MEMORANDUM TO: ETA EXECUTIVE COUNCIL

FROM: LAWRENCE E. WEATHERFORD
Acting Deputy Assistant Secretary
for Employment and Training

SUBJECT: Procedures for Further Exceptions to the Current
Suspension of Obligation Actions

Our strategy for obtaining further exceptions to the current "freeze" on all ETA contract and obligation actions is two-tiered. First, we will again develop a list of critical actions which must be executed by February 15. Second, we will develop a similar list of all actions which must be completed by March 31.

Critical Actions Which Must be Completed by February 15 - To be submitted to me by COB Tuesday, February 3.

This list should include only those actions which are essential to continue program operations. In most cases, this means that participants and/or staff will be laid off if some action is not taken. However, a very small number of exceptions may be sought for other activities, such as actions associated with previously approved meetings occurring in February, or critical program activities, such as planning for SYEP which, if they do not occur now, will not occur at all.

Program offices should use the attached format in compiling this list, and should include all programs in your area you wish to be considered (ONP will submit information on ONP activities only). Further, programs should be grouped as follows (on separate forms for each group) and listed chronologically by expiration date within each group.

- A. Projects which require an extension of termination dates, but no additional funds
- B. Projects to be extended until March 31, 1981 (include in this list those projects which have received TWXs, if any).
- C. Other activities (February meetings, SYEP planning, etc.)

The "amount needed through March 31" column should reflect only those funds needed to sustain operations until that time, generally one-sixth of the total contract amount; any request in excess of this amount should be explained in the "comments" column. The "comments" column should also indicate when participants or staff will be laid off or the conditions contained in any TWX action, as appropriate.

Critical Actions Which Must be Completed by March 31

You should begin development of a similar list of actions which must be executed by March 31. However, the Acting Secretary may establish a floor funding level below which specific approval is not necessary, as well as determine other types of actions which do not require prior approval. I will keep you informed of developments in this area, and establish a submission date for the March 31 list at a later time.

Again, thank you for your cooperation in this effort.

MEMORANDUM FOR: ETA EXECUTIVE COUNCIL
ETA REGIONAL ADMINISTRATORS

FROM: LAWRENCE E. WEATHERFORD
Acting Deputy Assistant Secretary
for Employment and Training

SUBJECT: Obligation of Federal Funds--Temporary
Discontinuation

With reference to my memo of January 21, 1981, on this subject, there is no intent that work be suspended on preliminary actions on approved contracts (such as developing work statements for RFP's). You should be aware that all new procurement actions are now being reviewed and the plan is subject to change.

INSTRUCTIONS RECEIVED IN MEETING
WITH LARRY WATKINS ON 2/10/81.

RECOMMENDED ACTION:

Given the new Administration's commitment to reducing federal expenditures and ETA's current oversubscription of the CETA discretionary accounts, we now find it necessary to review current plans and contracts and recommend reduction or termination of some activities. You should review all new contracts and modifications signed after October 1 and should prepare information sheets, on contracts or commitments which fall in the following categories:

- (1) Significant new activities and/or new funding levels (\$50,000 or greater)
- (2) Multi-year contract modifications
- (3) Contracts, TWXs or modifications which were awarded as sole source or through other non-competitive means as well as those which received special handling in the contracting process.
- (4) Proposals, contracts and TWXs with incomplete or inadequate statements of work.
- (5) Proposals or contracts with potential conflict of interest problems or other irregularities (e.g., contracts or grants with firms now subcontracting with former DOL employees).
- (6) Activities or contracts which are no longer necessary or appropriate given funding limitations.
- (7) Other contracts or activities which you believe should be reduced or terminated.

Where possible, you should group these into program categories and provide a brief summary of the program, average performance, etc.

Mr. Larry Weatherford
Acting Assistant Secretary of Labor, deputy
U.S. Dept. of Labor

Sir:

This is a Freedom of Information request for records of grants, contracts and other funding arrangements approved by Mr. Ernie Green and his deputies, subordinates and others in the sections headed by Mr. Green.

(1) All grants, contracts etc. commitments, to RTP during the Carter administration, including the period after Mr. Green returned from unpaid leave following Nov. 5, 1980.

(2) The same for all grants, commitments etc. approved or committed from Nov. 5, 1980 on, until the end of the Carter Administration.

Both of the above should include verbal, letter, telephone and telegram etc commitments and arrangements as well as written. I believe these are called PARs.

