUNDING PROPOSALOFFICE SUBMITTING PROPOSAL: ETA - USESDOLLAR AMOUNT REQUESTED: \$682,000DESCRIPTION OF PROJECT/ACTIVITY:

USES has \$682,000 of "uncommitted" funds remaining in the FY 1979 national account for TJTC activities. \$900,000 was originally set-aside in the account. Approximately, \$500,000 of the remaining funds are earmarked for costs incurred in FY 1979, for postage, the TJTC Hotline, and national publicity materials (e.g., radio and TV spots, brochures, employer kits, etc.). The actual bills for these costs have not been received. The balance of the FY 1979 funds, \$182,000 must be used to supplement the FY 1980 State allocations. It is imperative that we retain full funding because the FY 1980 goal of 250,000 certifications will be very difficult to attain without supplemental funding. In addition, several regions have requested additional funding in order to (1) bring the small States up to a minimal operating level and (2) support targeted marketing activities designed to increase employer participation in TJTC in FY 1980.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Date Prepared: November 16, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA, OCED, OCEP, PSIP

DOLLAR AMOUNT REQUESTED: \$620,000

DESCRIPTION OF PROJECT/ACTIVITY: The \$620,000 represents the unobligated balance of the PSIP technical assistance and training effort which was initiated with FY 1979 funds during the last quarter of the fiscal year. The \$620,000 are committed to carry out the approved technical assistance plan in the following manner:

Trade associations - \$187,000 will be spent with groups already contacted with negotiations on project details well under way.

Public interest groups - \$170,000 will be used to fund NACO and National League of Cities to provide technical assistance such as is being done by the National Governors' Association and the Conference of Mayors.

Materials - \$88,000 is needed to complete work (development, graphics, printing) on publicity and technical materials already under development.

Training - \$175,000 will be used to develop training packages based on the training needs assessment currently under way.

FY 1980 PSIP technical assistance funds are assigned to continue the effort begun in FY 1979, with the 80 effort broadening contact with the trade associations and directed at materials which support the operational as opposed to the planning phase of the program.

A detailed listing and status report of technical assistance activities is attached.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Date Prepared: November 16, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA, OCED, OCEP, PSIP

DOLLAR AMOUNT REQUESTED: \$750,000

DESCRIPTION OF PROJECT/ACTIVITY: The FY 1979 PSIP research and development funds are to be spent on projects which study:

- Small and minority business participation in CETA (\$100,000).
- Employment generating services (\$200,000).
- How to effect PSIP programs in Balance of State areas (\$100,000).
- An impact evaluation of the PSIP program.

OCED has been working with OPER to reach agreement on work statements and the selection of contractors. Contractors have been selected for all projects except for the evaluation which will be let through on RFP process. The selected contractors have spent considerable effort in the development and negotiation of acceptable proposals.

A detailed statement on the status and use of the research and development funds is attached.

The FY 1980 PSIP R&D funds are to fund projects to study among others:

- union assisted training programs
- use of employment vouchers
- interagency linkages with PSIP
- small business internship
- assessment of the PSIP marketing effort
- identification of expanding high skill occupations
- labor involvement in CETA

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Date Prepared:

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: VES

DOLLAR AMOUNT REQUESTED: \$312,000

DESCRIPTION OF PROJECT/ACTIVITY: The National Black Veterans Organization, Inc., will expand to 10 target cities its technical assistance program to Community-Based Veterans Organizations that will establish Outreach and Job Development programs to serve the employment needs of hard-to-reach veterans, particularly minority and young veterans who have had little or no contact with State Employment Services. The technical assistance will include on-site and off-site training of CBO staff, volunteers and local veteran organizations.

NBVO will recruit 10,000 veterans, develop 4,000 job or training opportunities and place 2,000 in these job and training opportunities.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

APPROVED AT SAME LEVEL AS PRIOR CONTRACT.

DEC 13 1979

MEMORANDUM FOR: MIKE VELA

FROM: STEVE PUTERBAUGH

SUBJECT: Follow-up on CETA Title III Steering Committee Meeting of December 6, 1979

This provides a summary of the notes I took at last week's meeting and an account of the actions that have been or will be taken in relation to the committee's decisions.

dit ~~Proposal No. 1 - EJC/SECA's (\$682 K):~~ The committee will defer its decision until Larry Weatherford is given the opportunity to make a personal presentation. We agreed that you would take this up with Larry's office.

dit ~~Proposal No. 2 - Manhood Foundation (\$469 k):~~ The committee wanted to know whether this could be funded from Title II D or Title VI discretionary resources. As you requested, I did some research on this and the results are as follows:

- Staff in OAM advise that the Title II D cupboard is bare, but that \$469 k in FY 1979 Title VI resources are available.
- Staff in OCED advise that the Manhood program would qualify for funding under Title VI provided that the participants meet the pertinent eligibility criteria. This should not pose any problem.
- Staff in OMA indicate that the EJC prime sponsor would be willing to serve as a conduit for the money provided that the contract not have a retroactive effective date.

Given the favorable outlook, I suggest that Chuck turn the lead over to OCED (as the office responsible for offender programs) and ask OMA to help out in making the necessary arrangements with Region II and NYC. OAM should also be alerted that the \$469 K is now "committed" (i.e., unavailable for other uses).

MA FILE COPY		
Symbol	Initials	Date
W	S	12/13

Proposal No. 3—CETA/Arts (\$116 k): This was approved and I conveyed the good news to staff in OGD last Friday.

Proposal No. 4—Columbia Univ. (\$123 k): The committee disapproved, but indicated that OPR could resubmit if they felt that they could make a stronger case—to include an explanation as to why this could not be funded from their "regular" R&D budget. I passed this information along to Alma Lynch on December 10, 1979.

Proposal No. 5—Project Uplift/Casso (\$35 k): This was approved and ONP will execute the decision.

