MEMORANDUM FOR: ETA EXECUTIVE COUNCIL

FROM: WILLIAM J. KACVINSKY *WJK*
Acting Administrator
Office of National Programs

SUBJECT: Funding Actions Now in the ONP "Pipeline"

Attached find a list showing the funding actions that are currently frozen in the ONP pipeline. A separate list has been prepared for each major national office component. I am sure you will find the information on the list to be self-explanatory, except for the letter codes appearing under the STATUS column. The key to these codes is shown below:

- A: PAR approved and in ONP for processing. Not fully executed, but approval TWX issued to contractor/grantee on date shown.
- B: PAR approved and in ONP for processing. Not executed and no approval TWX issued.
- C: PAR approved and assumed to be in ONP for processing. No formal execution on record, but exact status not known at this time.
- D: PAR approves transfer of funds from ONP to office(s) noted. Transfer not yet processed by OAM.
- E: PAR not yet approved, but funding will be sought in very near future.

Please note that the list does not include funding actions that have already been fully executed by the Department, including SBA 8(a) contracts that have been signed by ONP and forwarded to SBA for final processing. Nor does the list include items for which funds have already been transferred

from ONP to other offices. We will soon be circulating a list that shows all items that have been executed by ONP and all allotment transfers that were accomplished since December 1, 1980. In other words, this forthcoming list will show the items which were processed out of the ONP "pipeline" in recent weeks.

MEMORANDUM FOR: ETA EXECUTIVE COUNCIL

FROM: LAWRENCE F. WEATHERFORD
Acting Deputy Assistant Secretary
for Employment and Training

SUBJECT: Temporary Discontinuation of the Obligation
of Federal Funds

I would like to provide you with further information on the current "freeze" on all ETA contract and obligation actions.

First, for your use in responding to inquiries about the status of contracts, grants, etc., current ETA policy is as follows:

"The Acting Secretary has asked that we review all contract actions involving the obligation of federal funds, until we have an opportunity to review the status of all grants and contracts and formulate our future plans. This means that ETA may not enter into any new contracts or grants at this time. In a very limited number of cases, where failure to extend current contracts will result in the lay-off of on-board participants, an extension may be granted after review by the Acting Secretary."

Second, ETA has received the following waivers to the obligation freeze. These waivers are on-going, and have been communicated to our Regional Offices by TWX (attached):

1. S&E funds (except contracts, purchase orders in excess of \$10,000 or personal service contracts)
2. MAT funds incidental to approved training courses
3. FUBA
4. Grants to States
5. Job Corps (on-going operations only/no new contracts)
6. WIN (on-going operations only/new new contracts)
7. Food Stamps

Native American grants are also exempted from the freeze on an on-going basis.

Third, we discussed the individual exceptions ETA has received to the freeze. In these cases, I want to reiterate that you are not to enter into any new contracts and that contractors are not to begin any new activities. Further, in those cases where current contracts are to be extended until March 31, only the amount of funds needed to operate until March 31 is to be included in the contract; you should submit a list containing the affected contracts and amounts to be obligated to me as soon as possible and before any funds are obligated. (See attached lists.)

I will let you know how we will proceed with future requests as soon as possible.

I would like to thank you for your cooperation and assistance in this difficult undertaking.

MEMORANDUM FOR: ETA EXECUTIVE COUNCIL
ETA REGIONAL ADMINISTRATORS

FROM: LAWRENCE E. WEATHERFORD
Acting Deputy Assistant Secretary
for Employment and Training

SUBJECT: Obligation of Federal Funds -- Temporary
Discontinuation

Owing to an urgent need to reconcile the agency's funding plans with the resources that are available, no contracts, grants, or other agreements that serve to commit or obligate Federal funds may be issued by ETA until further notice. This also includes transfers of allotments between ETA components and to other DOL agencies. You may, of course, bring to my attention any situation where the immediate issuance of a grant, contract, or other funding agreement is a matter of critical importance.

JAN 22 1981

MEMORANDUM FOR: LAWRENCE E. WEATHERFORD
FROM: WILLIAM J. KACVINSKY *WJK*
SUBJECT: FY 1981 Funding Plan for Special National
Programs and Activities (SNPA) under CETA
Title III -- Summary Status Report

As we promised yesterday, we are providing you an updated FY 1981 SNPA funding plan that incorporates the many last-moment allocations and commitments that were made through COB last Monday (January 19).

The FY 1981 plan is displayed in the three right-hand columns. The column labelled PY reflects funds that were committed by PAR's in FY 1980 against the FY 1980 plan, but which were not converted into obligations by September 30, 1980. It may be generally assumed that the PY funds (representing "old business") have already been obligated. The column labelled CY reflects funds that were allocated for "new business" to be conducted in FY 1981.

As to the overall status of the FY 1981 plan, I must report that we are faced with a serious problem. More specifically, the current version of the plan allocates \$7,270,000 more than is known to be available for obligation during FY 1981.

The "balance sheet" on this situation looks as follows
(\$-000-):

<u>Funds Available</u>	<u>Funds Allocated</u>
FY 1980 Carry-in.....\$24,858	PY Commitments....\$18,257
FY 1981 NOA.....\$131,298	CY Allocations...\$145,169
Total.....\$156,156	Total.....\$163,426
	Projected Deficit.... \$7,270

/ or /

FY 1980 Carry-in.....\$ 24,858
Minus Carry-in Covered by PY Commitments.....\$ 18,257
Equals FY 1980 Carry-in Available for
CY Programming.....\$ 6,601
Plus FY 1981 NOA.....\$131,298
Equals Grand Total Available for
CY Programming.....\$137,899
Compared to Current CY Allocations.....\$145,196
Projects a Deficit of.....\$ 7,270

This leads us to the challenging task of reducing the CY allocations by \$7,270 so that they do not exceed the amount available for CY programming (\$137,899).