Thank you

Spencer Rich

MEMORANDUM FOR: SENIOR STAFF

FROM: LAWRENCE E. WETHERFORD
Acting Deputy Assistant Secretary
for Employment and Training

SUBJECT: Further Information on the Current Freeze
on Contract and Obligation Actions

I would like to take this opportunity to provide you with the most recent information on the current freeze on contract and obligation actions.

First, ETA has received further clarification on the use of CETA funds to support on-going SESA and federal activities. The following SESA activities may be funded through March 31.

- (1) Labor Market Information
- (2) ES Youth Programs (i.e., Project Steady and ES Summer Youth Program)
- (3) Targeted Jobs Tax Credit
- (4) MET
- (5) Veterans' Targeted Technical Assistance Projects
- (6) DVOP
- (7) USVACs

Second, the following on-going federal management assistance and training activities may be funded through March 31:

- (1) National Office: All current contracts may be extended with partial funding through March 31. All new contracts must still receive individual approval.
- (2) Regional Office: Regional Offices may proceed with activities authorized under current MAT plans (both current and new contracts) However, no activity is to be funded beyond March 31 at this time.

Third, Regional Offices should continue to process CETA grant modifications which incorporate formula-allocated funds, that is, the January 31 modifications for Titles II, YETP, YCCIP and Title VII, and the February 28 modifications for Title VI.

However, Regional Offices should not actually obligate funds for CPS adjustments (Titles IIBC, II-D, YETP, YCCIP) or the \$54 million in Title II-D discretionary funds allocated by regular formula in the October allocations until these have been published in the Federal Register and the 30-day comment period has passed. Regional Offices may also extend displaced homemaker grants until March 31. No other actions should be processed (i.e., for other discretionary-funded projects) unless a project has received specific individual approval from the National Office.

Fourth, a list with the approved funding levels for projects originally approved in my January 30 memorandum is attached.

Fifth, a list of additional actions to continue on-going activities approved by the Secretary on February 6 is attached. Where the action approved differs from your original request, this is noted in the "Comments" action; Again, no new activities should occur under these exceptions.

National and Regional Administrators should take appropriate action (e.g., processing PARs, RFOPs, allotment advices, etc.) for all activities and projects listed above. No other actions should be processed at this time without specific approval.

We are continuing to work on developing general guidelines for future contract and obligation actions. I will keep you informed of progress in this area.

Once again, I would like to express my appreciation for the outstanding effort and cooperation by you and your staff in this difficult and time-consuming undertaking.

MEMORANDUM FOR: LAWRENCE E. WEATHERFORD
Acting Deputy Assistant Secretary
for Employment and Training
FROM: ETA QUALITY OF WORK LIFE COMMITTEE
SUBJECT: Continuation of Contract
with McKnight Associates

It is urgent that the QWL contract with McKnight Associates be renewed just as soon as possible. As you know, we are in the midst of several critical projects; such as the physical improvement of the Patrick Henry Building, the health hazard appraisal and multiphasic screening program, and the Flexitime experiment. The contractor is the key to these being accomplished.

The prior administrative approval to negotiate the new contract was forwarded by OPER on January 7, and Deputy Assistant Secretary Knapp approved it. The contract was prepared and was ready to be executed, but it was caught in your freeze order of January 21, 1981.

We would appreciate your immediate approval for OPER to proceed with processing this contract.

APPROVAL:

MEMORANDUM FOR: LAWRENCE E. WEATHERFORD
ACTING DEPUTY ASSISTANT SECRETARY FOR
EMPLOYMENT AND TRAINING

FROM: FRED E. ROMERO
DEPUTY ADMINISTRATOR
POLICY, EVALUATION AND RESEARCH

SUBJECT: Approval of request for new R&D project on "Targeted
Enterprise Development Policy and Demonstration
Initiative"

CONTRACTOR: Corporation for Enterprise Development

CETA TITLE: III, SNPA (OAM Allotment No. 81-14)

AMOUNT: \$152,020

APPROVALS: All necessary approvals have been signed and
received.