Proposal No. 6—Solar America (\$546 k): This was approved in full with the stipulation that \$246 k would be charged to Title IV discretionary resources. ONP will execute the decision with the assistance of OYP.

Proposal No. 7—Tarrazo Workers (\$390 k): The committee deferred its decision until the support for the program is better known.

Proposal No. 8—P&D COL (\$795 k): The committee indicated that it did not want to approve increases for the affected contracts en masse, but wanted to address each of them individually as they come up for renewal. Lamond has conveyed instructions on this to appropriate staff.

Proposal No. 9—National OJT COL (\$2,300 k): Same as for proposal No. 8.

Proposal No. 10—Prime Sponsor Notification System (\$150 k): This was approved. ONP will execute the committee's decision.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA - USES

DOLLAR AMOUNT REQUESTED: \$682,000

DESCRIPTION OF PROJECT/ACTIVITY:

USES has \$682,000 of "uncommitted" funds remaining in the FY 1979 national account for TJTC activities. \$900,000 was originally set-aside in the account. Approximately, \$500,000 of the remaining funds are earmarked for costs incurred in FY 1979, for postage, the TJTC Hotline, and national publicity materials (e.g., radio and TV spots, brochures, employer kits, etc.). The actual bills for these costs have not been received. The balance of the FY 1979 funds, \$182,000 must be used to supplement the FY 1980 State allocations. It is imperative that we retain full funding because the FY 1980 goal of 250,000 certifications will be very difficult to attain without supplemental funding. In addition, several regions have requested additional funding in order to (1) bring the small States up to a minimal operating level and (2) support targeted marketing activities designed to increase employer participation in TJTC in FY 1980.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Date Prepared: 12/5/79

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: Office of National Programs

DOLLAR AMOUNT REQUESTED: \$479,930

DESCRIPTION OF PROJECT/ACTIVITY: Manhood Foundation, Inc.

The objective of this correctional rehabilitation agency is to provide post-release counseling employment, job training, educational referrals, placement and follow-up supportive services for ex-offenders throughout New York City. This program had been funded by New York City for many years, and was eliminated with 100 other projects for economy reasons. An on-site visit has been made, and the prime sponsor gave the program good marks.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

The program shows much merit and could be instrumental in returning some 6-7 million dollars back into the community through its efforts of placing ex-offenders back into the work force. The contract should be renegotiated down to its former level (\$388,000).

Date Prepared: December 5, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA, OCED, CETA Arts Initiative

DOLLAR AMOUNT REQUESTED: \$115,933

DESCRIPTION OF PROJECT/ACTIVITY: The \$115,933 represent the unobligated balance of FY 1979 discretionary funds targeted for the initiation of the CETA Arts program. The \$115,933 are committed to fund technical assistance and training projects already developed and approved in FY 1979. Specifically, the \$115,933 will be used for:

Public Interest Groups (Trade Unions) - \$50,000 will be spent with the District 1199-AFL-CIO Hospital and Health Care Workers with whom negotiations are already well underway. They, like other unions, will assume leadership in brokering job creation strategies to their membership, industry, and corporations.

Technical Assistance - \$65,933 is needed to pay for previously approved change orders to the existing technical assistance contract for the implementation of regional conferences and the development of TAG's.

FY 1980 funds will be used to continue the efforts begun in FY 1979 with specific plans to broaden activities in the publicity and training areas. A detailed status report is attached.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

CETA TITLE III ADDITIONAL FUNDS PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA, OPER, ORD

DOLLAR AMOUNT REQUESTED: \$122,766 in Additional CETA Title III Special National Programs and Activities (SNPA) Funds

DESCRIPTION OF PROJECT/ACTIVITY:

The Human Resources Research Policy Traineeship Program (Grant No. 21-36-79-03), a 3-year program currently underway at Columbia University's Conservation of Human Resources Project (CHR), directed by Dr. Eli Ginzberg, is providing research experience and training for a limited number of staff from CETA agencies. To be considered for selection to this program, the potential participants, totaling five each year, must have a bachelor's degree and work experience concerned with employment and training programs or issues. It is expected that completion of the training program, lasting 1 year in duration for each trainee, will qualify the participants, who are primarily minorities and women, for higher-level positions in organizations involved with employment and training policy and programs in Federal, State and local governments, private corporations and nonprofit institutions.

The CHR project is requesting additional CETA Title III SNPA funds beyond the \$150,000 in Fiscal Year 1980 monies that have already been reserved. Specifically, the traineeship program needs: (1) \$73,949 to cover additional expenditures for the first project period, December 1, 1978, to June 30, 1980; and (2) \$48,817 beyond the \$150,000 that have already been earmarked to support the second project period ending June 30, 1981. Therefore, the program needs a total of \$122,766 in additional CETA Title III SNPA funds to complete the first year of the program and fund the second.

The additional funds are necessary for the following reasons:

1. The number of participants was increased from three to five for the first year of the program;
2. Both the amount of salaries paid to the fellows, that were to be commensurate with their previous salaries, and living costs in New York City, are underestimated; and
3. Relocation expense claims are also greater than anticipated.

Date Prepared: November 15, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$35,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be devoted to "Project Uplift", an effort by the National Institute for Professional Development to help school systems in New Mexico give their students better preparation for the high technology jobs that are emerging in that State. Special emphasis will be given to the needs of Hispanics, Indian and rural youth. From the Federal perspective, the lead will be taken by DHEW-OE, which would add the DOL contribution to its grant to the Institute.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

The Institute is under the direction of Dr. Henry J. Casso.

