Dear Mr. Voigt:

Thank you for your recent letter of invitation to the
11th International Conference of the United States and
Mexico Sister Cities in Mazatlan, Mexico on July 31-
August 3, 1974.

Unfortunately, due to a last minute change in my schedule
I was unable to attend the Conference. I am, of course,
very interested in the teacher exchange program currently
funded by the Office of Economic Opportunity and have
personally witnessed the successes of the program in
California.

Gene Gonzales, Regional Director of the Office of Economic
Opportunity in San Francisco has briefed me on the program
and we have already begun work to explore different
approaches for the funding of this important undertaking
through other sources. I will be working especially
close with Gene in the near future in my capacity as
Special Assistant to the President for Domestic Policy
(Hispanic Affairs).

I look forward to working with you in generating the
necessary enthusiasm at the Washington level to see
this program continue.

Sincerely,

Dear Mr. DeBaca:

The U.S. /Mexico Sister Cities Association is holding its 11th International Conference of the U.S. and Mexico Sister Cities in Mazatlan, Mexico, July 31-August 3, and we thought that you might be interested in attending this Conference. One of the major programs that the US/MSCA is currently engaged in involves a teacher exchange with Mexico under which we are bringing Mexican teachers to California to teach in the bilingual school programs here, and this will be a major subject of interest and discussion at the Conference. Our current program is a pilot effort funded by the OEO, but we are proposing a permanent program to be funded by the Department of Education in H E & W and we have been given considerable reason to hope that an H E & W grant will be approved for this purpose. In that event, your Department and you as the Regional Director would be involved in this program with us. It is for this reason that we thought you might be interested in attending our International Conference where you would be exposed to the details and progress of the program. We think it has been very successful, and has met with great acceptance and enthusiasm by school superintendents from the participating school districts and those in charge of the bilingual program in the State of California.

We are sorry that our funds ^{do} not allow us to invite you to our Conference as our guest, but we would be very pleased and honored if your Department could authorize your attendance.

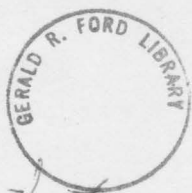

Enclosed are registration and reservation forms for the Conference and hope that you will be able to be there.

My dear friends:

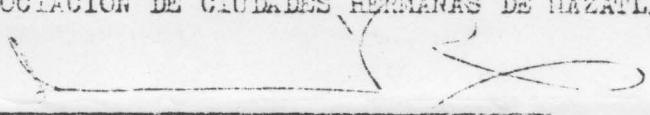

It is a great satisfaction for us to host the XI International Sister Cities Convention to be held July 31, and August 1-3, 1974.

We hope that the natural enchantments of our beaches and the radiant sunsets will be a proper frame to assure the success of our Convention.

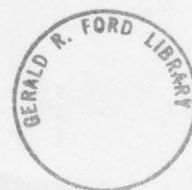

The spontaneous feeling of companionship of the human being toward his fellow kind in search of understanding and exchange of ideas has made possible again the realization of this event.

Mazatlan invites you to participate, we look forward to seeing you and your family.

SUBJECT: XI INTERNATIONAL CONFERENCE OF U.S. &
MEXICAN SISTER CITIES

The 11th Annual International Conference of U.S. and Mexican Sister Cities, scheduled in Mazatlan, Mexico, July 31 through August 3rd, will be the largest and (we hope) the best International Conference in our Association history.

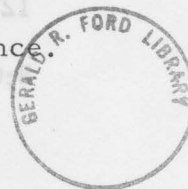

We know we will have the largest participation by Mexican representatives we have ever had and we hope that our U.S. turnout will be comparable.

As mayor or councilman in one of our Sister Cities, we hope that you will officially support your local sister city program by attending this conference. Your official participation is important to the success of the program, and we hope your Council, recognizing this fact, will authorize such attendance on the part of those members of the Council willing and able to take the time to attend.

All Sister City Chairmen who have not already done so should contact their individual members to confirm and assemble the delegation that will represent your local Association at the conference, and get your registration & reservation forms in as early as possible.

Enclosed (on reverse of this page and on attached pages) is a complete program schedule, registration-reservation forms for your use, and other information.

Dear Leslie:

Thank you for your warm letter of congratulations on my appointment to President Ford's White House staff.

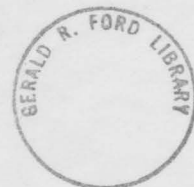

It has been such a pleasure working with you and the entire UBAC organization over the past three years. While I am looking forward to my new assignment in Washington, D. C., I will surely miss working with you and the many fine volunteers and dedicated staff members that have made the United Bay Area Crusade the dynamic vehicle that it is. UBAC has brought hope and help to so many of our less fortunate neighbors under your forceful and capable leadership.

My greatest regret in moving from the Bay area at this time is that I will miss the opportunity to work on the 1974 campaign. I know this year's campaign will be the biggest and the best in the history of United Way and I look forward to hearing of your successes.

May God bless you in every way. I look forward to visiting with you on your next trip to Washington.