JUSTIFICATION: As a consequence of 1980 amendments to CETA Title VII, economic development linked with employment and training programs, the subject of this project, assumes a larger role in the operations of CETA. Yet there remain many questions about how best to approach this new program strategy, questions this project would help resolve through analytic processes. The project concept has a broad base of support. Cosponsors include such diverse groups as the National Governors Association, the League of Cities, the National Association of Manufacturers, the Heritage Foundation, Chemical Bank, and the United Auto Workers. The urgency for support of this project derives from the schedule for conduct of a planned national conference to be held in early March 1981. Some 65,000 brochures announcing the conference have been mailed. If this grant is not awarded in the near future, proposed grantee, who cannot incur costs prior to grant award, will have to interrupt conference planning, which could in turn lead to cancellation of the conference. The project has been in planning stages for many months, grantee had received encouragement from all levels of the Department prior to undertaking its own commitments, and all necessary procurement procedures had been carried out prior to onset of the funding freeze.

Please signify your approval of this grant by signing in the space provided and returning it to me.

SUBJECT: Action on Recent Requests for Exemptions
to the Freeze on Contract Actions

Attached for your information is the latest series of decisions by Mr. Angrisani on your requests for exemptions to the current freeze on contract actions. In cases where a current contract is extended to March 31, you should clearly explain to the recipient that ETA is not committed to any funds for activities after March 31; to the extent possible, you should also inform contractors which have already received exemptions of this as well.

Again, thanks for your cooperation in this effort.

At the National level, the EOPP MIS provides meaningful data on program levels and performance levels. At the local level, the MIS provides micro-data on participants, which is necessary for management. The EOPP MIS is now not functioning. This situation results in two severe adverse conditions. Under one hand, vital program information is not available to those who need it. In addition, the shut-down of the computer will have a serious impact on the ability of the sites to remain current in the processing of participant forms. Literally, thousands of forms will back-log at the sites. And, the longer it takes to get the MIS turned back on, the longer it will take to get rid of the backlog once the system is up and running.

MEMORANDUM FOR: ETA EXECUTIVE COUNCIL

FROM: WILLIAM J. KACVINSKY *WJK*
Acting Administrator
Office of National Programs

SUBJECT: Interim Procedures for Processing
Procurement Action Requests (PAR's)
that Release Funds from the ONP
Allotment

In order to avoid unnecessary confusion, Mr. Weatherford has agreed to temporarily suspend the usual procedures for processing Procurement Action Requests (PAR's) that require his signature. The new procedures are as follows:

- . Mr. Weatherford's signature is required on all PAR's that release funds from the following accounts:
 - (i) CETA Title III--SNPA
 - (ii) CETA Title IV Discretionary Funds
 - (iii) CETA Title III, Section 314--MAT
- . In the past, PAR's requesting release of these funds have been routed to ONP after signature by the appropriate Administrator and, from ONP, to the Office of the Deputy Assistant Secretary. Beginning immediately, however, these PAR's need not be routed to ONP before they are signed by Mr. Weatherford. Instead, they should be transmitted directly to Mr. Weatherford's office after being signed by the appropriate Administrator. After being signed by Mr. Weatherford, the PAR's will be transmitted promptly to the ONP Program Management Staff in PHB 6402 so that the approved action can be initiated.

If you have any questions concerning these new procedures, contact either Steve Puterbaugh in ONP (x66093) or Jersey Haracz in Mr. Weatherford's office (x62095).

MEMORANDUM FOR: MIKE VELA

FROM: STEVE PUTERbaugh

SUBJECT: Follow-up on CETA Title III/IV Steering
Committee Meeting of July 25, 1980

These are my notes and suggestions stemming from the committee's most recent meeting and our subsequent discussion:

Proposal No. 1 — City of Atlanta (\$154K): Approved for one year's funding in the amount of \$77K. OCED will take National Office responsibility, but the funds will be awarded by Region 4. I discussed the matter with Joe Coner and he agreed to contact Jim Riley to clarify Nik Edes' special instructions before turning Region 4 loose.

Proposal No. 2 — HOC Weatherization Demo (\$40K): Approved in full. Attached is a memo from Chuck asking OPER to handle the implementation of the project. I called Richard Marans with HOC and advised him that funding was approved and that OPER would be in touch with him soon to develop a grant or contract.

Proposal No. 3 — Positive Adjustment Assistance (\$1 million): Approved in full. You indicated that you would talk with Bob Kenyon concerning which office would be responsible for program implementation.

Proposal No. 4 — WETA (\$33K): Not approved, but the committee wanted to know when the funds would actually be needed. When I find out, I will let you know.