Date Prepared: December 5, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$546,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be used to fund a technical assistance project proposed by Solar America, Inc., a firm enrolled in the SBA 8(a) program. Solar America would assist ETA and its program operators to take advantage of new job and training opportunities that are starting to emerge in the "alternative energy" field by developing and operating a clearinghouse on Alternate Energy and Training and Employment Opportunities. In undertaking this assignment, Solar America would: (i) identify and collect as much information as possible in this area that might prove useful to CETA prime sponsors and other program operators; (ii) develop a reference guide for use by program operators which identifies sources of expertise in this field; (iii) maintain a roster of individuals who are knowledgeable in this area; (iv) maintain a reference and referral and resource hotline that would be available to program operators; and (v) identify and catalog exemplary projects that might be replicated by other program operators.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Solar America has a good reputation and is well connected politically.

Date Prepared: 12/5/79

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: Office of National Programs

DOLLAR AMOUNT REQUESTED: \$389,844

DESCRIPTION OF PROJECT/ACTIVITY:

International Union of Tile, Marble, Terrazzo, Finishers and Shopmen.

1. To train and place 150 individuals into jobs leading to full-time unsubsidized employment.
2. Provide open entry - open exit pre-job training and counseling to 150 recent applicants to the trades.
3. Place through cost reimbursable OJT contracts 150 entrants into jobs in those industries related to the tile, marble and terrazzo finishers union.
4. To train and place significant numbers of women, veterans, and economically disadvantaged group members into jobs represented by the tile, marble, terrazzo finishers and shopmen union. The goals are as follows:
 - (a) 100% economically disadvantaged
 - (b) A goal of 50% minority
 - (c) A goal of 20% women
 - (d) A goal of 25% veterans
5. To tie the training and placement activities, wherever possible to the expansion of apprenticeship to those occupations under the jurisdiction of the union.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Pascal DiJames is their General President. We have no knowledge, at this time, as to their capability in the training area. If aggressiveness counts for anything, they might do o.k.

Date Prepared: December 5, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$795,000

DESCRIPTION OF PROJECT/ACTIVITY:

This increase is requested for line 5—Promotion and Development of the amount requested, \$322,000 is needed to ensure that ONP will be able to renew all remaining contracts in amounts which will sustain their FY 1979 spending levels; and the remaining \$473,000 would permit 7% cost-of-living increases to be built into these same contracts. The contractors and the amounts involved are as follows (\$-000-):

<u>Contractors</u>	<u>Amount Now Set Aside</u>	<u>Recommended Increase</u>	<u>New Total</u>
Human Resources Development Institute	\$5,039	\$623	\$5,662
United Negro College Fund	800	99	899
George Meany Labor Center	252	30	282
National Urban Coalition	351	43	394

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-CNP

DOLLAR AMOUNT REQUESTED: \$150,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be used to retain an SBA 8(a) contractor to handle the logistical and mechanical aspects of our system to notify CETA prime sponsors of national office grants and contracts that involve activity in their respective jurisdictions. DOL is required to give prime sponsors such notification pursuant to section 301(e) of the CETA re-enactment.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

FEB 5 1980

MEMORANDUM FOR: MIKE VELA

FROM: STEVE PUTERBAUGH

SUBJECT: Follow-up on CETA Title III Steering Committee Meetings of January 2, and 17, 1980

This provides a summary of the notes I have on the two most recent meetings, along with some suggestions for following up on the committee's decisions.

January 2 Meeting

Proposal No. 1—TJTC/SESA's (\$682k). This proposal was approved in full. I have already notified appropriate USES staff.

Proposal No. 2—ACVA/Boat People (\$125k). No decision. The proposal will be taken up at the next meeting.

Proposal No. 3—Terrazzo Workers (\$390k). This proposal was approved in full. ONP has executed the contract.

Proposal No. 4—Women's Bureau (\$1,000k). The amount of \$125k was approved for the reproduction and distribution of existing publications. Alexis Herman was advised that a fuller justification for the rest of the funds should be submitted later. An understanding was reached that the justification should discuss the extent to which the proposed activities could be integrated with ETA's "regular" TAST delivery plan. I think that Chuck or yourself should have a "sit-down" with Alexis and Bob Jones to clarify who does what and by when in preparing for the next meeting.

Proposal No. 5—Trade Act (\$11 million). The ETA recommendation not to approve was accepted. Larry Weatherford was asked to handle the subsequent dealings with ILAB. I suggest you ask Larry to fill you in on ILAB's reaction.

Proposal No. 6—Deaf/Blind Program (\$146k). This was approved in full. I have notified OPER in order to initiate action.

ACTIU (\$377k) and G.I. Forum (\$75k). These "between meetings" approvals were acknowledged.

January 17 Meeting

Proposal No. 1—ONP Contract Closeouts (\$250k). This was approved in full. ONP will handle it from here.

Proposal No. 2—ACVA/Boat People (\$250k). This was not approved.

Proposal No. 3—ADHERENT (\$80k). The decision was deferred pending the results of further consultation with OIC.

Proposal No. 4—Communication Workers (\$270k). The decision was deferred.

Proposal No. 5—Operating Engineers (\$227k). This was approved. BAT has been notified.

Proposal No. 6—Department of Interior (\$200k). This was approved. OED has been notified.

Proposal No. 7—Retail Clerks (\$740k). This was not approved as proposed. However, ONP is holding discussions with the union concerning more appropriate approaches for dealing with the problem their proposal attempts to address.

Proposal No. 8—Young Israel (\$150k). This was approved. ONP is handling the contract modification.

Proposal No. 9—RO Contract Closeouts (\$250k). This was approved. OAM has been notified.

Proposal No. 10—Southern Vocational College (\$1,250k). This was approved in the amount of \$625k from CETA Title IV. ONP will handle the development and award of the contract. OYP has been alerted to this.

Proposal No. 11—Hispanic Recruitment Project (\$300k). This was approved. ONP will handle.

Proposal No. 12—Nat. Rural Center (\$322k). The decision was deferred.

Proposal No. 13—Columbia University (\$123k). This was approved. OPER has been notified.

