THE WHITE HOUSE

WASHINGTON

September 16, 1974

MEMORANDUM FOR:

FERNANDO E.C. DeBACA

We need your personal assistance in improving the White House Staff participation in the U.S. Savings Bonds Program.

While participation is voluntary, of course, it is important for the White House to provide leadership in this program. We would like to bring our participation as close to 100% as possible. This is an excellent method to save automatically each pay period. In addition, Savings Bonds are a good personal investment as well as an investment in our government.

We would very much appreciate your completing and returning the bottom half of this memorandum.

Thank you very much.

Mike Farrell

Dear Ben:

Thank you for your thoughtful letter expressing your best wishes on my appointment as Special Assistant to the President.

Your support and encouragement will no doubt go far in helping me to meet the challenges of this new position. Please rest assured that much of my energy will be directed toward establishing and maintaining bilateral communications between our government and Spanish origin people throughout the nation.

This Administration is committed to serving the needs of all Americans, but in particular we are concerned about bringing all resources to bear on the special and unique problems afflicting Hispanic Americans. I refer, of course, to problems of inadequate housing, job training, health care, economic development, bilingual education, and a host of others.

To that end, we will be calling upon you in the days ahead to join us in effectively addressing the problems of Spanish speaking Americans. In turn, I sincerely hope you will look to this office for leadership and support when it is needed.

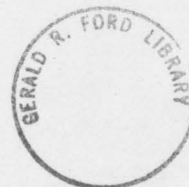

With kind regards, I remain,

Dear Mr. Roudebush:

Thank you for your thoughtful letter expressing your best wishes on my appointment as Special Assistant to the President.

Your support and encouragement will no doubt go far in helping me to meet the challenges of this new position. Please rest assured that much of my energy will be directed toward establishing and maintaining bilateral communications between our government and Spanish origin people throughout the nation.

This Administration is committed to serving the needs of all Americans, but in particular we are concerned about bringing all resources to bear on the special and unique problems afflicting Hispanic Americans. I refer, of course, to problems of inadequate housing, job training, health care, economic development, bilingual education, and a host of others.

To that end, we will be calling upon you in the days ahead to join us in effectively addressing the problems of Spanish speaking Americans. In turn, I sincerely hope you will look to this office for leadership and support when it is needed.

With kind regards, I remain,

Dear Fernando,

It was truly great having had an opportunity to meet with you --- I sincerely rejoice at our good fortune of having you in the position of Special Assistant to the President. I will be writing to you later, concerning the items we discussed.

I feel a certain sense of emergency regarding my Condominium Apt. at 7905 Dasset Ct., Apt. #301, Annandale, Virginia. My Condominium will have to be either sold or rented before November 1st, 1974. I prefer to sell --- I only ask for \$6,000.00 to cover a greater part of what I have already put into the Condominium. My current Mortgage is about \$28,000.00 (\$27,930.45). Note enclosed.

If you wish to rent the Condominium --- I would only ask for coverage of monthly Mortgage payment (\$267.00), monthly Assoc. fee (\$60.50 for up keep of Apt.) and Realty fee. The Realty fee can be disregarded (I prefer this) if you will assume monthly payments of both the Mortgage and Assoc. fee yourself.

Please let me know as soon as possible, if you are interested in the above.

En Cristo nuestro Señor,

Lupe

Dear Anne: Armstrong

It has been several months since you reached out to the West Coast to extend to me an opportunity never proffered to a person of Hispanic origin in the history of this country--that of becoming the first Special Assistant to a President of the United States.

It has also been several months since I thought about writing this letter to you to express my deepest personal gratitude for extending this singular honor and privilege to me.

These past few months have been interesting and challenging. They have been exciting and rewarding. But they have also been difficult and trying.

We miss you at the White House. The leadership and daily inspiration you gave us; the spirit of togetherness and teamwork you instilled in us--all are sorely missed. My greatest regret is that we did not have the opportunity to work more closely together prior to your departure from Washington.

I was sorry to have missed the dinner given in your honor in Dallas not long ago. I regret not having had the pleasure of attending your farewell party as well.

In any event, I wanted you to know that I will never forget what you did for me nor for the entire Spanish speaking population in this country. I want you to know

2.

that I proudly display your color portrait in my office as a tribute to your efforts on behalf of our people and, indeed, on behalf of all Americans.

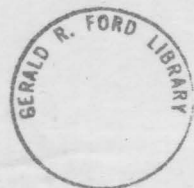

Mil gracias. If I can ever be of help anywhere, anytime, count on me. God's richest blessings upon you.

Dear Dean Gardner:

I understand that one of your faculty members, Roberto D. Segura, is being considered for early tenure and promotion.

I am writing this letter to share with you the high esteem which we hold for Roberto. He has been one of the most dynamic, dedicated and articulate advocates on behalf of the Spanish speaking Americans in this country. He has consistently and responsibly advocated for equal educational opportunities and quality education for all Americans.