Proposal No. 5 — OIC Jobs for Youth (\$1.2 million): Approved deferred until implementation plan is furnished. ONP will handle.

Proposal No. 6 — Furniture Workers (\$-0-): Approval given to renew contract in an amount that is within the current set-aside. ONP will renew the contract for \$411K.

Proposal No. 7 — Baltimore Blueprint (\$75K): Approved in full. I have prepared memo for Chuck asking OPER to handle project implementation.

Proposal No. 8 — Railroad Interns (\$125K): Approved in full. I have prepared memo for Chuck asking OPER to handle project implementation.

Proposal No. 9 — Food and Commercial Workers (\$300K): Approved in full. ONP will handle program implementation when you send us the revised proposal.

Proposal No. 10 — AFSOME (\$381K): Approved in full. ONP will handle. I have asked Alegria to contact Jim Riley to get clarification of Nik Edes' special instructions.

Proposal No. 11 — Masters, Mates, and Pilots (\$50K): Disapproved as a planning grant. ONP, per the committee's instructions, will ask these folks to submit a full-fledged program proposal.

Trade Act (\$207K): Approved in full. I have notified UIS.

NUL Career Development (\$170K): Approved. I have prepared memo for Chuck asking OPER to handle program implementation.

CETA in the Arts/AFL-CIO (\$800K): To be resubmitted. You indicated that you would contact Rae Moore to convey the particulars.

The committee had no comments on the following two "between-meetings" changes to the plan:

Targeted Outreach (\$98K): These funds were transferred to ONP by CSA.

ONP MIS (\$60K): You approved release of these funds based on my recommendation that it would gum up the works if we attempted to entangle this with OYP's MIS needs.

Attached find Modification No. 10 to the plan. It includes a \$190K downward adjustment to Line M, reflecting the release of that amount by NCEUS.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ETA-OCED

DOLLAR AMOUNT REQUESTED: \$153,686

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be in support of a proposal received from the City of Atlanta. The City is proposing that the Department help finance a service center for day laborers. Federal funding is requested for a two-year period and would be supplemented in the amount of \$58,511 by the Georgia Department of Labor. The service center was established in 1975 and, in 1977, augmented using CETA Title VI resources. Because of a local ruling, Title VI resources were unavailable after late 1978.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Federal administration of the project will be the responsibility of the Atlanta regional office.

Approved by TTK. Cover to call Riley for "special instructions". Transfer to R4 ACIP.

Date Prepared: July 24, 1980

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: DASET

DOLLAR AMOUNT REQUESTED: \$40,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are requested in support of a proposal submitted by Housing Conservation Coordinators, Inc. (HCC), of New York City. The proposal discusses a project that will demonstrate the feasibility of developing jobs in the private sector weatherizing multiple dwellings in New York. HCC would conduct the project in the Clinton neighborhood in conjunction with planned weatherization activities.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

Approved. OPER/RD will handle. Call woman ASAP.

Date Prepared: July 23, 1980

CETA Title III Funding Proposal

1. Office Submitting Proposal: ETA/DAS
2. Dollar Amount Requested: \$1,000,000
3. Description of Project/Activity:

As part of the Department's proposal to OMB concerning FY 1982 resources for Positive Adjustment Assistance Demonstrations, DOL plans to begin some demonstrations in FY 1981 by reprogramming \$10 million from Title IID and VI into Title III. ETA is presently preparing the necessary appropriation request.

One such demonstration would involve identifying a community impacted by major auto layoffs, and providing training, job search assistance and relocation allowances to all eligible individuals, thus testing the degree of need for this assistance as felt by the effected workers.

ASPER and ETA believe that the Down River area in Wayne County, Michigan which already has a similar proposal, but of lesser magnitude, would be an appropriate site. DOL would only need to provide funds to expand the level of services and insure appropriate research and evaluation is included. It is anticipated that this particular demo would cost \$3 to \$4 million.

It is requested that \$1 million of FY 1980 Title III funds be made available on a loan basis until ETA receives the FY 1981 appropriation (sometime in October). This will allow immediate start-up of the demonstration project in Wayne County.