DL 1-441, Rev. July 1976

Other Decisions

ASPER (\$300k). Per your note of January 13, ASPER's allocation for research projects is being increased by \$300k.

HRDI (\$602k). Per our phone conversation of February 1, an additional \$602k is approved for HRDI.

Attached find Modification No. 4 to the plan. As usual, I will handle the distribution after Chuck signs.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA - USES

DOLLAR AMOUNT REQUESTED: \$682,000

DESCRIPTION OF PROJECT/ACTIVITY:

USES has \$682,000 of "uncommitted" funds remaining in the FY 1979 national account for TJTC activities. \$900,000 was originally set-aside in the account. Approximately, \$500,000 of the remaining funds are earmarked for costs incurred in FY 1979, for postage, the TJTC Hotline, and national publicity materials (e.g., radio and TV spots, brochures, employer kits, etc.). The actual bills for these costs have not been received. The balance of the FY 1979 funds, \$182,000 must be used to supplement the FY 1980 State allocations. It is imperative that we retain full funding because the FY 1980 goal of 250,000 certifications will be very difficult to attain without supplemental funding. In addition, several regions have requested additional funding in order to (1) bring the small States up to a minimal operating level and (2) support targeted marketing activities designed to increase employer participation in TJTC in FY 1980.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Approved for \$682,000.

6

Date Prepared: December 31, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: Office of the Secretary (Judy Sorum)

DOLLAR AMOUNT REQUESTED: \$250,000 (\$125,000 Title III and \$125,000 Title IV)

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested for a technical support program that would be conducted by the American Council of Volunteer Agencies (ACVA), to enable them to educate themselves and their local affiliates on the CETA system and how they can effectively work with this system at the local level to meet the employment and training needs of Indochinese refugees. A part of the contract may be targeted to areas that are experiencing a large influx of Indochinese refugees for special efforts to deal with the burden that will be placed on existing employment and training systems.

The Administration has made a commitment to absorb 14,000 Indochinese refugees in the United States per month. The goal of this program would be to facilitate the mainstreaming of these refugees into the existing employment and training system. This approach would not only be less costly than funding separate program components directed specifically to refugees, but it would also assist in the assimilation process.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Hold until next meeting

Date Prepared: December 26, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: Office of National Programs

DOLLAR AMOUNT REQUESTED: \$390,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested for an OJT program that would be conducted by the International Union of Tile and Terrazzo workers. The program would involve counseling, classroom instruction, and OJT for 150 economically disadvantaged persons. The goal for participation by minorities would be 50%, for women - 20%, and for veterans - 25%. Wherever possible, the implementation of local training projects would be tied to the expansion of formal apprenticeship training.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

This proposal has the strong support of the AFL-CIO Building and Construction Trades Department and the presidents of several individual unions.

Approved in full.

Date Prepared: December 28, 1979

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: Women's Bureau

DOLLAR AMOUNT REQUESTED: \$1 million

DESCRIPTION OF PROJECT/ACTIVITY:

The Women's Bureau is requesting these funds for a program of training and technical assistance aimed at enhancing services and opportunities for women seeking jobs in the skilled construction trades (copy of memo from Alexis Herman attached).

Can this be integrated, in part, with OMM's T&T plan?
If so, what would be net additional costs?

ADDITIONAL COMMENTS/RECOMMENDATIONS:

^{125K}
~~\$100K~~ for reproduction and distribution of existing publications.
Bring up in next meeting w/definitive plan.

U.S. Department of Labor

Office of the Secretary
Women's Bureau
Washington, D.C. 20210

Reply to the Attention of: SW

December 6, 1979

~~CONFIDENTIAL~~

MEMORANDUM FOR: ERNEST GREEN

FROM: ALEXIS HERMAN
Director

SUBJECT: Followup to our discussion today

Pursuant to our conversation and in view of these facts:

- (1) the current status of compliance with the women in apprenticeship regulations -- 4.7% achieved of the 20% goal;
- (2) my June 16th memo detailing the training and technical assistance needs to accompany the 22 new amendments to CETA was not responded to; and
- (3) due to the late start-up of the YWCA/CETA Jobs Network initiatives, which by our estimates will have no impact until the next planning cycle of the CETA prime sponsor system.

I am requesting that \$1,000,000 be transferred immediately to the Women's Bureau to begin the much-needed training and technical assistance to enable us to have more effective results in the aforementioned program initiatives.

I am projecting we allocate \$100,000 to each region to be divided for program and training activities on the regulations. We will, of course, coordinate all efforts with your staff.

Given the urgency and nature of the problems resulting from the Secretary's Monitoring Committee meeting on December 5, as we discussed, I am recommending that the Women's Bureau take leadership in the formation of plans and follow-through on this initiative.

Your immediate attention will be appreciated.

Approved E. L.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ILAB

DOLLAR AMOUNT REQUESTED: \$11 million

DESCRIPTION OF PROJECT/ACTIVITY:

Mr. Herbert Blackman, Acting Deputy Under Secretary for International Relations, has requested that the current Fiscal Year 1980 budget for the Trade Act program be increased by \$11 million. His reasons are stated in his memorandum of December 3 (copy attached).

ADDITIONAL COMMENTS/RECOMMENDATIONS:

It is ETA's recommendation that Mr. Blackman be advised that the committee will not act to increase the Trade Act budget until reports that will become available later in the fiscal year indicate that the current budget is not adequate.

DEC 5 1979

MEMORANDUM FOR: . PAUL H. JENSEN

FROM:

HERBERT N. BLACKMAN
Acting Deputy Under Secretary
International Affairs

HNB

SUBJECT:

FY 1980 Training Resources for TAA

We understand that the FY 1980 CETA allocation for TAA purposes may be as low as \$11 million. This allocation is presumably based on FY 1979 expenditures and obligations.