He has served at the helm of the National Education Task Force de La Raza and as a special advisor to the U. S. Office of Education and the White House on bilingual education.

I would not hesitate to recommend Roberto Segura for a leadership position with your institution and would welcome the opportunity to provide additional oral or written testimony on his outstanding qualifications and achievements.

It was so good to hear from you after all these months. Judging from all the reports I've received you are doing extremely well in your new corporate capacity.

I am truly looking forward to returning to my home state of New Mexico and taking up the challenge as Executive Director of the Department of Health and Social Services. It will be tough to follow in Dick Heim's footsteps but with help from seasoned administrators like you and an occasional morale boost from Stu Clarke and Floyd Brandon, I should do reasonably well.

I will look forward to meeting your associate, Fulton Smith, on his next visit to Albuquerque. In the meantime, do stay in touch and best of luck to you.

Dear Fred:

Dick Heim was in town last week and I had lunch with him. At that time, he indicated that you had plans to return to the State of New Mexico as the Executive Director of New Mexico Health and Social Services Department.

I am well acquainted with some of the trials and tribulations which Dick has gone through inasmuch as my previous responsibilities gave me an opportunity to work with Dick. He is highly respected in his field.

The breadth of understanding which you will bring to this new assignment is indeed fortunate for the citizens of the State of New Mexico. Dealing with Stu Clark, not as a peer as you did in San Francisco but in the state/federal relationship, should be a very stimulating experience for both of you.

My associate, Fulton Smith, who heads the Sacramento office of Haskins & Sells, gets to Albuquerque from time to time. When he is next there, I've suggested that he should make your acquaintance. He is currently working with some of the members of the State Legislature on some technical information requirements that they have.

March 1, 1976

In addition, I would like to indicate to you what a fine gentleman Floyd Brandon is. He represents SRS in Dallas and is clearly one of the best SRS regional commissioners.

He should be able to be a lot of help to you on a continuing basis.

My very best wishes for your success. I would assume, perhaps presumptuously, that you have your eye on elective office in New Mexico.

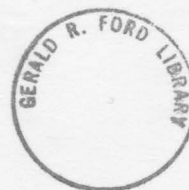

I am sending this letter to you at the White House inasmuch as Dick indicated that he thought you would be here until the first of March.

Please let me know if there's anything that I can do to be of assistance.

Yours very truly,

James S. Dwight, Jr.

Dear Carlos:

Thank you for your thoughtful letter expressing your best wishes on my appointment as Special Assistant to the President.

Your support and encouragement will no doubt go far in helping me to meet the challenges of this new position. Please rest assured that much of my energy will be directed toward establishing and maintaining bilateral communications between our government and Spanish origin people throughout the nation.

This Administration is committed to serving the needs of all Americans, but in particular we are concerned about bringing all resources to bear on the special and unique problems afflicting Hispanic Americans. I refer, of course, to problems of inadequate housing, job training, health care, economic development, bilingual education, and a host of others.

To that end, we will be calling upon you in the days ahead to join us in effectively addressing the problems of Spanish speaking Americans. In turn, I sincerely hope you will look to this office for leadership and support when it is needed.

With kind regards, I remain,

Muy atentamente,

Dear Chuck,

Since I was unable to be at the State Department on Wednesday, July 9, 1975 for your swearing-in ceremony, I want to now express my sincere congratulations on your appointment as Director of the Office of International Training in the Agency for International Development.

As Administrator Parker and Irene de Mars have probably told you, I was unavoidably detained at a National Press Club luncheon and didn't arrive until 2:20 PM, at which time you had already departed. I paid a courtesy call on the Administrator and Ms. de Mars, but missing you was a great disappointment for me.

In any event, I want you to know how proud I am of your appointment and how much I regret missing the swearing-in. You will be meeting many new challenges, of course, and I know you're looking forward to all of them, but please don't forget that I am here if I can assist in any way.

Best wishes and good luck on your new and important assignment.

Dear Mr. Green:

I want to take this opportunity to commend you and WRC Radio on your excellent community affairs program, LATIN CLOSE-UP, produced by Ms. Helse Russo.

Although I have not personally had the opportunity to tune in on LATIN CLOSE-UP over the past several weeks, I know that the Latin community in the District of Columbia has enjoyed this program for well over two years.

Hispanic Americans often depend upon such programs to relate better to their community. This is particularly true in areas such as Washington, D. C. where you find such a diversity of Spanish speaking people from throughout the world. Without programs like LATIN CLOSE-UP, Spanish speaking people are precluded or impaired in joining in on community-based activities and inhibited in their development as knowledgeable consumers.

I trust that you will continue to support LATIN CLOSE-UP and similar public service programs directed specifically at the nation's largest ethnic minority group.