Approved. Mike will talk w/kyon to block out implementation.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$33,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are requested to augment ONP's National OJT contract with WETA. The funds would be used to add a component to WETA's Frederick Douglass Program for Aspiring Journalists that would allow the participants to prepare two "stories" each week throughout the ten-week period of their training. The \$33,000 is needed to pay for the costs of equipment and technicians.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

To be resubmitted when funds are needed.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$1,200,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are requested in support of the OIC Jobs for Youth Initiative which was Blessed by President Carter on June 9 at the Annual OIC Convention in Miami. Under this program, OIC will attempt to place 90,000 youth in private industry and 10,000 in the Federal Government over a two-year period. The \$1.2 million requested will finance the costs of recruiting, counseling, and following up on the 10,000 youth to be placed in Federal jobs. The total cost of the two-year initiative will be in the range of \$24 million.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

This project could be funded in whole or part from CETA Title IV discretionary resources.

Deferred.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: -0- (plus \$411,000 already in the plan)

DESCRIPTION OF PROJECT/ACTIVITY:

Funding is requested for the renewal of ONP's National OJT contract with the United Furniture Workers of America (UFWA). The amount requested in UFWA's proposal equates to a 7% COL increase above their current contract and is within the total amount set aside for them in the current funding plan. The proposal indicates that 300 persons will be trained -- 50% of whom will be minorities and 25% women.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

ok

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ASET

DOLLAR AMOUNT REQUESTED: \$125,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are requested as a DOL contribution to the Railroad Intern Program (RIP) conducted by the Federal Railway Administration (FRA). The program is designed to help minorities and women obtain managerial positions in the railroad industry. The DOL funds would be used for stipends to 39 participants while they are in the academic phase of the program.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: DASET

DOLLAR AMOUNT REQUESTED: \$300,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are requested in support of a proposal developed by the United Food and Commercial Workers International Union (UFCW) under which they would assist members victimized by store closings by (i) counseling them concerning placement and retraining opportunities available from local employment and training agencies and (ii) working with prime sponsors to arrange special services for these workers when it becomes known that their places of employment will be shut down. UFCW will coordinate their activities with HRDI.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

OSP will handle when proposal arrives.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$321,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds would be used for the renewal of ONP's contract with the American Federation of State, County, and Municipal Employees (AFSCME), which provides technical assistance to their member locals and to CETA prime sponsors aimed at resolving issues and problems concerning PSE programs. The amount requested is \$4,000 less than the amount of their current contract. The renewal of this contract was inadvertently omitted from the original funding plan.

CETA TITLE III FUNDING PROPOSAL

OFFICE SUBMITTING PROPOSAL: ONP-ETA

DOLLAR AMOUNT REQUESTED: \$50,000

DESCRIPTION OF PROJECT/ACTIVITY:

These funds are requested in support of a proposal from the International Organization of Masters, Mates, and Pilots (IOMMP), which is seeking funds to plan and develop a comprehensive program for recruiting, training, and placing disadvantaged young people in entry-level positions within various sectors of the Gulf Coast maritime industry. The culmination of the 6-month planning grant will be the preparation of a proposal to fund the program which is developed.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

This planning grant could be financed from CETA Title IV discretionary resources.

CETA TITLE III FUNDING PROPOSAL

1. OFFICE SUBMITTING PROPOSAL: ETA-UIS
2. DOLLAR AMOUNT REQUESTED: \$207,000
3. DESCRIPTION OF PROJECT/ACTIVITY:

Under the Trade Adjustment Assistance Program, weekly benefits, training, relocation allowances and job search assistance are authorized for workers dislocated due to International Trade Agreements. Weekly benefits, relocation allowances and job search assistance are entitlements by law. Training and relocation allowances have to date been funded via Title III funds. This has resulted in far less resources being made available than what is needed. In FY 1980 the total amount of funds made available was \$13.7 million. To date, all but \$78,000 has been obligated. Since training is not an entitlement, we can stop offering training and have done so since funds (except for the \$78,000) have run out. Requests, however, for relocation allowances must be granted by law.

We have just been informed by the Kansas City Regional Office that 238 dislocated Chrysler workers in Missouri have been offered employment with Chrysler in other areas of the country. These workers have applied for relocation allowances which are estimated at \$285,000. The Regional Office has previously obligated their TAA resources and nationally there is only \$78,000 available. This is a highly unusual situation considering the magnitude of the relocation request. In FY 1980 to date, relocation allowances nationwide has amounted to \$2.6 million.

It is requested that \$207,000 of Title III funds be made available in order to meet our obligation to provide relocation assistance. This will totally deplete funds for TAA relocation assistance and it may be necessary to make additional requests prior to the end of FY'80.