Given recent developments in the auto and steel industries, plus substantial specific caseload involving two large U.S. shipyards and the upward caseload trend generally being experienced by TAA, it is our judgment that the allocation being considered will be totally inadequate to meet likely training demands resulting from TAA certifications.

Needless to say, the type of situation involving trade adjustment assistance certifications are highly visible and provoke more than usual interest from the Congress and state and local elected officials. Although we have no firm estimate of the actual demand for training by TAA recipients for FY 1980, we are confident that it will substantially exceed FY 1979 levels. UAW informs us that it is their view that a very high proportion of the 36,000 workers recently certified for TAA are likely to be permanent separations and that they intend to advise their members to take full advantage of the training provisions of the trade program. Similarly, steel workers involved in permanent shutdowns that have occurred in the past, have made substantial efforts to obtain training from state agencies and we would expect the recent U.S. Steel announcement to stimulate substantial demands for training by steel workers covered by the program.

We urge that the proposed CETA allocation be carefully reviewed in view of the above and that a funding level at least double the \$11 million being contemplated be set aside for TAA purposes.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP/OPER

DOLLAR AMOUNT REQUESTED: \$146,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be used to continue and expand a pilot project conducted by Ohlone College in Fremont, California that trains deaf-blind persons for jobs as computer programmers. With these funds, the number of students enrolled in the project would be increased from four to twelve. This project is under the directorship of Mr. Roderick J. MacDonald, a deaf-blind computer specialist on loan via IPA agreement from the Department of Labor.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Approved in full.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$250,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested to retain a contractor to assist ONP in closing out its expired grants and contracts. While OAM has taken responsibility for closing out all grants and contracts which expired before November 1979, ONP does not have adequate staff resources to dispose of the grants and contracts which have expired and which will continue to expire afterwards. With funding in the amount requested, a contractor will be able to close out approximately 560 grants and contracts. This will effectively eliminate any backlog from building up through Fiscal Year 1981.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ASET

DOLLAR AMOUNT REQUESTED: \$80,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested to support a series of five conferences (4 regional and 1 national) conducted by ADHERENT, a professional journal published by the Executive Directors Association of OIC. The conferences would focus on the subject of "Human Resource Development in a Limited Growth Economy" and would involve participation by the sixteen schools participating in ETA's Institutional Grant program, State employment security agencies, CETA prime sponsors, community-based organizations, and top-level policymakers in the employment and training field. The "proceedings" of these conferences will later be published in ADHERENT.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Approved in lesser amount.
OIC has choice between
this and Miniversity.
ONP should inventory all
OIC-related proposals.

(7)

Date Prepared: January 10, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$270,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested for the development of standardized training curricula and the promotion of standardized apprenticeship training within the telecommunications industry. The Communications Workers of America (CWA), which would operate this program, has been working closely with the Bureau of Apprenticeship and Training (BAT) to develop National Apprenticeship and Training Standards for the telecommunications industry. This proposed program would develop pilot apprenticeship programs using the newly approved national standards in the two areas of the country where there are the greatest number of employment opportunities in the telecommunications industry.

The CWA would seek to develop apprenticeship positions for a minimum of 125 persons who meet the CETA eligibility criteria, with an emphasis on minorities and women. In addition, the CWA would develop new national training standards for those occupations where none exist and adapt existing national training standards as necessary; and, develop curricula, training materials and competency tests.

This project would have as its goal the establishment of a model training program to prepare workers for jobs in the growing telecommunications industry.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

deferred.

(5)

Date Prepared: January 12, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: BAT-ETA

DOLLAR AMOUNT REQUESTED: \$227,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are requested for an apprenticeship initiative program proposed by the International Union of Operating Engineers (IUOE). Under the auspices of a joint labor-management trust, IUOE would develop a registered apprenticeship program for workers in the well drilling industry. IUOE indicates that the oil well drilling industry has been characterized by high accident frequency among inexperienced workers, a proliferation of job titles, and a lack of a rationalized standard training program encouraging career development among workers. In this regard, IUOE is proposing to: (i) perform functional job analyses of jobs involved in this industry and develop a task bank of these jobs; (ii) develop performance standards for the tasks identified; (iii) design valid criteria-based tests for each significant performance standard; (iv) register the resulting apprenticeship program with appropriate State and/or Federal agencies; and (v) implement the apprenticeship program in areas where collective bargaining agreements exist between employers and IUOE locals.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

When J.C. Turner discussed this with Secretary Marshall, he received a favorable reaction.

Approved

6

Date Prepared: January 8, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: OCED - ETA

DOLLAR AMOUNT REQUESTED: \$200,000

DESCRIPTION OF PROJECT/ACTIVITY: The Dept. of Interior will review current practices in parks and recreational areas (currently 35% of park staff are CETA participants but few gain permanent jobs). Examples of excellence will be located and a determination of what works and why.

Specifically, the project will involve: a) developing criteria for evaluating existing CETA park and recreation programs; b) conducting an inventory of recreation related CETA projects; c) developing case studies (10 - 20) to identify factors conducive to successful CETA programs (eg, work aids parks and results in permanent employment).

A skills analysis of park and recreation jobs will be made to determine skills transferable to private sector jobs.

Criteria for success and successful practices will be determined jointly by DOL and Interior. Resultant publications will be transmitted through both Interior and DOL systems. Such materials will be useful to CETA administrative staff in funding projects, for staff training purposes and in the event of an economic downturn for determining the relationship between PSE in parks and permanent private sector jobs.

ADDITIONAL COMMENTS/RECOMMENDATIONS: On August 30, 1979 Asst. Secy. Ernest Green signed a Memorandum of Understanding (MOU) with the Dept. of Interior agreeing to transfer \$200,000. The intent of the agreement is to enhance the training and work experience of CETA participants in park and recreation agencies. An acceptable implementation plan has now been developed by Interior and agreed to by Mr. Green. This plan is the result of numerous meetings and major modification of an original plan.