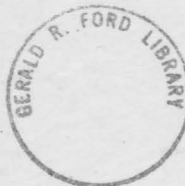

Sincerely,

Fernando E. C. De Baca

Thank you for everything! The time you devoted to me, the interesting tour of the Hispanic Community of Tampa and Ybor City, the opportunity to greet so many interesting people and talk with them. I believe it was a very productive visit in every way.

Of course, the evening at the Columbia, visiting your father once again, the superb cuisine and the marvelous entertainment--well, it will not soon be forgotten.

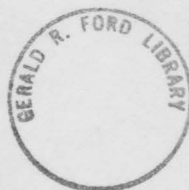

I look forward to seeing you in Washington one of these days and will contact you as soon as I've had the opportunity to look over the various prospects we discussed.

Here are some "action" shots of me that you were interested in having.

Enjoyed your letter and look forward to the forthcoming issues of LA LUZ de Denver and de Houston!

I'm getting ready now to take a plane for Phoenix and Cheyenne and will be back in the office on Monday. If we need to be in touch, I should be here until the latter part of August.

If I can come up with a good picture of the President and myself (the ones I have are framed), I'll get it off first of next week.

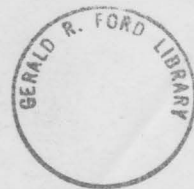

Thanks for everything.

Dear Gloria:

Of course I remember that we were classmates at Albuquerque High. And I'm so glad to hear from you.

Your observations about your children's school/learning experiences are indeed interesting to me. I have been meeting and working with people in the field of education who earnestly believe in the advantages of our children of bilingual education but many have expressed the concerns which you have raised.

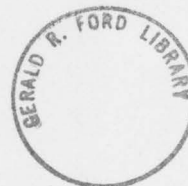

As you know, our educational system has been under fire from many directions for a long time now, and there's no indication that all problems will be solved anytime soon. But we try, each in his own way. In this office we are doing all we can to further opportunities for Spanish speaking Americans and at this time bilingual/bicultural education seems to be one of the more positive ways to do this. However, the concept of bilingual education itself needs to be reexamined in the light of the teaching practices you have mentioned. On that you can depend.

Best wishes to you and your family.

I truly regret the necessary postponement of our White House Hispanic evening event, especially in view of the amount of time and energy you expended in helping us to get the event off the ground. I can't begin to thank you enough for all of your help and encouragement. I truly appreciate it. In any event, I will let you know as soon as I am able to firmly schedule a date for an afternoon or evening event along the lines that we discussed.

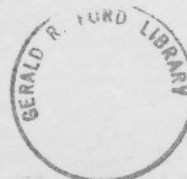

I don't plan to leave my present position at the White House until later this Spring or possibly as late as June. At any rate, I would be delighted to join you and your wife for dinner and the theatre on March 11. Let's plan on it!

I am leaving on a week long trip this evening but will call you immediately upon my return. Until then, take care and keep me posted on any novel ideas you come up with.

I am delighted to have the opportunity to write a letter of recommendation for admission to Georgetown University Law Center on behalf of Miss Judith Herrera of Santa Fe, New Mexico. *X

Judy is nearing completion of a successful four-year curriculum in journalism and political science at the University of New Mexico. In pursuing her undergraduate studies, her early determination to enter law school was reflected in her course selection and also in her work as the University newspaper's law school reporter.

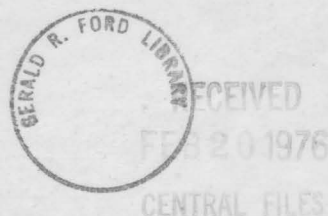

Judy is an exceptionally capable and bright young woman. She has maintained a fine scholastic record while working part-time and devoting much time and energy to worthwhile extracurricular activities.

There is a great need in this country for dedicated bilingual lawyers and I believe Judy has all the credentials to meet that challenge. Your thoughtful consideration of this exceptional young woman is greatly appreciated.

Dear Harry:

I understand from my secretary that you and Chuck Becker were by my office yesterday afternoon during your visit to the White House. I'm certainly sorry that I missed you. Chuck had told me you were planning to visit Washington, D. C. and I had asked him to make it a point to have you drop by my office prior to returning to Albuquerque.

At any rate, thank you for dropping by during your visit here. You have a top flight Washington representative in Chuck Becker.

If I can be of any help to you or to our hometown, please don't hesitate to call.

Kindest personal regards.

Yours sincerely,

Fernando E. C. De Baca

Dear Mr. King:

I was extremely pleased to hear that you have been involved in minority economic development for the past three years.

I understand that your efforts were crucial in licensing the first minority-controlled MESBIC in Texas. The leadership and resources you have provided to MACEP is an invaluable asset and I would like to congratulate you and your bank.

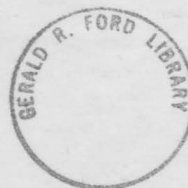

If I can be of service to your endeavors, feel free to call on me.

Sincerely,

Fernando E. C. De Baca