Approved.

Date Prepared: January 15, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$740,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are requested in support of a proposal submitted by the Retail Clerks International Association on behalf of their local #1357 in Philadelphia. The local is seeking funds for a program that would provide a comprehensive array of employment and training services to 600+ of their members who have lost their jobs as a result of store closings.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

no, but try to devise
new program with mt.

ONP will be responsible.

Date Prepared: January 12, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$150,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested to supplement a contract we now have with the Young Israel Employment Bureau. The additional funds will provide OJT opportunities for 100 trainees. Funding for Young Israel had been reduced on the premise that they would be successful (with ETA's assistance) in obtaining OJT funds at the local level from CETA prime sponsors. Unfortunately, funding from prime sponsors did not materialize.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Senator Javits and members of the NYC congressional delegation have expressed a keen interest in this program.

approved

Date Prepared: January 14, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-OAM-Comptroller's Office

DOLLAR AMOUNT REQUESTED: \$250,000

DESCRIPTION OF PROJECT/ACTIVITY:

Reference the attached status report on ETA audit resolution and contract closeout activity. In spite of the high priority attached to it by ETA management, the number of backlogged audits and contract closeouts is still unacceptably high.

ETA has been subject to severe criticism by Congress, GAO, and the OIG for its audit/closeout record. As a result, ETA set as an FY 1980/81 goal a reduction of audit/closeout backlogs of at least 25 percent. The serious backlog problems in ONP and OPER (see attached) are being attacked by a special task force previously established. This request provides for \$100,000 for Region IV and \$100,000 for Region V - where worst regional backlog problems are - to retain a contractor to assist in significantly reducing backlogs there. The remaining \$50,000 plus anything remaining from the national program contract would be used to provide spot contractor assistance to the other eight regions.

Taking the action proposed in this request should lessen criticism of ETA by congressional, GAO, and OIG in this very sensitive area. In fact, relationships in all these areas should improve as a result of a successful effort in this area.

These funds will probably be used with 8A minority firms.

Additional

This request was originally made for \$575,000 with funds distributed as follows:

Region II	\$100,000
Region IV	125,000
Region V	125,000
Region VI	50,000
Region IX	75,000
Other Regions	<u>100,000</u>
Total	\$575,000

Attachment

Approved. Kenneth Wilson.

take on. ch. 1 w/ M. K.

Date Prepared: January 16, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$300,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are requested for a program that would recruit and prepare Hispanics (primarily those of Mexican-American heritage) for placement in jobs available in DOL's Washington, D.C. offices. Participants would also receive assistance in relocating to the Washington, D.C. area. This program would be conducted in direct support of the Department's efforts to improve the EEO profile of its national office with respect to Hispanics. A similar program was recently successful in placing several persons of Puerto Rican heritage in the Department.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Approved.
may use 30% funds
for 50% of costs.

Date Prepared: January 16, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$322,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested for a study proposed by the National Rural Center (NRC) which would be designed to determine the present status of minority employment within nonagricultural firms located in the rural sunbelt, to produce data in a meaningful form regarding minority employment that could be used by CETA program operators and by minority community groups, and to develop and implement in selected sites in the rural sunbelt programs that would secure employment equity for rural, minority persons.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

deferred.

CETA TITLE III ADDITIONAL FUNDS PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA, OPER, ORD

DOLLAR AMOUNT REQUESTED: \$122,766 in Additional CETA Title III Special National Programs and Activities (SNPA) Funds

DESCRIPTION OF PROJECT/ACTIVITY:

The Human Resources Research Policy Traineeship Program (Grant No. 21-36-79-03), a 3-year program currently underway at Columbia University's Conservation of Human Resources Project (CHR), directed by Dr. Eli Ginzberg, is providing research experience and training for a limited number of staff from CETA agencies. To be considered for selection to this program, the potential participants, totaling five each year, must have a bachelor's degree and work experience concerned with employment and training programs or issues. It is expected that completion of the training program, lasting 1 year in duration for each trainee, will qualify the participants, who are primarily minorities and women, for higher-level positions in organizations involved with employment and training policy and programs in Federal, State and local governments, private corporations and nonprofit institutions.

The CHR project is requesting additional CETA Title III SNPA funds beyond the \$150,000 in Fiscal Year 1980 monies that have already been reserved. Specifically, the traineeship program needs: (1) \$73,949 to cover additional expenditures for the first project period, December 1, 1978, to June 30, 1980; and (2) \$48,817 beyond the \$150,000 that have already been earmarked to support the second project period ending June 30, 1981. Therefore, the program needs a total of \$122,766 in additional CETA Title III SNPA funds to complete the first year of the program and fund the second.

The additional funds are necessary for the following reasons:

1. The number of participants was increased from three to five for the first year of the program;
2. Both the amount of salaries paid to the fellows, that were to be commensurate with their previous salaries, and living costs in New York City, are underestimated; and
3. Relocation expense claims are also greater than anticipated.

JAN 22 1980

MEMORANDUM FOR: Charles B. Knapp
FROM: LAWRENCE GODWIN
SUBJECT: Renewal of HRDI Contract

ONP's current contract with HRDI is due to expire on January 11 (this Friday). Staff have been in negotiation with HRDI for several weeks concerning the contract renewal, and we are now in need of firm decisions relative to funding in order to proceed with the execution of the new agreement.

HRDI is conducting a three-part effort, and the levels of funding involved are as follows (\$-000-):

<u>Program Component</u>	<u>FY 1979 (Annualized)</u>	<u>Original Proposal</u>	<u>Revised Proposal</u>	<u>ONP Set-Aside</u>
Targeted Outreach	2061	2462	2184	2205
Basic P&D	4812	5998	5662	5039
PSIP P&D	761	1000	1000	1000
Totals	7634	9460	8846	8244

Also in FY 1979, HRDI received a \$421,632 contract from ONP to conduct a career exploration program for youth. However, ONP indicates that HRDI's performance under this contract makes an FY 1980 renewal questionable.

As the above table shows, HRDI's latest (revised) proposal is in an amount which exceeds the ONP set-asides by \$602,000. Therefore, if their latest proposal is approved, it would be necessary to commit an additional \$602,000 to the Title III funding plan. The two principal alternatives would be to (1) hold strictly with the set-asides; or (2) hold with the dollar set-asides, but allow the contract to be written for less than a 12-month period, thereby sustaining a level of operation equivalent to the one reflected in their latest proposal.

It should be noted that HRDI's performance under their current contract with ONP has been satisfactory.

8 JAN 1980

MEMORANDUM TO: CHUCK KNAPP

FROM: ARNIE PACKER *AP*

SUBJECT: Transfer of ETA Funds to ASPER for
Research on U.S. Industries and
Positive Adjustment

This is to confirm the understanding we reached regarding the transfer to ASPER of \$800,000 in ETA funds previously designated for the Work Sharing Demonstration Project. As we discussed, the funds will be used by ASPER in FY 1980 for two research projects. \$500,000 will be devoted to research that examines the performance of a select number of U.S. industries in an international context to determine whether current policies are providing adequate support to ensure continued employment growth and increased productivity. \$300,000 will be spent on research to determine the need for and the design of a positive adjustment program for dislocated workers.

ASPER will award one or more contracts on each of these research projects in FY 1980. My office will request formal transfer of the funds from ETA through the usual administrative channels.

FEB 20 1980

MEMORANDUM FOR: MIKE VELA

FROM: STEVE PUTERBAUGH

SUBJECT: Follow-up on CETA Title III Steering Committee Meeting of February 15, 1980

This provides a summary of the notes I have from the committee's most recent meeting:

Proposal No. 1—Bi Plex (\$375k—Title III; \$125k Title IV).
Decision deferred. Will be taken up again at next meeting attended by Mr. Green.

Proposal No. 2—Pattern Makers (\$170k). Decision deferred pending contact with union leadership. Lamond will advise the union to get in touch.

Proposal No. 3—Communication Workers (\$270k). Approved. ONP BAT will handle. Procurement Review Board (PRB) approval will probably be needed.

Proposal No. 4—National Rural Center (\$322k). Approved for \$300k. ONP will handle. PRB approval needed also.

Proposal No. 5—National Urban Coalition (\$289k and \$351k already budgeted). Approved for a total of \$400k (or \$49k over what is already budgeted). Lamond will personally handle negotiations with Carl Holman.

Proposal No. 6—Carpenters (\$2k + \$1535k already budgeted). Approved in full. ONP will handle.

Proposal No. 7—Painters (\$84k + \$651k already budgeted). Approval was given to renew contract with only a 7% COL increase. This computes to \$718k (or \$67k over the amount already budgeted).

Per Mike Vela as confirmed by Arleen Gillin, the decision was to let Lamond negotiate for lower amount than proposed and resubmit to the committee.

Proposal No. 8—Women in Construction (\$521k). This had already been disposed of using Title VI discretionary funds. No further action needed.

Proposal No. 9—ADHERENT (\$50k). Approved. ONP will handle. PRB approval will probably be needed also.

Proposal No. 10—Coalition for United Community Action (\$525k). Decision deferred. Will be taken up again at the next meeting attended by Mr. Green.

Proposal No. 11—Small Cities (\$579k). Decision deferred pending report from IG. Lamond advised me that Ms. Knowles is aware of this.

Proposal No. 12—MDC (\$195k). Approved. ONP will handle. PRB approval will be needed also.

Proposal No. 13—Nat. Conf. of Black Mayors (\$300k). Approved. ONP will handle. PRB approval will be needed also.

Attached find Mod. #5 to the funding plan. When Chuck signs, I will handle the distribution.

Date Prepared: February 14, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-OCED

DOLLAR AMOUNT REQUESTED: \$500,000 (\$375,000--Title III, \$125,000--Title IV)

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested for a demonstration project that has been proposed by the Bi-Plex Corporation. This proejct would provide classroom instruction and OJT to 80 individuals in two occupations--i.e., medical office management and computer programming. Training would be conducted in Houston and Oakland.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Since Bi-Plex is a for-profit firm, the award of a sole source contract should be made contingent upon the approval of DOL's Procurement Review Board.

defer for Green

Date Prepared: February 14, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$170,000

DESCRIPTION OF PROJECT/ACTIVITY:

This project would provide for the development of local apprenticeship programs for pattern makers in the metal trades that conform to newly promulgated apprenticeship standards for that occupation. The project would be conducted by the Pattern Makers League of North America (AFL-CIO). The effort would take place mainly in the industrialized areas of the Mid-west and would result in greater opportunities for minorities and women in this highly skilled and sparsely populated trade.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

hold pending contract w/union leadership

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$270,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested for the development of standardized training curricula and the promotion of standardized apprenticeship training within the telecommunications industry. The Communications Workers of America (CWA), which would operate this program, has been working closely with the Bureau of Apprenticeship and Training (BAT) to develop National Apprenticeship and Training Standards for the telecommunications industry. This proposed program would develop pilot apprenticeship programs using the newly approved national standards in the two areas of the country where there are the greatest number of employment opportunities in the telecommunications industry.

The CWA would seek to develop apprenticeship positions for a minimum of 125 persons who meet the CETA eligibility criteria, with an emphasis on minorities and women. In addition, the CWA would develop new national training standards for those occupations where none exist and adapt existing national training standards as necessary; and, develop curricula, training materials and competency tests.

This project would have as its goal the establishment of a model training program to prepare workers for jobs in the growing telecommunications industry.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

approved

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$322,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested for a study proposed by the National Rural Center (NRC) which would be designed to determine the present status of minority employment within nonagricultural firms located in the rural sunbelt, to produce data in a meaningful form regarding minority employment that could be used by CETA program operators and by minority community groups, and to develop and implement in selected sites in the rural sunbelt programs that would secure employment equity for rural, minority persons.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

This project would directly assist DOL in carrying out its responsibilities under the most recent "rural initiative" announced by the White House, which deals with area development in relation to large-scale construction projects.

approved for \$300 K

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$640,000 (net increase to plan: \$289,000)

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested for a renewal of our contract with the National Urban Coalition (NUC). This organization is conducting a promotion and development program aimed at increasing the level of services provided to the hard-core unemployed by prime sponsors in 20 cities. NUC pursues this objective through a wide variety of activities; including workshops and seminars, the publication of newsletters, and the preparation of brochures and handbooks. NUC's proposal requests funds that exceed the amount set aside within our Promotion and Development budget by \$289,000.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

ONP recommends that it be given the mandate to negotiate this proposal down to a much lower and more reasonable funding level.

approved at \$400 K

(6)

Date Prepared: February 14, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$1,537,000 (net increase to plan: \$2,000)

DESCRIPTION OF PROJECT/ACTIVITY:

The funds are being requested to renew our National OJT contract with the Carpenters Union. The union's proposal indicates that 525 persons would be trained and placed. The total amount proposed is only \$2,000 in excess of the amount now set aside within our National OJT budget. Past performance by the union has been excellent.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

ONP recommends approval of full amount being requested.

approved

(7)

Date Prepared: February 14, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$735,000 (net increase to plan: \$84,000)

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested to renew the National OJT contract with the Painters Union. The Union's proposal indicates that 280 persons would be trained and placed. Past performance by this organization has been excellent. The amount requested is \$84,000 in excess of the level currently set aside within our current (and very tight) budget for the National OJT Program.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

ONP recommends approval of the full amount requested. This would result in a need to increase the National OJT budget by \$84,000.

approved for COL increase only. I compute.

Date Prepared: February 14, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$521,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested to fund the Women in Construction Program (WICP) in Boston. This organization indicates that funding from the prime sponsor will be discontinued as of March 23, 1980, but that there is a great likelihood that prime sponsor funding would be forthcoming again in November 1980. Their request is meant to cover the anticipated 35-week gap in local-level funding. During this period, WICP indicates that 120 women will be trained for construction jobs.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

The proposal had previously been declined by ONP, but subsequent correspondence from WICP suggests that some type of assurance might have been made by the Secretary. Direct funding of this project might cause complications in the context of our policy aimed at bringing local outreach projects under the umbrella of national-level sponsoring organizations. These complications could be avoided if (i) we funded this through RTP or another national TOP sponsor or (ii) we took care to label the project as a National OJT program.

funded from other sources, i.e. Title IV.

Date Prepared: February 14, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$50,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested to support a national conference that would be conducted by ADHERENT, a professional journal published by the Executive Directors Association of OIC. The conference would focus on the subject of "Human Resource Development in a Limited Growth Economy" and would involve participation by the 16 schools participating in ETA's Institutional Grant Program, State employment security agencies, CETA prime sponsors, community-based organizations, and leading figures in the employment and training field. The "proceedings" of the conference would later be published in ADHERENT.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

ADHERENT had originally proposed a series of conferences at a cost of \$80,000. Lamond Godwin held subsequent discussions with ADHERENT representatives who agreed to scale the proposal down.

approved.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$525,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are requested to renew a contract with the Coalition for United Community Action (CUCA), a Chicago based group that is undertaking a program in cooperation with the prime sponsor to help minorities obtain employment in the local building and construction industry. CUCA's proposal indicates a placement goal of 250.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

This contract was not included in the FY 1980 funding plan on account of an unsatisfactory record of performance at the time the funding plan was being developed. After investigation by ONP staff, it was determined that the main problem was a poor relationship with the prime sponsor. This problem has since been resolved and CUCA's performance has improved substantially. There is reason to believe that good results would be achieved under a contract renewal.

defer for emise

(11.)
Date Prepared: February 14, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$579,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are being requested for a 6-month extension to a contract with the American Association of Small Cities (AASC). This organization has been providing training and technical assistance to mayors and other officials of small cities to help them play a more active role in State and local CETA programs. AASC conducts workshops and seminars, publishes newsletters, and prepares handbooks and other written materials to provide guidance to small cities. AASC's proposal emphasizes activities in connection with the National Small Community and Rural Development Policy.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

This organization was not included in the FY 1980 funding plan for Promotion and Development Programs. They are scheduled to undergo further investigation by the OIG as a result of deficiencies in contract administration and accounting that were discovered in the course of "financial and compliance survey" conducted last November. Month-to-month funding pending the outcome of the investigation might be appropriate.

*prepre briefly now on AASC problems. get all available info from OKG.
CET will call IG.*

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$195,000

DESCRIPTION OF PROJECT/ACTIVITY:

This project would facilitate the coordination and linkage of CETA resources to twelve or more rural employment generating projects funded by EDA and other Federal agencies in North Carolina. MDC, Inc., the proposed contractor, would also monitor implementation of the White House Rural Development Initiatives in that State and disseminate findings to other States including Arkansas.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

This project would be important in terms of ETA's ability to monitor and implement the President's Small Community and Rural Development Policy in Region IV.

approved.

Date Prepared: February 14, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-ONP

DOLLAR AMOUNT REQUESTED: \$300,000

DESCRIPTION OF PROJECT/ACTIVITY:

This project would assist elected officials of small communities with predominantly minority populations to increase their administrative capacity in order to manage local resources more efficeintly and access State resources more effectively. The National Conference of Black Mayors proposes to achieve these objectives by making coordinators with professional management skills available to selected small community officials.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

There is White House interest in this project.

Approved.
